SOME RED HOT BASE BALL.

Denison and Deloit Boys Engage in Battle Royal for 12 Innings.

The base ball fever has caught the kids as well as the grown-ups and from what we hear the boys are putting up a fine article of the National game. On Saturday a bunch of Denisonites, all of them under fifteen, went to Deloit to meet the youngsters of that town. They played good ball as is evidenced by the fact that at the end of eleven innings the score stood four to four. The county seat boys claim that in the twelfth inning their pitcher's arm gave out, as well it might, and that the Deloiters were able to run in seven scores. It was certainly a good game for both sides and the Deloit boys deserve the credit for their victory. All of which goes to show that we will have base-ball in the county even after the present "fans" grow too old for the game.

Joe Smith Sundayed in Dunlap.

Born to Mr. and Mrs. J. W. Campbell of Des Moines, a ten pound son, Denison friends will extend hearty congratulations. The little one arrived on Sunday May 5th.

Dave Menagh was up from Glidden on Sunday. He tells us that the closing out sale of the Glidden store is progressing well and that he hopes to be back in Denison in a few weeks.

Mr. and Mrs. A. F. Boylan and Mr. and Mrs. Fred Marshall made an auto visit to the delightful farm home of J. M. Nielsen of Goodrich township last Sunday. They say they never had a finer Sunday dinner.

Prof. Whaley although re-elected for next year in the Corwith schools did not accept the position, but accepted the principalship of the Correctionville school at an advanced salary. This is a larger town than Corwith and can afford to pay more money than is possible to pay here. Prof. Whaley has done a grand work for our school in systematizing and disciplining them. He had strenuous time at first but conquered. All lovers of good schools and good order appreciate his work. Correctionville has secured an able, fearless and capable instructor.—Corwith Hustler.

A DISCIPLE OF ROOSEVELT

Democrat Editor Shows His Evident Approval of Roosevelt Doctrines.

Ever since the editor of the Bulletin nailed "The Square Deal" banner to his mast, we have felt that at heart he must be an admirer of the President in spite of his editorial utterance. Further evidence of this came to light on Monday in the shape of a ten pound son, making the fourth child to grace the pretty home on Walnut street. Para Caswell feels so good over the event that he has promised not to say anything cross about the Review for a week. The Review extends congratulations and hopes that the youngster will be named Teddy and be brought up a good republican like his grand-father.

AVOID ALUM

AN UNSEEN DANGER IN FOOD

TO GUARD SHIPS against the unseen dangers at sea, the United States Government maintains lighthouses.

To guard your home against the unseen dangers of food products, the Government has enacted a pure food law. The law compels the manufacturers of baking powder to print the ingredients on the label of each can.

The Government has made the label your protection—so that you can avoid alum—read it carefully, if it does not say pure cream of tartar hand it back and

Say plainly—

ROYAL BAKING POWDER

ROYAL is a pure, cream of tartar baking powder—a pure product of grapes—aids the digestion—adds to the healthfulness of food.

Spring cleaning ought to apply to your clothes as well as to your house. We can possibly save you the expense of a new suit if you will bring your last year's suit for us to clean and press. We have done it for others. The Pantorium, under Kelly's store, Main Street.

One of our prominent advertisers said the other day. "We do not object to the advertisements of merchants from other towns in the Review. We recognize that the Review has Crawford county for its field, just as we have. If we cannot compete successfully with the stores of other towns in the county we must go to the wall. The fact that the Review secures advertisements from other towns is proof that the merchants of other towns know that their people are reading the Review. If it is a good advertising for them it is certainly a good medium for us. We would not like to see the advertisements of "mail order" houses in the Review, because that is unfair competition, but the advertisements of other merchants who are similarly placed, is legitimate and presents only the competition which every merchant can expect. We have never refused a customer because he came from Deloit or Manilla or Arion, why should the Review?"

WHEN PUTTING AWAY STOVES

6-5-4

Always give them a coat of 6-5-4 to make them rust proof. It shines itself, is applied like paint, is better than any enamel for stoves, pipes or wire screens. It makes old stoves look like new.

If your dealer hasn't it, the Balle-Broders Co. has.
