Just now the time is appropriate to call your attention to the recently received large consignment of LACES, EMBROIDERIES and MUSLIN UNDERWEAR.

As we stated before, we shall not take advantage of the advances, but are offering the new things at old prices. We are showing a line extensive in variety of patterns and in all kinds. We call particular attention to the laces and embroideries at 5c the yard which should not last long.

## MUSLIN UNDERWEAR

A line taking rank with the best of them, ranging from inexpensive to costly garments, each and every one representing values that would be hard to match anywhere. While the stock is new, fresh and complete, we urge your inspection. You will be better pleased than to buy late.
