

Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

"Ayer's Cherry Pectoral is a remedy that should be in every home. I have used a great deal of it for hard coughs and colds, and I know what a splendid medicine it is. I can't recommend it too highly."—MARK E. COHEN, Hyde Park, Mass.

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

POOR FARM PROPOSITION

To be Submitted at the General Election to be Held November 6, 1906

Be it resolved by the Board of Supervisors of Crawford County, Iowa, that notice of the submitting the question in Crawford County, by and through its Board of Supervisors, selling the south west one-fourth of Section Thirty-one (31), Township Eighty three (83), north range Thirty-nine (39), west 5th. P. M. and the East one-half of the Northeast one-fourth of Section Thirty-six (36), Township Eighty-three (83), north range Forty (40), West 5th P. M. except the Chicago & Northwestern and Illinois Central railways right of way, and known as the poor farm of said Crawford County, and to purchase a more suitable tract of land to be used for said poor farm purposes and to erect proper and suitable buildings on said land for the care of paupers, incurable insane and such other persons for whose support the said County would be liable, for a sum not to exceed Twenty Thousand (\$20,000.00) dollars; and the money realized from the sale of the above described lands in addition to the \$20,000.00 to be applied on the purchase price of said new land and for the erection of said building; and to issue not to exceed twenty Negotiable bonds therefor of the denomination of One Thousand (1,000.00) dollars each, payable ten years after date thereof, and drawing interest not to exceed Four (4) per cent per annum, payable annually, reserving the option to the said county to pay any or all of said bonds at any time after five years from date thereof; also for levying an annual tax at the September meeting of the said Board of Supervisors in each year, beginning with the year 1907, on the taxable property of said County, not to exceed Two (2) mills on the dollar of the County valuation in one year, and continuing from year to year, in addition to the usual and ordinary taxes of said County, sufficient to pay the interest on said bonds, and the bonds themselves when they become due. Denison, Crawford County, Iowa. Signed the 23th of Sept. 1906. Edw. Theobald, Co. Aud. 40-4t

Keep the bowels open when you have a cold, and use a good remedy to allay the inflammation of the mucous membranes. The best is Kennedy's Laxative Honey and Tar. It contains no opiates, moves the bowels, drives out the cold. Is reliable and tastes good. Sold by Lamborn Drug Co.

PROSPERITY. St. Louis Globe-Democrat: On every hand Chairman Sherman, of the republican congressional campaign committee, sees things today that will encourage him in his work of organizing victory for his party. The cereal crops are larger than was ever known before except in 1905, and the difference between this and that year is slight. The manufacturers and the farmers are complaining that they can not get adequate transportation facilities for their products. To this complaint the railroads answer that they are getting locomotives and cars as fast as the shops can turn them out. They have many orders ahead, some of which cannot be filled until the middle of 1907. From the time, around the middle of September, when gold importation set in, something like \$450,000,000 of that metal has been imported, and the inflow has not ended yet. From Washington, Chairman Sherman has probably heard the good news that the government's income is steadily gaining on its outgo. The deficits were brought to an end in the fiscal year 1906, and a surplus of \$25,000,000 was rolled up. For the present fiscal year, three and a half months of which have expired, the surplus promises to go above \$40,000,000.

It will be said by the democrats that the republicans are not responsible for the big crops of 1906, which are having such a quickening effect on general trade all over the country. This is true only in part, however. The farmer gets from 20 to 30 per cent more for his grain than he did in democratic days, and is thus encouraged to plant more of it. Knowing that a good market at big prices awaits him, he is sowing and planting much more than he did a few years ago, and he is paying off his mortgages and improving his land. These changes are one result of republican way. As figured by the report just issued by the department of agriculture, the aggregate cereal yield of the country for 1906 is only 3,500,000, of bushels below that of 1905, which broke all the records. But when the department, a few weeks hence, figures out the farm value of this year's grain crops it will be found that they exceed those of a year ago. Prices are higher for farm products in 1906 than they have been in many years, and the advance is due to the general prosperity which republican control of the government has brought. As the country believes that republican control is going to last for years to come, without any intermission, the prosperity wave is rising.

Here is where the republican campaign managers find encouragement in the record of the output of the farms as well as of the factories. Each is an evidence that the outlook is bright for the continuance of republican rule. Spellbinders can get inspiration from all sides these days. That \$3,000,000,000 which, a few weeks hence, the department of agriculture will announce as the value of the products of the farms and plantations for 1906, will be a fine tribute to the tonic effects of republican control of affairs. The sun shone and the rains fell in Cleveland's days at present. Republican sway has not changed the alternation of the seasons or altered any law of nature. But republican sway has given to each worker an increased reward for his work and has encouraged him to do more and better work. There were good crops during some of Cleveland's panic years, but the farmers got less money for them than they did in the republican days before and afterward. Men were just as anxious to work in 1890 as they are in 1906, but the work was not to be had. Samuel Gompers, who is making democratic speeches in the present campaign, said there were 30,000,000 idle men in the country in 1895, in the middle of the democratic panic. He would have trouble to find 3,000 idle men in the country today among those who want work, although the population has been increased 16,000,000 since then. And yet the sun shone just as brightly in the days of democratic adversity as it does in those of republican prosperity. Spring came about the same time then as it does now. But the whole industrial and financial situation has been changed in the interval. As measured by

railway earnings and bank clearings, double as much work is being done in the United States in 1906 as was done in 1895. The rewards for doing the work are greater now than they were then. These are some of the things which are working for republican success in the present canvass. Chairman Sherman would be justified in directing his spell binders to claim that the country's prosperity is a republican asset. It is upon republican courage, conservatism and sanity that the country's prosperity rests. This consideration will add hundreds of thousands of votes to the republican total in the congressional elections of 1906.

A VITAL PROBLEM.

Throughout the southland the fires of race hatred are burning. From a dozen states come the reports of killings and shootings and outrages. We do not think that the whites are alone responsible. We have no word of clemency for the black ravisher any more than we would have for the white ravisher. It would appear however that the South, having been left alone as Senator Tillman asks, has notably failed. The policy of oppression and enforced ignorance has not paid. Brutality is the only instinct the South has tried to foster on the negro. The natural outcome of ignorance and brutality is lust and outrage. It is time that the North disregard the advice of the hell-bent Senator from South Carolina. We have been shutting our eyes and premitting the South to do as it pleased for too long a time. The South has failed and the North has contributed to the failure by its neglect to assume its responsibility. It is time that we intervened in the South just as we have in Cuba. It is time that the Thirteenth and Fourteenth amendments were enforced. It is time that the North awoke to the enormity of the situation. No two races can live long at peace when they have hatred in their hearts. Something must be done in the Southland before anarchy and bloodshed reign supreme. The North must refuse to follow Senator Tillman's advise. Order must be restored and the constitution must be upheld even if it is necessary to place the southern states under martial law.

BEAUTIFUL COMPLEXIONS.

Return this with 50 one cent stamps or 25 one cent stamps with the names and addresses of twenty ladies and learn how to have a lovely natural color as long as you live. This method is now being revealed for the first time to the general public. There are no cosmetics, bleaches, face powders, or other poisons in this. Pimples, blackheads and discolorations disappear forever under this method. Women and girls who wish to be beautiful will be taught the simple laws of beauty, and they will learn how the most beautiful women of Paris, guided and controlled Master Gypsy and Greek minds, appeared upon the scene, played the game of life and carried everything before them with their bright eyes and unrivalled complexions. SOMETHING NEW IN CLUB OFFERS.

The Review has made arrangements with the Dow City Enterprise, one of the oldest and best known local papers in Crawford county, by which subscribers to the two papers may renew their subscriptions by the payment of \$2.50 and receive the Farmers Tribune One Year Free—for good measure. This is a direct saving of 50 cents to every subscriber to the two papers and will enable anyone taking The Review now, to get the Enterprise and the Tribune for One Dollar additional. This clubbing proposition is an experiment for both papers. They believe they occupy different fields and that there is no rivalry between them. It is now up to the west-end readers of the Review and to the Enterprise subscribers to show whether they appreciate the offer or not. If they do not the offer will be withdrawn. This offer is open to old and new subscribers alike and is a direct saving to the many now taking both papers. Payments may be made either at Denison or at Dow City. We trust that this liberal offer will meet with a general response such as shall warrant its continuance.
