The picnic held in Moffitt's grove last Sunday by the German Lutherans was a great success. It was for the Sunday school scholars. The day was perfect, and soon after twelve o'clock the people commenced to gather. At about two o'clock the program was rendered, which was a very good one indeed, and each participant did honor to their instructors as both songs and pieces were well given. After the exercises a few hours were spent in amusements for the children. The first was a sack race for the boys for which prizes were given Emil Burmeister got 1st prize, Henry Lueck second and Otto Paulson third. The running race for boys first prize, Albert Hoffert second prize and Bertha Bertram third prize. In the one leg race Max Gloe first prize, Virtus Gloe second prize and Millie Bertram third prize. The stork race was for the girls and consisted in a stake being driven in the ground and each girl was blind folded and had to place a stick in the ground as near the original stake as possible. It was very amusing both to those who took part, and who were looking on. Della Rose won first prize which was a fine pocket book, Minnie Burmeister second prize a nice breastpin, Mamie H. Bert third prize a pretty string of beads. Your correspondent didn't hear what the boys' prizes were as some of them would not open them to the public view. The amusements ended in a general tug of war, in which many participated besides the children and afforded much amusement for all. After this came the supper. A table was set and the children were treated to a bountiful repast, but the generosity of the planners was not confined to the members alone, but cake and sandwiches were served to every body on the ground irrespective of creed or politics and every one went away happy having spent a most enjoyable afternoon. The German Lutheran minister and his wife from Denison had charge of the program and general exercises.

**Sale of Pianos Returned From Rental**

This has been one of the greatest years ever known for people to rent pianos in Chicago. All classes of pianos have been in demand—the Steinway, Weber, Krakauer, Washburn, Sterling, Huntington and many other celebrated pianos have been used in large numbers. These rented pianos are now being returned in great quantities to the largest Chicago Music House, Lyon & Healy. Their position in the matter is this: These pianos can no longer be classed as new, they must be sold as second hand, no matter how little they may have been used by the persons renting them. Some of them, as a matter of fact, have merely been standing in a private parlor for six months or a year.

If you want one of these pianos or if you think you might be interested, why not drop a postal to Lyon & Healy for particulars? State about the kind of a piano you would like, and they will send you a list to look over. On every one of these pianos you are sure to make a large bonafide saving. Furthermore you may be certain that any one of these pianos will be exactly as represented, for Lyon & Healy particularly guarantees this fact. These pianos may be purchased for a small cash payment and easy monthly payments when desired. Write in the near future for the list to Lyon & Healy 10 Adams Street, Chicago.
