

# THE DENISON REVIEW

VOLUME 42.

DENISON, IOWA, THURSDAY, MAY 3, 1906.

NO. 18

Aldrich has curator  
Historical dept

## THE WORK IS STARTED

Articles of Incorporation Adopted by Stockholders.

## TWO COMPANIES FORMED.

Officers Elected for Denison Improvement Company and Denison Hospital Company.

Active work has commenced on the carrying out of Denison's three great projects. Two meetings of the stockholders in the hotel, opera house and hospital projects were held during the past week, and it has been finally decided that there shall be two companies, one capitalized at \$75,000.00 to be called the Denison Improvement Company and having for its objects the erection of a hotel, opera house and other enterprises, and the other to be known as the Denison Hospital Co., capitalized at \$15,000.00 and having for its object the erection of the hospital. At the meeting held on Monday night the articles of both companies were duly adopted and officers were elected as follows:

**Denison Improvement Company.**  
Directors—Chas. Tabor, C. F. Kuehnle, W. A. McHenry, Sears McHenry, L. M. Shaw, E. Gulick, J. P. Conner, J. B. Romanz, Geo. Naeve, L. Cornwell, C. L. Voss, C. C. Kemming, Ph. A. Schlumberger, J. F. Pfarr, Carl Gronau.

Pres. George Naeve, Vice Pres. E. Gulick; Treas., S. McHenry; Sec'y, C. L. Voss.

At a meeting of the directors held later the following building committee was appointed, E. Gulick, Chairman; Chas. Tabor, Carl Gronau, W. J. Scriber, Sears McHenry, Geo. Naeve, J. F. Glenn.

The committee has already advertised for plans and specifications for a hotel building to contain not less than forty guest rooms, and to be erected at a cost not to exceed \$28,000.00 exclusive of heat, plumbing and light.

**Denison Hospital Company.**  
This company was organized on the same evening and has for its officers and directors the following:

Directors—B. Brodersen, Chas. Bullock, Dr. Wm. Iseminger, Dr. E. E. Philbrook, R. A. Romanz, E. E. C. Lally, D. McMahon, U. G.

Johnson, John Rohwer  
It is expected a building committee will be appointed at once and that the work on the hospital will be immediately resumed. The soliciting committee reported that less than \$2,500 was lacking of the fifty thousand which it was proposed to raise and that there was no doubt but that this amount would be subscribed before the money was needed for the erection of the opera house next year.

The site of the old Wilson House has been purchased together with the lot occupied by Kott's paint shop, for a total cost of \$3700, and the actual work of building should be in progress by the middle of June. There will be no court house delay about this building and inside of a year the building should be ready for occupancy. The officers and directors chosen are men of affairs, capable of attending to the business of the companies most excellently. Denison has made a splendid start and there will be no let up in the work for a greater Denison. We would especially commend the selection of Mr. Geo. Naeve as President of the Improvement Co. and of E. Gulick as Chairman of the building committee, for both of these men are extremely capable and both have shown the greatest zeal and energy in carrying the project through to its present stage.

**TWO NEW TRAINS.**  
The Northwestern has added two new trains to its already fine train service. Number thirty is a new east bound local train leaving Denison at 9.30 a. m. It makes all stops and goes as far as Cedar Rapids which place it reaches about six p. m.

Number twenty-nine is a new west bound local that leaves Denison at 2.06 p. m. It makes all stops. There are also some minor changes in time in the old train service. No. 12 east-bound leaves at 10.06 a. m. or four minutes earlier than formerly. No. 3 west-bound now leaves at 1.13 p. m. It stops only at Logan and Missouri Valley. No. 5 the west bound train at night leaves Denison at 9.13, being about fifteen minutes ahead of its former leaving time. Remember the changes and you won't get left.

**COMING HOME.**  
Everyone will be delighted to hear that Miss Mattie Miles is coming home this summer. We understand she is only to make a visit and will return to South America.

## DETERMINED TO DIE

South Dakotan Makes Three Suicidal Attempts at Manilla

## WAS TEMPORARILY INSANE

Seeks Death Under Engine Wheels, by Drowning and by Cutting Head With an Ax.

On Wednesday afternoon W. G. Wilson a well dressed stranger who it was afterwards learned came from Procholdt, S. D. made three desperate attempts to end his own life. Though none of his efforts brought the desired result immediately, it is now thought that he cannot survive. The first attempt was made by a wild leap in front of a swiftly moving switch engine. For some reason the wheels failed to do him any injury, simply knocking him off the track unharmed. His actions when picked up were so sane that it was thought by all to have been an accident and aside from congratulating him on his narrow escape no particular attention was paid to him. It is said that he again tried to end his life by drowning in a shallow pond in a borrow pit along the Milwaukee right of way. For some cause he gave up this attempt. He then went to the wood pile just west of the depot and finding an ax inflicted three terrible gashes on his head, one cut penetrating the skull.

Mr. Ruby, proprietor of the depot hotel saw him just as he had completed his terrible deed and rushed to the rescue. He immediately cared for him but at this writing there seems to be no hope of his recovery.

From his appearance he was a man in good circumstances. He carried a good watch, wore a fine ring and was well dressed. On his person were found a bank book, showing credits, a check book, mileage, a trifle over \$10. in cash. In his vest pocket he carried a lady's brooch, a lady's ring and two children's rings. He also had a photograph of a lady and two children evidently his family. He belonged to the M. W. A. and carried a card showing that he was in good standing. The camp at his home was immediately wired and it is expected that friends will arrive today. He was in the real es-

tate business and a prominent citizen of the South Dakota town. What deep grief caused the temporary aberration which prompted the determined effort to commit suicide is unknown here. The physicians say that he cannot live.

## THE GREAT REPUBLICAN LEADER

The New York Press, in an editorial on Secretary Shaw's St. Louis speech, the morning after its delivery, said:

In his St. Louis speech before the Missouri League of Republican Clubs Secretary Shaw again demonstrates that among the official representatives of his party he is the staunchest advocate of Protection, and since this is the principle on which the American people flock to the standards of the party, he is in fact the foremost leader of what is the impersonal party as opposed to the personal party, where the voters for a brief time may follow a leader merely as an individual. But, as the Secretary of the Treasury says, for the permanent work of parties "political principles are everything; men are nothing."

We print the address of Mr. Shaw nearly in full, so that there is little need of additional comment here on the principles and policies which he sets forth with his usual clear logic and forceful conviction. We might suggest, however, what we have had occasion to say before, that when ephemeral "issues" have been blown away on the breath of swiftly-moving time and opportunists who have reared themselves on temporary structures to shout to the multitudes have been forgotten, Secretary Shaw, who is one adhered to the principles which make his party and one who championed them unflinchingly when others were chasing after strange gods, will remain a formidable figure among the great Republican leaders of the United States.

J. F. Wiley of Dow City was in Denison on Tuesday.

Mr. Ole J. Falk of Morris, Minn., came to Denison to-day to inspect the Luney Mills of which he has recently become the owner. Mr. Falk is a well-to-do farmer and he tells us that should he be able to dispose of his farm satisfactorily he may come to Denison and operate the mills with the help of Mr. Rule. Denison people would gladly welcome him to the ranks of our business men.

## FRED BUGGE DEAD

Old Time Resident Dies On Tuesday Of Heart Failure.

## FUNERAL SERVICES TODAY

Odd Fellows Have Charge Of Service. Cried Possessed Of Considerable Fortune.

Mr. Frederick Bugge died of heart failure at his rooms in the Beardsley House on Tuesday May 1st. He had been ill but a few days and his death was unexpected. His brothers of the Odd Fellow lodge, his friends and relatives gave him the best of care but to no avail. Funeral services were held to-day, Rev. A. W. Gauger officiating. The members of Sidonia lodge of Odd Fellows attended the service in a body and there were many friends to pay their tribute of respect to the industrious, kindly citizen who has left us.

Mr. Bugge was born in Prussia Germany on May 1st, 1843, being exactly sixty-three years of age at the time of his death. In early infancy an accident befell him which left him a cripple for life, a fact which deprived him of many of the joys of life, and made existence hard for him throughout all the years.

He came to America in 1874, living for ten years in Lyons, Iowa. He spent a year in Council Bluffs and came to Denison in May 1885. He was a tailor by trade and at first worked in the establishment of Mr. Goldheim. He was a quiet, unpretentious man, but a good citizen, a good friend and a most industrious and honest workman. He had no family ties and for many years he had been a familiar figure at the Beardsley House. Little by little he saved his earnings. He was not niggardly, but his wants and his pleasures were few, and gradually he accumulated a little fortune, estimated at about \$15,000.00. Many men would have been crushed by the handicap under which he labored, but he was able to maintain a cheerfulness of disposition and a kindness which leaves only pleasant memories for his friends. Mr. Bugge leaves a sister, Mrs. August Schultz who resides near Kiron and a brother, Mr. August Bugge of

Odebolt. For a number of years he had been in the employ of Mr. C. C. Kemming and all who had dealings with him speak in highest terms of his integrity and of his up-right soul. In some ways we can but rejoice that he has gone to that better world where there are no cripples, no ills and no misfortunes, but where all men stand alike in the light of God's countenance.

## MADE HIMSELF AT HOME

Theo. Pranschke Prepares to go to Bed in Tom Fitzpatrick's Kitchen. May be Insane

Early Sunday morning Tom Fitzpatrick was surprised to find a stranger disrobing and preparing to go to bed in his summer kitchen. Tom sent the man away and hastened to Denison to swear out a warrant for the man who was apparently insane. Mrs. Fitzpatrick kept guard and the man returned giving her a decided fright. He was soon taken in charge however and was brought before the insanity commission on Monday. He gave his name as Theo. Pranschke and said that he was a son of F. Pranschke of Charter Oak and that his brother Louis lived near Kenwood. He gave his home as Chicago and said that he was a cooper by trade but had been out of work for several months. He finally got desperate and had attempted to beat his way home. He said that he had not had food for several days. The commission was unable to decide as to his sanity and he was taken to the jail to be cared for until another hearing can be had on Saturday. It is hoped that with care and proper treatment he may soon be himself again.

## MEAGER RETURNS.

The Review must confess to its disappointment in the meager returns received from its announcement that it would receive and forward any contributions to the San Francisco fund. So far but \$5.00 has been received and this was sent by Mr. C. G. Larson of Charter Oak. The amount has been added to that already held by the First National Bank subject to draft from the Red Cross society. Mr. Larson at least has shown his good will and sympathy as hundreds of our readers could well afford to do. Are there no others who wish to contribute?

## Wizard Flour

is the only flour that always gives satisfaction.

Try a Sack

Fresh Lettuce, Celery, Onions, Asparagus, wax Beans, Strawberries and all other fresh vegetables in season.
