### MILL STARTS MONDAY.

After a long period of idleness, the Charter Oak mill will start Monday on what is hoped will be a long period of active prosperity. Mr. Rawlins tells us that it has been thoroughly overhauled and cleaned and every detail of the mechanism made as nearly perfect as human skill can make it. He authorizes us to tell the people that he will stand behind every pound of his flour with a positive guarantee—if it is not good, bring back what you have not used and get your money back. Charter Oak people know that the mill has made good flour, and there is no reason why it cannot do so again. Mr. Rawlins has gone about his work in a way to show that he is fully capable of running a mill up to the highest degree of perfection. Now it is up to the people of this vicinity to show by their deeds that they told the truth when they said they wanted the mill to run. It is up to them to help boost and get the mill busy six days in the week—as busy as can be. It is their mill and they should see that it is given all the business there is here for a mill.—Charter Oak Times.

#### PLAY BALL.

Once more throughout the land resounds A bunch of sweet, familiar sounds, As though without the least excuse The college children had broke loose. The racket is not that at all; It's just the ancient cry, Play ball!

When winter quits us on a strike And gentle spring comes down the pike, Then something stirs the youthful breast Beneath its soiled but manly vest. That something is the earnest call From every husky throat, Play ball!

The young man's fancy doesn't turn To love with half the grave concern That it goes with the gay parade To where the game is being played. And in a voice that's far from small Joins in the fervent cry, Play ball!

The young, the old, the high, the low, All come to join the overflow; The rich pour through the entrance wide, The poor climb up the poles outside, But still, no matter where his stall, Each joins in the command, Play ball!

Advantage of Credit. "My big sister has a beau." "So's mine, but I don't like him." "Know what my sister 'd do if I didn't like her beau?" "No. What'd she do?" "She'd send him back and get him changed, 'cause we've got a charge account at the store he comes from."

Too Much. "HEY YOU WINTER TAKE THAT KILLER OUT OF MY NECK."

A little touch of winter At times applause may win, But oh, it's hard for us to cheer And say we're glad that it is here When winter rubs it in!

A Hard Case. "His wife earns her own money." "Indeed; I did not know she was employed." "Oh, yes; hard at it all the time." "What does she do?" "Works him to give up."

Good Advice. "What are you looking so blue about?" "I have just lost a splendid opportunity." "Chirk up and advertise it in the lost and found column."

ALBERT HELSLEY, Notary Public.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism for a number of years. I have tried many medicines but never got much relief form any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by L. E. Blosser, Broadway Druggist.
