The Wilcox laundry was moved on Tuesday to its old quarters on Broadway, leaving the Wright building on Main street without a tenant. North Main street is as desirable a business location as there is in Denison. It is in the very heart of the city, but it is being ruined as a business center by the inability of the property owners to get together and put up some decent and habitable buildings. Unless the property owners wake up they will find that business has sought other quarters and that their property has deteriorated in value to a great extent. As a matter of self protection the owners on both sides of the street ought to commence building operations before it is too late to restore the lost prestige of North Main street.
