It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach. At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach, flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by Lamborn Drug Co.
