Denison Hospital and Sanitarium.

THIS HOSPITAL IS NOW OPEN.

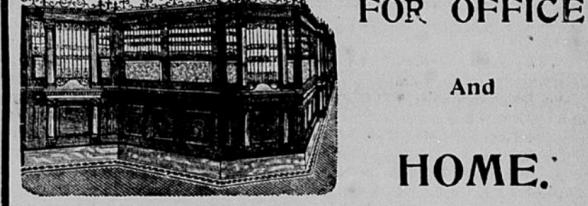

To all cases of either sex, provided they are not infectious, offensive or insane
Patients will be received here for treatment by their own medical attendant and the resident physician will carry out the instructions of the physician of the patient, or whatever consultant may be designated
There is a training school connected with the hospital, the nurses being particularly selected and instructed for the care of private patients, especially of surgical and obstetrical cases.
Nurses from the training school will be sent on application whenever their services are required.
This hospital is situated on high ground, on a sort of promontory as it were, at the forks of the Boyer River, thus commanding a fine view of the far famed Boyer Valley.
The air is pure and free from dust and smoke.
The building is large and commodious, it has been constructed especially for the purpose for which it is used, and has been designed to offer peculiar facilities for comfort, safety and seclusion of patients.
The extensive views, open grounds, pure air, and splendid equipment throughout the entire building, especially in the mechanohydrotherapeutic department, make it a very desirable place for invalids.

Terms, \$7.00 TO \$50.00 Per Week.
