TO A BETTER WORLD

James Owens Passes Peacefully Away.

LIFE WAS AN OPEN BOOK.

After Years of Invalidism, Death Brings Happy Relief From Pain and Suffering.

The death of Mr. James Owens closes life's page upon one who had earned the respect, esteem and confidence of all who knew him. While for several years a sufferer, he was always patient and true and kindly and the home circle is indeed desolated.

The deceased was born in Roscommon county, Ireland, June 51, 1841 and passed peacefully and quietly to the life beyond May 22, 1906. Mr. Owens had been in poor health for some time; an attack of pneumonia brought the hour for which he yearned.

He came to America when a boy and worked on a farm near St. Johnsville, N. Y. In 1866 he married Miss Jane Reeves. Shortly afterwards he moved to Illinois where he farmed till 1877, when he came to Crawford county. In a short time he purchased the farm on which a most happy and beautiful home has been established. He leaves five daughters, viz. Agnes, Margaret, Kate, now Mrs. J. P. Hughes, Anna, Mrs. T. A. McGrin, and Jennie, Mrs. Oscar Fienhold, also three sons, viz. John Eugene, and James, the last departed this life, Nov. 15, 1903. Mr. Owens was a hard worker, sober, upright, and honest. His affection for wife and children was pure and true.

His was the home of confidence and contentment; the abiding place of all the domestic virtues.

He was a devout member of the Catholic Church. His faith was implicit and sublime. Death to him, was a gateway to an eternity of happiness.

Though he is gone, he leaves behind pleasant memories and the record of a life, the study of which can not fail to make those who remain, a wiser and more faithful people. The funeral services were held at St. Rose of Lima's Church this morning, Rev. Father M. J. Farrelly officiating

and were attended by a largenumber of the friends of this upright pioneer citizen.

NURSING A SPRAINED ANKLE.

T. J. Kelly the Veteran Ball Player is Severely Injured at Clarinda.

T. J. Kelly is back from Clarinda nursing a badly sprained ankle. The accident occurred during a game of ball between Clarinda and Blanchard. Tom was playing at his old stand on 2nd base and in a mix up with a base runner he was accidentally hurt. He is now about on crutches but it will be some time before he can use his foot again. Tom bears numerous scars to attest his love for the national game but he does not talk as if the accident had cooled his ardor for the sport. Clarinda has a crack team of which Mr. Kelly was one of the star players. They have been defeated but once this season and that was in the game with Blanchard after Mr. Kelly was injured.

The Thos. A. Edison Exhibition Company by special arrangement will appear at the Denison Opera House for one night Saturday May 26th and present the Edison moving pictures, production of the terrible San Francisco disaster. This production comes direct from the Edison factories and is guaranteed the the original and bona fide pictures of that awful catastrophe. Mr. Edison by chance had a choice of operators in San Francisco at the time of the disastrous earthquake and for the edification of the public will present on the above named date a complete evening's entertainment, comprising many electrical demonstrations never seen before in the western states. A survivor of the earthquake will be present and lecture as the pictures progress.

Last Thursday the Coterie club had a very delightful meeting with Mrs. Dr. Robinson. The club babies were out in full force and it would be difficult to find a sweeter, more attractive lot of children than this club can boast. Mrs. Robinson served a very nice two course supper. A number of invited guests enjoyed the meeting with the club.

The Misses Selander leave next week for an extended visit in Sweden. We trust they will have a fortunate voyage and the most pleasant possible time.

A DEATH MOST SAD.

Mrs. George Lass Dies After Giving Birth to Twins.

HUSBAND IN WYOMING.

Sixty-five Miles From Railroad. No Word Has Reached Him. Time of Funeral Has Not Been Fixed.

One of the most pitiful tragedies of life and death that it has been our duty to chronicle for many a day is the death of Mrs. George J. Lass. On Tuesday of last week Mrs. Lass gave birth to twins, the brightest, prettiest of twins, a boy and a girl. Today the mother lies cold in death while the life of the little boy is almost despaired of. Death did not result directly from child-birth but from a large tumor and a dropsical condition. She seemed to be recovering from the shock of motherhood but during the week she grew worse and death came on Wednesday morning.

Mr. Lass went about a month ago to establish himself in business in Wyoming. When last heard from he was in Basin, Wyoming and so far no answer has come to the telegram telling him of the death of his wife. Mr. John Lass is at Lake Okeboji with Mr. Gulick and up to this time friends have been unable to communicate with him.

The address of Mrs. Lass' parents is unknown, as is also that of her sister, who is thought to reside in Omaha. For these reasons no time has been set for the funeral other than that it will take place either on Sunday or Monday. Mrs. Lass approached the trials of motherhood bravely. She wished to accompany her husband to Wyoming, but the long stage drive of sixty five miles made that impossible. She therefore determined to remain in Denison while her husband went out to establish the little home that was to be theirs. Of the twins the little girl is doing nicely, but the motherless little lad hardly promises to overcome the first difficulties of life.

Owing to the circumstances it is impossible for us to give any details of Mrs. Lass' life. She had lived in Denison a number of years at the

home of Mr. Chas. Tabor and was noted as one of the most expert of cooks. She was a faithful, valiant little woman. She was married to Mr. Lass early last fall and had proved herself a helpful, loving wife. She was about thirty four years of age, and previously to coming here had lived in Harlan.

We can but express our sincere and heartfelt sympathy for the young life so sadly ended, for the motherless babes, for the heart-broken husband and for the parents who know not yet of their loved one's death.

ACCUSED OF WIFE BEATING.

Eli Korn Arrested on Complaint of His Wife. Trial Set For Tuesday.

Mrs. Eli Korn has filed an information against her husband charging him with assault and battery. She has numerous bruises and cuts to show and evidently she was pretty badly used. Korn was arrested but asked a continuance and he is out under \$200. bond, with trial set for next Tuesday before Mayor Carey. We understand that Korn does not deny the assault but claims it was justified by his wife's conduct. The whole thing appears to be a badly mixed up mess which will probably be fully aired in the police and divorce courts.

A FINE GAME.

Saturday afternoon at the college ball grounds the finest game of base ball of the season was played between the Denison High School and the Manilla High School. The game at the end of the ninth inning stood 3 to 3. Two more innings were played to decide the game but the first of the last inning Manilla succeeded in landing a score that the Denison boys could not, giving the victory to Manilla. Frank Lally pitched for Denison and pitched a fine game. Frank is a good thrower and has some curves which are hard to hit. Mr. Naeve pitched six innings for Manilla when Grimes took his place. Grimes has a great deal of speed but not many curves. These teams are evenly matched and it would be well if a game could be arranged between them to play here on the 4th of July.

Mrs. H. F. Schwartz and son leave immediately after the close of the school year for a summer in Montana.

ROBBED HIS PANTS.

Joe Christensen is the Victim of a Burglar.

ABOUT FORTY DOLLARS TAKEN

Daring Robbery Was Committed Saturday Night. No Clue to the Wrong-doer.

On Saturday night a burglar effected an entrance to Joe Christensen's house, by removing a screen window in the dining room. The thief evidently knew what he was looking for as he disturbed nothing about the place but Joe's trousers which were hanging over a chair. A bill book was taken and also the change in his pocket, amounting in all to a little less than \$40. The bill book together with some lodge receipts and papers were found in an adjoining yard in the morning. Mrs. Christensen heard the burglar but thought it was her husband raising the window. No clue has been found, but the circumstances lead to the belief that the crime was committed by home talent. Mr. Christensen worked until nearly midnight in his barber shop. It being Saturday night he carried a larger amount than usual. It is thought that knowing this the thief followed him home, watched him through the window and thus knew the exact location of his money and wearing apparel. It is no joke to wake up \$40. minus in the morning, but Joe takes it philosophically and says he will spend his money quicker hereafter. It is to be hoped that the thief will yet be discovered and punished.

Ben Smith is the owner of a freak of nature in the shape of a week old calf that is but sixteen inches high. The little dwarf is as lively as can be and gives promise of growing to be as big as his mamma, in spite of his bad start. Dr. Simpson and A. F. Boylan went out to Mr. Smith's place and secured some fine snap shots of the midget.

Gus Anderson one of Kiron's prosperous farmers paid Denison a visit on Tuesday. He was on his way to Omaha to buy a car load of feeders.
