

# THE DENISON REVIEW

VOLUME 42

DENISON, IOWA, THURSDAY, SEPTEMBER 20, 1906.

No. 38

## KILLED BY THE CARS

### John W. Erlewine Run Down Near Arion

## HIS BODY BADLY MANGLED

### Stepped Out of Way of Freight Only to Be Killed by Passenger

John W. Erlewine a brick mason was killed by the North-western passenger train No. 1. on Monday morning, while he was walking the track between Denison and Arion. The accident happened about seven o'clock in the morning. Erlewine was walking west on the south side of the west bound track. A freight train was coming from the west and he made some motion as if to wave his hand and then stepped directly in front of No. 1. which was going at the rate of 45 miles an hour. The engine beam struck him and when the train was stopped the remains were found along side the baggage car.

At the inquest the engineer on No. 1. testified that he saw the man but as he was out of his way he paid no attention to him. As the freight came on the engineer testified that the man waved his hand and stepped nearer the west bound track. Thereupon the engineer whistled and threw on the air. He was not sure then that he would hit the man but did all he could to prevent an accident.

The train stopped at once and the body was turned over to the freight crew who brought it to Denison.

The inquest was held before Acting Coroner George Richardson. A. G. Myers, Henry Kolls and S. McCullough acting as jurors. After hearing the testimony of the engineer, T. S. Herron, the fireman, C. O. Johnson and of Carl A. Ruback who worked with Erlewine in Denison as a brick mason, the jury brought in a verdict of accidental death and that no crime had been committed. There was no evidence but that the victim was in a sober condition although it is stated that he had been drinking more or less during the week.

He was a young man and a good workman and had been employed in Denison for a number of days. He was evidently walking to Arion in-

tending to make his way to his home near Mapleton.

The brick masons of Denison generously subscribed to a fund for his proper burial and the body was shipped to Mapleton, in care of his brother, for interment. The tragedy of a life so quickly ended is a fearful one, and moves to pity no matter what the walk in life of the victim. The danger of walking along the right of way, especially on a double track road is again emphasized, but experience shows that every year must have its victim.

## START FOR THEIR VACATION.

Mr. and Mrs. C. Green left this week for their annual outing at Lake Okoboji. Although rather late in the season they find this a delightful time for fishing and hunting. They take with them as their guests Mr. and Mrs. Fred Marshall and Mr. P. C. Marshall, all of whom we know will have a delightful outing.

## A FAMILY REUNION.

The Saul boys went through from Guthrie, Wyoming last week with a train load of cattle from their ranch in the west and they stopped in Denison on their return. Lawyer Saul came down from Carroll and the boys are enjoying a good time visiting their parents and looking over the new Denison. The boys are enthusiastic about Wyoming and say they have never had a poor season or a failure.

## WHY NOT A REVIVAL?

We believe there is room in Denison for more genuine Christians and that there is a good opportunity right here for a sweeping revival. There are many sensational revivalists whose effects are but temporary and whose usefulness is doubtful. Rev. MacGeorge who is now conducting services at the Baptist church has proved to be a strong, earnest and convincing speaker and is doing good work, why would it not be a good idea for our evangelical churches to unite, engage the opera house for his meetings and use all the Christian influence of the city to bring about a great revival of Christian sentiment in Denison. To our mind whether one is a Baptist or a Methodist or a Presbyterian is of minor importance, if he be a Christian and lead a Christian life. Certainly there is room right here in Denison for a lot of good Missionary work.

## CEMETERY ASSOCIATION MET

### Committee Appointed. Articles of Incorporation to be adopted and Officers Elected on Friday.

The stock holders in the proposed cemetery association met at the City Hall on Tuesday night, Mrs. Lottie D. Ley called the meeting to order and Mr. Geo. Naevae was elected chairman and F. W. Meyers secretary. A committee of three, consisting of Hon. J. P. Conner, C. L. Voss and Mrs. R. A. Romans, was appointed to prepare articles of incorporation to be presented at a meeting to be held on Friday evening in the club rooms of the Carnegie library. This meeting will be of great importance as not only will the name, scope and objects of the association be then decided but the officers will be elected. Everyone of the 170 stock holders should be present at this meeting and prompt attendance is also urged as there is much work to be done. The purchase fund has been raised and it is now up to the people to see to it that public ownership is made effective and that results are accomplished.

## A GRAND OPENING.

Never has the Balle-Brodersen store looked handsomer than it does today. No pains has been spared in the decoration of windows and of salesrooms and the rich new goods make a dazzling display, especially in the evening is the store a perfect shoppers paradise. As usual the free coffee department is being rushed to its fullest capacity and all day long the store is filled with shoppers and merry sight-seers. There is no store like the Balle-Brodersen store in all western Iowa and this week it is a fairland. If you have not been in do not neglect the opportunity on Friday and Saturday.

## REVIEW ENTERPRISE.

This week the Review had a flash light picture taken of the first trial jury to sit in the new court house. The photograph is said to be an excellent one and the engraving made from it will be ready for publication next week. The Review is easily the leader in providing its readers with illustrations as well as with good reading matter.

## FOR COUNTY SUPERINTENDENT.

N. A. CARNAHAN, of Manilla.

Unfortunately this portrait did not reach us in time for our last issue. Mr. Carnahan has a splendid record as an educator and a practical business man. Manilla is unanimous in his support. Take a good look at him and be prepared to extend the glad hand when he calls during the campaign.

## THE GILBREATHS ARE GOING

### Old Time Residents About to Move to Oregon

Mrs. Wm. Gilbreath has returned from the west and tells us that the family have decided to make Oregon their future home. Mrs. Gilbreath will attend to the shipping of the household goods and the family will move as soon as possible. Will remain in Portland where he has already found good employment. This excellent family has lived in Denison for more than a quarter of a century and we are heartily sorry to see them go. They will be missed in many ways. We can wish them no better than they may soon have as many friends in the new home as they leave in the old. Wherever they go may good fortune and happiness attend them.

## MILLINERY OPENING.

Special display of hats Sept. 21, and 23. Be sure you see it. Sarachon Sisters.

## THURESSON RETURNS

### Local Methodists Rejoice at Conference Action.

## ILGEN FRITZ MADE AN ELDER

### Marl Gable Assigned at Defiance Other Appointments of Interest to Methodists.

Local Methodists are rejoiced at the action of the Des Moines conference in returning Rev. T. E. Thuresson to Denison for another year. It was the unanimous wish of the church that he be returned, but other and larger churches wanted him and it was feared that he would be sent to a still better field. During the year of his pastorate Rev. Thuresson has greatly endeared himself not only to his church members but to the general public. His sermons are most effective and eloquent and as a citizen he is beyond reproach. During the past few months his health has not been good and in fact he returns from the conference, where he had the honor of preaching the annual missionary sermon, quite a seriously sick man. We think our Methodist friends could in no way show their appreciation to better advantage than by granting him a leave of absence so that he may be relieved of all work and worry until he fully regains his health and vigor.

Among the other appointments made by the conference which will be of interest to Crawford county people we note the following.

Rev. E. Igen Fritz has been made a presiding elder at the Ames district succeeding Elder W. T. Smith who has retired.

Dr. Emory Miller will remain at Asbury Park church Des Moines, Dr. Houghtelen returns to Panora, H. H. Baron will be at Scranton, E. M. Hoff at Clearfield, J. H. Freedline at Gravity, M. A. Gable at Defiance.

A. L. Curtis at Dow City, O. F. Shaw at Dunlap, M. M. Cable at Manilla, A. Thornbrue at Mitchellville and Fred Harris at Norwalk.

Wanted a competent girl for general housework. Inquire of Mrs. U. G. Johnson. 37-1f

## JUDGE CONNER WILL SPEAK

### Republican Meetings Will Be Held in County Next Week.

Hon. J. P. Conner and Hon. S. A. Nelson of Humbolt will address the voters of the county next week as follows:

Kiron—Thursday, Sept. 27th.  
Buck Grove—Friday, Sept. 28th.  
Mr. Nelson has spoken in this county before and has already earned a reputation as an eloquent and forceful orator.

Judge Conner will tell of the important work of the last Congress and will discuss matters of interest to the voters of this county.

These are the first meetings to be held under the auspices of the county committee and it is hoped that there will be good crowds at both meetings. Later in the campaign Conner's services will be in demand throughout the district and for this reason he will devote what time he can to this county early in the canvass.

## LEAVES FOR SPOKANE.

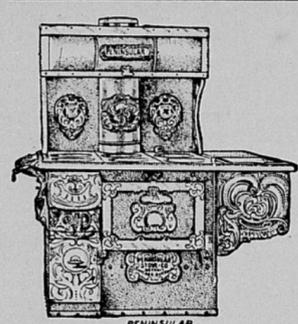

Mr. E. A. Stone and family leave today for Spokane, Wash., where they will spend the winter and where they will possibly make their home. En route they will visit at Nampa, Idaho where Frank Stone has just located. Mr. and Mrs. Stone have many warm friends in Denison who hope for their future success. They were accompanied by Mr. Stone's mother, Mrs. H. C. Gearr, his sister, Mrs. C. E. Shearer, and their son Clark.

## THE REVIVAL SERIES.

Rev. Alex MacGeorge is certainly doing a good work at the Baptist church. In the face of bad weather the audience has been better than was expected at any time. Mr. MacGeorge is a very pleasing speaker, and is a man of wide experience and learning. Last night the lecture room of the church was filled with people who wanted to have part in the prayer service. The other church people, aside from the Baptist are attending quite largely and are adding also their influence to the movement. All things considered it is a splendid, quiet, uplifting work. The afternoon meetings are full of instruction and attended principally by the Christians. Dr. MacGeorge has not made up his mind how long he will remain.

# Geo. Menagh & Co.--Broadway and Main Street

WE PAY CASH FOR YOUR BUTTER AND EGGS

## The Open Season For Stoves

Is now at hand. Get ready for cold weather before the rush. It gives us great pleasure to again bring to your mind

## THE PENINSULAR

Our own experience and that of scores of others in this community tells us that it is the best and cheapest stove on the market. It saves money--not only on the purchase price but on coal bills.

WE HAVE 100 DIFFERENT STOVES TO SHOW YOU.

You will find our Stoves in the Main Street Store--the place where we sell the Best HARNESS at the Lowest Price.

## Cloaks, ... Skirts, ... Jackets!!

New styles, new patterns, and the lowest prices are the leading features in our ready to wear ladies' garments.

Now is the time to buy while our stocks are complete. Only one month more and we will have cold weather staring us in the face, then every one that needs a new winter wrap will have to buy. All you need to do now is to select your garment and have it laid aside till you need it. In buying our cloaks we looked over several New York and Chicago lines, and finally decided the best one was the B. H. & K. line of Chicago. This is probably the most popular line of cloaks made in America. The work in every garment is done by the same tailors; every garment is cut by the same cutters. What makes the difference in price is the amount of work and material in the different garments and the quality of the material. This gives a customer satisfaction no matter whether they buy a \$5 or \$25 cloak.

\$5.00 to \$25.00

Our line of skirts contains right new styles and every one is made to fit. Call and give them a look. We are also offering one of the greatest bargains in Petticoats that ever went over our counters. We have one skirt that we are selling for 69c that others get 50 per cent more for. Don't miss this opportunity.
