Miss Elsie Hadenfelt has been ill at the Gronau home, her friends hope that her illness will be of short duration.

The talk against Cummins for a third term goes a glimmering along-side of Carey's twenty-two years straight.

The democrats could not even let Juddie Bond run for assessor without opposition—But then Juddie will not mind that much.

What is the use of the men folks bothering, the real election was held last night when the Women's Federation elected officers.

Mr. N. Haworth was a business visitor at the county seat Saturday. Mr. Haworth is now settled in his home a few miles west of town.

Mayor Carey has called upon his friends so often that many of them are getting tired of it. It was the last straw that broke the camel's back.

Frank Paul seems to be the whole show with the First ward democrats. He was elected chairman of the caucus, then nominated for alderman, and then elected ward committeeman. It is only fair to Frank to add however, that he accepted the aldermanic nomination under protest and that he does not expect to be elected.

Mr. Jerome K. Kotas of Glidden, and Miss Blanche Shupitar of Denison, were married at the Methodist parsonage in this city on Wednesday, March 14th, Rev. T. E. Thureson officiating. The young couple will make their home in Sioux City. We are not acquainted with the groom, but the bride is the handsome and attractive daughter of Mr. M. Shupitar living near Denison. She has a wide circle of friends who will join in wishing the newly wedded pair every happiness.

It is a long lane that knows no turning—down.

Burch bobs up almost as perennially as Carey.

Mr. Tjark Luitjens returned this week from a California visit.

We hope the spring openings will have some influence with the weather bureau.

It was a packed caucus. Packed with good republicans from every ward in the city.

The Burch is a hardy tree. It is like the mud-turtle that did not know when it was "kilt" entirely."

Opening Next Week—Tuesday to Friday inclusive. Oakleaf coffee served free. The Balle-Brodersen Co.

Eggers and Timm weeped over the breast-works but Jones came the Carey act on them and they were nipped "in the bud"

Mr. Hilly Newman of Arion, was a Denison caller on Wednesday. He had his name placed on the Review list, saying that he thought that was one of the ways to start right in wedded life in Crawford.

Mr. Emil Wangler, living north of Kiron spent Tuesday in Denison and took occasion to add his name to the growing list of The Great and Only. Mr. Wangler is an experienced horse trainer and is kept busy with this class of work.

In the spelling contest for Denison township last Saturday the Denison school won second and third places. Fred Searl second and Frankie Paul third. The final county contest will be held at the college building Friday evening.

Mr. B. G. Lyman has returned to Denison, having decided not to accept the position offered him at Galesburg. He thought he would not like the work so well as the work here and the increase in salary he felt would not more than make up the difference in the cost of living. He returned to find Mrs. Lyman quite ill. We are glad that Burt is to remain in Denison.

The officers of the Women's Foreign missionary society of Denison, held a union meeting on Wednesday evening, March 14, and took action on raising funds for the relief of the famine sufferers in Japan and India. Ladies from the different societies will call on the citizens of Denison to solicit money for this cause. This good work is taken up in accord with President Roosevelt's recent appeal in behalf of Japan. It is not denominational but in the interest of suffering humanity and we hope there will be a liberal offering from the large hearted people of this community.

Mr. Lou Romans was a Ute, caller on Friday.

The Cash Buyers Union, one of the Chicago mail order houses, went bankrupt last week, leaving thousands of farmers who thought they were beating their home merchants to hold the bag.

The Stewart Lumber Co. has sold its lumber and implement business at Schleswig to the Nye Schneider Co. Mr. Scriver and Mr. Patterson were in Schleswig yesterday making an inventory of the stock.

Mr. C. J. Kemming tells us that he has not decided to allow the use of his name on the democratic ticket for treasurer. He was placed on the ticket without his consent or knowledge and in any event he will make no fight for the election.

"Hans" Thiem was fittingly honored by the republicans of the Third ward. Having just retired from active work he can give all the time required to the work of the city, and no man can question his honesty and fairness. His majority should not be less than one hundred.

W. C. Rollins is one of the few manufacturers of Denison. He is building up a business that is bringing new money into Denison. He is one of the most friendly and helpful men of the city. There is no doubt of his election in the true blue republican ward of the city.

Some brave democrat moved that there be no opposition to Juddie Bond, but the caucus would not listen to such a proposal. They were bound to have a straight ticket in the field and to draw party lines as hard and fast as possible. Well if they want it that way there is nothing for republicans to do but follow their example.

Mrs. John Woodruff entertained Penelope on Tuesday, anticipating St. Patrick's day in her refreshments that carried out the green and white most clearly. Mrs. U. G. Johnson and Mrs. A. B. Wood assisting Mrs. Woodruff in serving. Mrs. Aldering of Mt. Vernon, Ohio, was the out of town guest. The afternoon was marked by the pleasure that Penelope always means.

The Coffee club had a very delightful meeting with Mrs. J. B. Romans on Thursday. Pink and white carnations adorned the table which fairly groaned under the weight of good things. Misses Junia and Ione Romans assisted Mrs. Romans in serving.

Yes: We remember Barney Sibbert when he roomed over the McHenry bank and worked for 'steen dollars month. He has been growing every year since that time until he has developed into one of the leading business men of Denison. He is still a German of the Germans but he is an American of the Americans also. The man who has the brains and the determination to work his way up as B. J. Sibbert has ought not to make a bad man on the city council. The recognition of such men is an encouragement to every young man who is trying to make his way in the world. No man in Denison has given more of his time to others than has B. J. Sibbert. Nature has dowered him with a beautiful voice and great musical talent and he has used these gifts without money and without price on numberless occasions for the benefit and the comforting of Denison people. But it is not because he can sing that we would like to see him elected on the city council. It is because he is a straight-forward, up-to-date, wide-awake young business man who is absolutely incorruptible and who would look well to the interests of the city.

RECEIVED VERY SAD NEWS

Mrs. Ley and Mrs. C. J. Kemming Received Word of Brother's Death

Last evening Mrs. L. D. Ley and Mrs. C. J. Kemming received a telegram notifying them of the death of their brother, J. F. Davis at Ensworth Hospital, St. Joseph, Mo. Their mother, Mrs. Davis of Chariton, has been visiting her daughters and the three ladies left this morning for Chariton, where the funeral services will be held tomorrow. The news came as a great shock to them yesterday morning that his recovery was hopeless. He had been in the hospital since March 2nd, when an operation was performed. It was not thought to be of a serious nature and word came that he was convalescing rapidly, the first encouraging news coming on Tuesday last. Mr. Davis lived at Cameron, Mo. and was a man of about forty-five years of age. Together with his wife and child he visited Denison relatives during the last holiday season and was known to a number of Denison people. The grief stricken family have our sincere sympathy in their bereavement.

THE SCHOOL EXHIBIT

This year the regular at "home" given by the teachers will be changed in some respects. First, the work exhibited will be regular work as it comes to the teachers, mistakes and all. That is, the attempt will be to show the regular work of each class, rather than to show work that has been corrected until it is as nearly perfect as the pupil can make it. This plan will not produce so much fine work, but will give those who are interested a better idea of the real every day work of the pupils. In exhibiting the work, care will be taken not to unnecessarily embarrass the slow pupil.

Second, No special invitations will be issued, but all who are interested are invited to attend. Because there is no limit to the number who may attend, no refreshments will be served, and there will be no program rendered. The exact date and hours of the exhibit will be announced in these columns next week.

Mr. Morris McHenry who has been quite ill is reported as improving.

Mr. Arthur Green will move into Mrs. Hope's house Mr. Seely moving into the house he has just bought.

Why could not the democrats have been as courteous and as non-partisan this year as the republicans were two years ago? The republicans placed a good man in nomination and the democrats would have shown only a proper spirit had they endorsed him.

The City Federation of clubs held their annual election of officers on Wednesday night. Mrs. U. G. Johnson was elected president, Mrs. Wright re-elected treasurer, Miss Gulick secretary, and Mrs. Pierce corresponding secretary. On account of the large amount of business before the federation the program was limited to music. Miss Hazel Nash singing very sweetly a song well suited to her voice, while Miss Junia Romans also delighted all her hearers with her songs. Mrs. Romans has been an ideal president and the federation parted with her in deep regret. We believe the federation made a wise selection in Mrs. Johnson and that this year's work will be a profitable one. Mesdames King, Wagoner, C. A. Jones, Temple and Fellows were elected associate members of the federation.
