

OLD PIONEER IS GONE.

(continued from page one)

in behalf of everything for the advancement of the public good. He has served on the County Board several terms, and as Justice of the Peace, a number of years. Politically he is a republican. In 1887, and again in 1891 he was a candidate for the Legislative Assembly, but his party being largely in the minority, he suffered defeat with the other members of his ticket.

Mr. Chapman was married in the fall of 1856 to Mrs. John A. Dunham, nee Celinda Richardson, who was born at New Haven in Oswego County, New York, a daughter of Rufus Richardson, a native of Vermont. Mr. and Mrs. Chapman have had nine children, namely: Phoebe wife of Willis Mason, of Washington County, Kansas; Hulda, wife of James Martin of Omaha, Nebraska; Harlow, of Milford township. Crawford County; Delia, wife of Frank Dickey, of Emmetsburg; Celinda, wife of James North, of Milford township; Rhoda J. and Tracy H. at home. They lost two children by death: Louis and Jennie, who died at the ages of eighteen years and seven and a half months.

The funeral was held at the first Presbyterian church on Monday at 1 o'clock. Rev. Pugh preached a very beautiful and touching sermon. Hundreds of sorrowing relatives, friends and neighbors followed him to his last resting place.

On Friday the P. E. O.'s gave a real old fashioned picnic to the B. L. of the Club serving a supper that made the table groan at the time and the partakers feel like it later. An auction made a great deal of fun and a large and varied assortment of things nobody wants were disposed of amid much fun.

PAPAL NUNCIO EXPELLED

POPE'S AMBASSADOR AT PARIS TAKEN TO FRONTIER.

CARDINAL ORDERED TO MOVE

Government to Take Possession of Homes of the Priests—Crisis in the Struggle Between France and the Catholic Church.

Paris, Dec. 12.—Monsignor Montagnini, secretary of the papal nunciature here since the recall of the nuncio, was arrested upon an order expelling him from France and accompanied by a commissary of police departed for the Italian frontier.

Formal notice was served on Cardinal Richard, archbishop of Paris, and bishops and parish priests of this department that they must evacuate their residences today. Similar notices were served on the clergy in the other departments notifying them to leave their residences.

Premier Clemenceau, replying to a question in the chamber of deputies as to the reason for the expulsion of Mgr. Montagnini, said it was because of his complicity with prominent clergymen of Paris, against whom proceedings were pending, in inciting churchgoers to rebellion. Interference by foreigners on orders from Rome in the politics of France, he declares, was not permissible. The premier, amid thunders of applause, tersely summed up the situation, declaring that the government's conciliatory proposition towards the church had been exhausted and that it had been decided in the future to leave the onus on Rome.

"If the church wishes," the premier continued, "there is still time to avoid a battle. We offer her the law of 1881, made for all Frenchmen, and submitting thereto she will have peace; but otherwise, by seeking us, she will find us."

Excitement at Vatican.

Rome, Dec. 12.—Great excitement prevails at the vatican because of the actual situation in France, and news from France is eagerly awaited. The pope received Cardinal Vincent Vanutelli, and in the course of the conversation said the vatican declined responsibility for what might happen in France. It is believed here that the coming conflicts may prove more serious than those which occurred at the time of the taking of the inventories, and it is suggested, if worship is held privately, the faithful may have to be supplied with tickets to attend mass and other religious ceremonies.

SENATE OBJECTS TO MOODY

Southern Senators Oppose Nomination to the Supreme Court.

Washington, Dec. 12.—The nomination of William H. Moody to be associate justice of the supreme court of the United States was again taken up in the senate, but because of renewed inquiries by Democratic senators, this time relating to actions by him as a member of the house of representatives, it went over. An understanding was reached, however, to vote on the nomination at the next executive session.

Senators Carmack and Culberson commented on a story that Mr. Moody as a member of the house, had been active in trying to have passed a bill that would reduce the representation of the southern states. The latter said there were several matters which might affect the present attorney general's fitness for a place on the supreme bench that the Democratic senators desired to inquire about.

No attempt was made to confirm the nomination of Charles J. Bonaparte to be attorney general, as that nomination depends on the confirmation of Mr. Moody in order to provide the vacant attorney generalship.

Opposition developed to the confirmation of Alfred W. Cooley of New York to be assistant attorney general.

FIELD DAY FOR ORATORY IN HOUSE

Debate on Legislative Bill Covers Wide Range of Subjects.

Washington, Dec. 12.—The legislative, executive and judicial appropriation bill afforded an opportunity in the house for general debate covering a wide range of subjects, from a dissertation on Alfred Nobel, the founder of the Nobel prize, to the raising of the salaries of members of congress, and including a discussion of simplified spelling. Representative Boutell (Ill.), in speaking of the bestowal of the Nobel prize upon President Roosevelt, praised the president's decision to use this prize money in establishing a fund for bringing about a friendly understanding between capitalists and laborers as "nobly humanitarian and characteristic."

Representative Gaines (Tenn.) urged increases of salaries for members of congress, beginning with the Sixty-first congress.

Other speeches were made by Murdock (Kan.) on railway mail pay and DeArmond (Mo.) in favor of a new constitutional convention.
