The postmaster is in receipt of a letter from parties who wish to build a trolley line from Carroll to Denison. The matter will be brought up at the Commercial club tonight.

Mr. John A. Keller of New Castle, Neb., spent this week visiting "the old folks at home." He tells us that he is prospering finely and that his week's visit has been all too short.

"Peripatetic Goodness" will be the theme of the morning sermon at the Presbyterian church next Sunday. At night Rev. Bryce's theme will be "The Four Steps That Brought a Lost Boy Home."

For weather prophets Denison is certainly a winner. Two weeks ago a Denison lady foretold that we should have a heavy snow storm on the 13th. She said it always snowed when she entertained the club, unless it was in midsummer—and then it rained.

A Denison business man says, I had no idea your Tribune offer meant the regular daily Chicago Tribune. I got it into my head that it was the weekly edition. I have been paying \$4.00 a year for the Tribune and \$1.50 for the Review, so I am a clear \$2.00 winner by your offer.

Our friends in Deloit, Boyer and other towns to the north of us complain, that whereas they have many opportunities to get to Denison by rail during the day, there is no chance for them to transact any business and get home the same night. This is a condition which is injuring Denison's trade every day of the week and enough pressure should be brought to bear so that adequate train service can be had either on the Boyer Valley or the Central.

The two youthful burglars who were found in Congressman Conner's home a week ago Sunday are more desperate than they appeared to be. Last Saturday they tried to free themselves of their bonds. They secured a piece of an old stove and with this they pried off the window sash and cut a hole around underneath. After they had taken off the side sash they cut off the sash weights and this caused the upper window to fall breaking the glass, which attracted the attention of Deputy Sheriff Malony, who happened to be in the adjoining room. He rushed into the jail and disarmed the youths and from now on they will have to be content with the steel cage.

Penelope members showed what the club means to them and with what pleasure they look forward to a meeting with Mrs. Wygant by chartering a bus and going enmass despite the storm and snow. The drive was a jolly one, and the Penelope meeting delightful. Mrs. Wygant's refreshments were simply delicious and had all the dainties of the season prepared as they always are, by a master hand at Mrs. Wygant's. Candy hearts, valentines for favors, cupid napkins with heart-shaped cakes and cookies, carried out the St. Valentine time. The guests besides the club members were, Messames Garrison, S. Wheeler, Ferguson, Harding and Mrs. Allerding of Mt. Vernon, Ohio. A game was played, the answers being titles of books. Mrs. Maude McAhren captured the prize, a valentine.

Jesse Girard, formerly with the Green Bay Lumber Co. in Denison, is very ill with typhoid fever at his new home in Muscogee, Oklahoma. His mother Mrs. E. Girard, of Schleswig, left for his bedside last week.

"I get more good out of your paper than out of all the rest I take," was the compliment C. E. Fitz Simmons of Schleswig, was kind enough to pay us when he dropped in for a neighborly call on Wednesday.

The Queen Esther Circle will hold a sale of fancy things together with a flower sale the 24th of Feb. Notice of the place will be given later. The young ladies hope to make the sale a profitable one to their friends as well as themselves.

Quite unfortunately the editor has been confined to his bed by illness the greater part of this week. The effect may possibly be visible in this issue of the Review, if so, we would simply say that we have done the best we could under the circumstances.

The Review is pleased to announce the wedding, on February 1st, at the Methodist parsonage at Logan, Iowa, of Mr. C. G. Davis and Miss Martha Mortensen, both of this city. Both are well known to our young people. Mr. Davis is now at the head of Davis Brothers and the new concern has bright prospects for success. He is a bright, industrious young man, who has a host of friends. The bride is a most attractive and capable young lady. She has made her own way in life, bravely and well and she has many friends who wish her every happiness. The Review joins in hearty congratulation.

M. E. Jones went to Carroll on Monday when the Neslon case was argued before Judge Powers. The Judge's decision was that there was no evidence sufficient for him to reopen the matter and the order making Mr. Jones permanent guardian stands.

The Woodmen of the World are counting on a most glorious time next Saturday when they will meet for the first time in their fine new quarters in the Review building. They have a large class to initiate and the work of the evening will be followed by a banquet and a general good time for all.

M. L. Houlihan jr., has lost one of the finely matched team which he recently purchased. He attempted to break the horse to drive single but the animal commenced bucking like a broncho and kicking to beat "Maud." Finally it reared up, slipped and fell breaking its neck. The horse was a beauty and his death was a severe loss for our county recorder.

Mr. E. Hardy, one of Charter Oak's brightest and best boys, has been employed by Recorder Houlihan to assist in the office during the illness of his deputy, Mrs. Martyn. March 1st is the busy time in the recorder's office and Mr. Houlihan felt that it was in the public interest that he be sure of enough help to get the rush of work done quickly.

The members of Ute Tribe 1. O. R. M. to the number of about 30 enjoyed a pleasant "smoker" in their new lodge rooms in the Review building Tuesday evening of this week. Before the smoker proper, several new members were initiated in the mysteries of Redmanship. After the degree work was over with, refreshments were served, and the balance of the evening was enjoyed by all present in social games of cards, cribbage and checkers. The affair was a most pleasant one and thoroughly enjoyed by all present.

## A DELIGHTFUL RECEPTION.

Delightful among the week of gaities was the reception given Wednesday by Messames Sprecher, Jones and Baer. Crimson hearts were the colors used with brilliant effect in the decoration of the two homes. The receiving party was at the home of Mrs. Sprecher and cordially welcomed the many guests. After enjoying a chat with the trio of hostesses the guests were invited to the home of Mrs. Jones by Messames Ley and Laub for refreshments. There they found tables laid in the hall and dining room; the tables being most artistic in red and white carnations with the radiant decorations in crimson. Messames Kemming and Ferguson assisted in the dining rooms.

That nothing might be left undone that would add to the pleasure of the guests, music had been provided and the Misses Laub, Clark and Lally discoursed sweet music during the afternoon.

A delicious luncheon was served. The hospitality of the occasion was elegant in detail, and the spirit most enjoyable and among the guests the handsomest toilets did honor to the event.
