Mr. Clarence Erickson of the U. S. Navy remembered his friend, the Review, this week, with copies of two newspapers published at Hongkong, China. The papers are pro-British and not overly friendly to American interests, but they contain much of value in giving us the other side of some important questions. On another page we reprint a letter written by a Chinaman, giving the Chinese view of the boycott question and the treatment of the Chinese by this government. It is somewhat unique in its English and is well worth reading. Next week we shall publish a Hongkong editorial on the missionary question which we believe will be of interest to many.

The state railroad commissioners have filed their annual report with the governor and have taken a slight poke at the manner in which the several companies have been neglecting the branch lines throughout the state. That the lines are not kept up like the main lines, and that the accommodations for travelers are not as good in some instances as they ought to be. Perhaps some of the commissioners got stranded in Pochontas and wanted to get out at a time when the cannon ball fast mail was full of passengers and milk cans.—Pochontas Democrat.

WHAT'S DOING IN SOCIETY.

On Monday afternoon the Woman's Club had a charming addition to the program.

The years' study in Italy and just at present the club is lingering in Venice. Miss Bryce was in Venice last winter and she kindly consented to give a talk which she did in a very happy and informal way, bringing Venice nearer to her hearers than could be done by the second hand method of books, that no matter how good, fail to have the human touch.

Miss Bryce had a number of pictures of Venice that were very interesting, also. Three papers on Venice, all of much interest were read by Mesdames Nash, Pierce and Plimpton. Mrs. Martin sang most charmingly and responded to a hearty encore. Mrs. J. B. Romans gave one of her readings and captivated her hearers as usual.

At the close of their fine program, Mesdames Criswell and Young, who were the committee for the afternoon, served coffee and other light refreshments, including some of Mrs. Criswell's famous chopped nut doughnuts.

Mesdames Curtis and Smith of Chicago, Davis and Smith, of Ute, were among the out of town guests. The club had a number of invited guests to whom the afternoon in Venice was a great pleasure.

On Friday evening Mr. and Mrs. Scriver gave a dinner complimentary to Mrs. Curtis of Warsaw, Wis., and Mrs. Smith of Chicago, the daughters of Mrs. H. S. Gulick. The dinner, with such delightful hosts and guests could not but be a pleasant one, and both the dinner and visit were greatly enjoyed.

The library has again been remembered by its loving friends. Mrs. R. A. Romans presented the children's room with a telescope and a large number of views Mrs. Conner and Mr. C. C. Tabor have also given views. The children enjoy the pictures very much. Mrs. Chas. Voss has presented the 100¢ shelves with six German books and we are sure they will be read and enjoyed.

On Friday the whist club members had a very pleasant meeting with Mrs. Morgan, spending the evening in much enjoyment to which Mrs. Morgan's refreshments added not a little.

The S. S. C. will hold a business meeting Tuesday night at 7 p. m. sharp. As all members are urged to attend and discuss plans for a guest night, to celebrate the first birthday of the club.

The china sale of Miss Ada Sewell was a very creditable one to this charming and accomplished young artist. Miss Sewell's work is excellent and she shows much earnestness in improving herself by study. Miss Sewell's work always meets favoring sales and this year she has had a number of late orders that have kept her very busy. Miss Ada is one of our prettiest and best and we wish her all the success she so richly deserves.

Mrs. S. G. Wright has been at home to her friends all this week with her large and artistic stock of hand painted china. Mrs. Wright's reputation as an artist is so well established here and her work is so artistic that her following is large and enthusiastic. Mrs. Wright has a large class in West Side.
