**A**FTER final deliberation and consideration of existing conditions it has been decided to close out the entire M. M. Bamford stock of Dry Goods, Men's and Women's Furnishings Quick for Cash. Mr. Bamford's health has made it absolutely necessary to "Get out of the Store" as it were. Circular letters that are being sent throughout the country fully explain the situation. Only 30 days are allotted for this gigantic task, which means that it will be necessary to sell goods very, very cheap. That of course is to be done. The quicker the better will suit all concerned. The prices quoted here are all to be in force while the stock lasts and should be taken advantage of as soon as the sale begins. There never was a time when little money got such results. The investment for future needs is even better than Government Bonds, the interest on your money far greater.

### For Men

Its the greatest opportunity yet offered to buy Underwear, Hosiery, Suspenders, Etc. at prices that compared with regular prices asked that will convince the most skeptical that this is the time to buy. Look for some of the mighty bargains quoted on this bill

## Sale Begins Thursday, Sept. 14, at 9 a. m
