A TRAVELING PAIN.

There is no disease quite so peculiar as rheumatism. The pain which is in the little finger today may be in one of the toes tomorrow. And so it travels all over the system, seeking an outlet, and finding none it settles permanently in one place, and from its home other pains start out, and settle down and multiply. Dr. Drummond's Lightning Remedies for rheumatism attack the disease from all points at once, and their work is always successful. If your druggist has not got these remedies write to the Drummond Medicine Co., New York, and describe your case. Agents wanted.
