The ladies of the Catholic Church held a box social at the school house Wednesday evening. It was quite well attended but would have been more so, had there not been some misunderstanding at the last minute. The intention was to hold the social in Samuel Moffitt's store building and it was so given out. Tuesday it was found that it would not be practical to hold it in said building, owing to the fact that Robert Moffitt had flour and feed come, which he had to put in that building which made it too crowded to have a gathering there and the report was circulated that there would be no social. However there was no place to hold it. Our school director came to their assistance and let them have the school house for that evening. The amount taken in was a little over fifteen dollars and several members of the congregation who could not possibly come have promised to donate fifty cents each. Those who wish to donate will please do so right away as the money is to be used as soon as it has all been received.

The time was spent in games

and music. At midnight a dainty three course supper was served shortly after which the happy guests departed for their homes.
