The Only Requisite for A Perfect Complexion

are your hands and a jar of

Pompeian Massage Cream

Soap takes the dirt off but not out—then the skin absorbs the soap. There is nothing in soap that is good for the tissues; if it remains, it becomes an impurity—nature is blocked.

Pompeian searches every impurity out of the skin—blackheads, grease, soap—all the dirt, and the massage builds the foundation—wrinkles and flabbiness must go.

Gentlemen use it in place of face powder. Gentlemen use it after shaving.

No Old Stock To Sell!

Most stores have old stock to sell--Snits, Coats and Overcoats that have been left on the dealers hands from other years. Some stores offer premiums to the clerk who will sell the old stuff to some unsuspecting customer.

One Advantage

in dealing with us is that our oldest article in stock has not been in our store two months. It is an absolute guarantee that you are getting nothing but brand new, late-styled, up-to-date goods when you buy from us. Our lines of Fall Suits, Overcoats and Furnishings are worthy of your inspection. We will be delighted to have you call.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your house and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by PH. A. SCHLUMBERGER.

CLIPPINGS

Pat Crow is actually in the lockup in Omaha. He says that he has no fears: "For God will take care of me." If Pat is correct the rest of us need not be so particular about keeping a summer suit in readiness.—Scranton Journal.

The Review and Bulletin at Denison and the Enterprise at Coon Rapids are to install Simplex typesetting machines, the kind used in The Advocate office. These publishers will find them a great assistance in setting a considerable amount of type each week. After an experience of three and a half years with a Simplex the Advocate would not want to try to keep house without one, unless we should intend to cut down the amount of our typesetting. Hand composition is preferable to twenty to twenty-five columns of matter a week. From that amount up to forty or fifty columns per week the Simplex is the best and cheapest means of setting type yet devised. For over fifty columns a linotype would probably be better than a Simplex. Denison and Coon Rapids are to be congratulated on the enterprise of their newspapers.

The kind things said about Senator Healy in connection with the governorship next year became so numerous that he was moved to tell a Sioux City Journal reporter that under no circumstances would he be a candidate. This was well known to many of his friends at the beginning of the discussion. Healy would make a fine governor but he has no taste for the situation some strenuous ones are trying to shape up for 1906.—Rockwell City Advocate.

The library board at Council Bluffs, which rejected Jacob A. Riis's "The Life of Theodore Roosevelt" because it was deemed a partisan biography, has bought for the library a volume entitled "Life and Times of Thomas Jefferson." It is not partisan, of course, for it is written by Thomas E. Watson and reflects the sentiments of a characteristic southerner. It is needless to add that a majority of the Council Bluffs board consists of Democrats and also that there are Democrats better suited to service in such a place.—The Sac Sun.

Miss Jessie McWilliams spent the Sabbath with friends in Denison.

W. E. Kahler was in Sioux City Sunday. The wind was blowing pretty lively from the south, and Mr. Kahler describes the dust in the city as something awful.

In one of the cleanest and most interesting foot ball games ever played in Denison, our high school boys met defeat at the hands of the heavy weights from Denison last Saturday on the College grid-iron the score being 10 to 0. Our boys while outweighted by 15 pounds per man, showed better team work and gave a fine exhibition of what grit can do against weight. Denison were not in physical condition as they had to call repeatedly for time in order that they might catch their breath while our boys called for time but once and that was when "Bob" was hurt. We attribute our defeat not to the decisions of the referee, nor that our best players were out of the game, but to the fact that we were unable to stop Denison's heavy line smashes. The features of the game were Denison's line bucking, Dow City's end runs, and Hart's superior work of catching punts and kicking goal.—Dow City Enterprise.

The two Denison papers—Review and Bulletin, bought each a Simplex typesetting machine the day following the Enterprise purchase. The Enterprise thought it was to have all the glory in this part of the state of owning such a machine but here comes along the Denison papers and compel us to share the honors with them. But we are glad to note their hustling qualities. However, Coon Rapids will have the distinction of being the

smallest town in the state possessing a typesetting machine—in other words, the biggest little town in Iowa.—Enterprise.

Senator Dolliver has the confidence of his home friends, those who know him, republicans and democrats alike, and in this The Post shares. It knows he is with the people in their demands, and if it believed for a moment that he was not it would be the first to offer criticism of his course.—Et. Dodge Post. (Dem)

Both the Denison papers, the Bulletin and Review, installed the Simplex typesetting machine in their offices last week. Setting type by hand is becoming too costly and will soon be a thing of the past. We congratulate our Denison brothers on their enterprise.—Boone County Democrat.

Shaw Van; Misses Mary Beard, Anna and Grace Schlumberger, Winifred and Alma Wright, Ella Harding and Irma Naeve; Messrs Roland and James Schlumberger and John Miller—Vail Observer.

Secretary Shaw is making vigorous campaign for the Virginia republicans. Shaw is a close reasoner, a deep thinker and has the faculty of so presenting a case that none can fail to comprehend him. Shaw may not win Virginia to republicanism, but he will set those fellows down there, thinking some. Good for Shaw.—Palo Alto Reporter.
