

IS A SPLENDID CANDIDATE

L. A. Carnahan of Manilla is Finely Equipped for Superintendents Office.

The republicans build even better than they knew when they placed L. A. Carnahan of Manilla in nomination for County Superintendent. The people of Manilla are enthusiastically for him and he will poll a large vote there from both parties.

L. A. Carnahan, Republican candidate for County Superintendent, is a native of Illinois. He moved with his parents to Nebraska, where he received the early part of his education in the Cambridge high school.

Mr. Carnahan is a graduate of the Fremont Normal of Fremont, Nebr., where upon completion of his work, he received the degree of B. S.

Later he entered the Nebraska State Normal at Peru, completing the Latin course and receiving a state life certificate from that institution.

Mr. Carnahan has had experience in every department of school work, having taught both in rural and city schools.

He has had supervision of schools at Edgar, Springfield, Bartley and Riverton, Neb. Also served as Superintendent of Red Willow county.

His success as Principal and Superintendent of city schools has been acknowledged by patrons, boards of education, and educators under whose observation his work has come.

While his experience in school work has been in Nebraska, he is thoroughly acquainted with the school system of this state.

Mr. Carnahan moved to Manilla, Iowa about two years ago, during which time he has been engaged in grocery, fruit and confectionery business.

Only last year he supplied for the Manilla superintendent who was ill, and his four months work, under difficult circumstances, served to impress the people of Manilla with his ability as a teacher and his high character as a man and a citizen.

Manager Klinker broke the record by giving Denison two good shows within a week. The Tillie Olson show was satisfactory and The Merry Tramps proved a winner.

There will be a meeting of subscribers to the cemetery fund, at the City Hall, Tuesday evening Sept., 18th at eight o'clock, to form a cemetery association. By order of Committee.

Mrs. H. H. Klinker expects soon to join her husband who is now employed at Boise Idaho. She will leave some time during the coming week.

We hope that they may be both happy and successful in their new home.

C. L. Voss returned the first of the week from New Mexico. Her reports travel in the south-west something fierce. Fifteen thousand passengers went through the gates of Kansas City depot one day last week and all trains crowded to suffocation, there being no evident attempt on the part of the railroads to provide extra equipment.

While we are in the regulation business Mr. Voss thinks the passenger service would be a good thing to tackle.

Hon. Carl F. Kuehnle left this afternoon for Galesburg, Ill. where he will deliver the principal address before a bankers convention. Mr. Kuehnle is much in demand for such occasions and has earned a reputation as an orator and a thinker.

Mrs. Georgia Wade McClellan has been elected president of the W. C. T. U. of Iowa, vice Mrs. Miller deceased. Mrs. McClellan has held this important office several times before and it was only at her urgent request that she was allowed to relinquish the office when she did. Mrs. McClellan is justly recognized as one of the best organizers and business women in Iowa. She stands to-day as one of Iowa's most prominent women and we congratulate the ladies upon having selected her as their President.

Hon. Charles Grilk who is to present the republican side at the Schleswig fair on September 20th, is one of the rising young German-Americans of Davenport. His speech as chairman of the congressional convention of his district was received as an eloquent and masterly presentation of republican principles. This speech is not under the auspices of the republican county committee but is to be given by the citizens of Schleswig as a part of their fair program. We can assure everyone of a fine speech and one that will be well worth hearing.

ONE A WEEK, SAYS TEMPLE. Born on Thursday, September 13th to Mr. and Mrs. J. A. Ott of Marshalltown, a son. The youngster was an eight pounder and is just a week younger than his cousin Master Lockard. Grandfather Temple thinks that if he can just keep up his average he will be a world beater. Many Denison people will extend their hearty congratulations to Mr. and Mrs. Ott.

A CHARMING MUSICAL. The musical given at the Gulick home last evening under the auspices of the Queen Esther Circle was a particularly delightful event. All the participants appeared at their best. Readings by Mrs. J. B. Romans were especially enjoyed. Light refreshments were served and the society netted a neat little sum.

A bath cleanses the skin and rides the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside of the body be cleansed, but occasional use of a laxative cathartic opens the bowels and clears the system of effete matter. Best for this are DeWitt's Little Early Raisers. Pleasant little pills that do not gripe or sicken. Sold by LAM-BORN DRUG CO.

QUICK LAW IN CHARTER OAK.

Those who have been flattering themselves that mob law was no more in Iowa should have been in Charter Oak Tuesday and seen Fred Kellar invited to quit the bailiwick in haste.

Kellar came home from Sioux City Saturday evening to force his wife to divide the family and furniture with him. He wanted to take part of the children to Sioux City with him, but the children and their mother objected. The matter was not settled until Tuesday when the citizens interfered.

Kellar has had the ill will of the community for some time for the way he has treated his family, and the thing came to a sudden head when he sold the bedding from them Tuesday. The woman of the house objected to the deal and the matter was thrashed over and over during the day. About four o'clock when Fred would neither give back the money or do anything else and the goods sold were being taken from the house, a gathering of men formed like unto the gatherings they call mobs in some places, and they carried the articles back into the house. Then they demanded Mr. Kellar, but he wisely requested a quiet retreat where the turmoil of life would not disturb him. There was a difference of some dollars between him and the customer and this the boys chipped in and paid. Then they made their demands for Mr. Kellar very urgent. He came out to see them. There were men helping him along and one of them carried a rail. Then Marshal Leeper appeared on the scene and stopped the disturbance. He bade the crowd disperse and gave Mr. Kellar only a short time to get out of town. The advice was taken and the town will know Mr. Keller no more forever.

The family is thoroughly competent to care for themselves now that he is out of the way, or if they are not there will be some provision made for them. He has not supported them for many years.—The Charter Oak Times.

Visions of the Orient

with its mysteries and magnificence are vividly pictured in the second act of "Little Outcast" where for the first time in any production a correct view of a typical Chinese restaurant is given. It is a replica of the world famous one on Pell Street, New York's Chinatown, and its beauty is accentuated by the brilliant evening costumes of a party of society leaders who are out slumming after the theatre. One of the most fascinating scenes ever presented is pictured here. The gorgeous hangings with gold embroidered dragons, and strange birds, the rich oriental coloring and half concealed alcoves for the use of the opium smokers are accurate representations and furnishes a superb setting for some very good acting. At Opera House Monday September 17th. Prices 25-35-50 cents.
