THE COMMENCEMENT

Denison Normal College Exercises in Progress.

DIPLOMAS ON THURSDAY.

Rev Mason of Boone Will Make the Address at Baptist Church

This is the great week of the year at the Denison Normal College. Beginning with Sunday and from then until Thursday night, there were exercises announced and what with preparing for these and getting ready to leave the college, the graduates have been very busy.

On Sunday evening the baccalaureate sermon was given in the M. E. church by the pastor Rev. Thuresson. A union service was held and so the church was crowded. There was excellent singing by the choir. Rev. Bryce made the opening prayer and soon came the event of the evening the sermon. Rev. Thuresson announced his theme to be "The Philosophy of Achievement" and based his talk on the answer of Nehemiah to one wishing him to lay aside his work as overseer of building up the city of Jerusalem "I am doing a great work so that I cannot come down". With this the learned pastor drove home the lesson that one must be so interested in their life work, so convinced of its importance that they cannot be influenced to desist from pushing things by pleasure, ease or the influence of associates. This was enforced by examples of men of great achievement in biblical and modern time. He was congratulated upon his address by many.

Monday Evening Exercises.

Monday evening was given over to the societies for their program. The chapel was well filled by friends of the college students. The opening number was a fine piano solo given by Miss Beatrice Lally. Then came an oration by A. L. Poitevin on the dangers of bad foreign immigration. He said there was cause for alarm over the one million people coming from countries where self government was unknown. His presentation was good. Jas. D. Fleming a manly young man from Stockholm township

gave a good oration on what education had done for civilization. This was followed by the debate for the Masters cup between Miss Hauptmann for the Athenaeum society and Harry West for the Zaonian. Miss Hauptmann had the affirmative on the proposition that the government should own and operate the railroads and Mr. West the negative. Supt. Fellows and Messrs. Lally, Caswell, Pierce and Kahler were the judges and decided that the Zaonian society should hold the cup for another year.

Two essays were next on program. Miss Lucy Smith gave a most instructive paper on the educational theories of Rousseau, stating that he was the father of our modern ideas of education. Earl Hoffman also read a paper on the right of women to equal suffrage. He made a strong statement of the case, rather holding in the end that as it is now women have an immense influence on affairs.

There were next two excellent recitations in which Miss Retta Van Ness and Miss Gertrude Logsdon, won high words of praise both doing well. The program closed with a piano selection by Miss Irene Van Ness.

Tuesday Evening.

The recital given by the graduates in music was most creditable and abounding that good thorough work is being done by Miss Lillie Raine director. Each of the four graduates took part in the program with a perfection of execution which it was most pleasing to hear. Russel Norman is evidently a musical artist, the grace and ease with which Miss Edna Winans played her selections was charming; Miss Mildred Larson showed the love of music for which the people sending Florence Nightingale to the world is noted; and Miss Belle Selander gained high praise from all who witnessed her brilliant playing. In the Presian March when the four graduates played together the listeners were simply enraptured with the music and perfection of the performance. Miss Jennie Dedrick gave a vocal solo which was very good, and Florence Cushman pleased so well that she was recalled and sang, "The Boy from Lonesome Street" to the gratification of all. We congratulate the College and the musical director Miss Lillie Raine on the success of the evening.

Wednesday Evening.

The oratorical contest took place (Continued on page six)

GUESTS OF ISLANDS

The Congressional Party Touring Hawaii.

FEASTING AND SHARK FISHING

Hon J P Conner and Wife and Son Shown Special Courtesies

From the newspaper printed in Hawaii we see that the congressional party is having a most enthusiastic reception and enjoying the time of their lives. Their landing was amidst every evidence of welcome and the visits to the various islands made the event of a grand celebration on the part of the inhabitants. One of the larger islands is called Maui. The account of the visit there is but a sample of what occurred everywhere. From a long write-up we glean the following for our readers:

Wailuku, Maui, May 17.—The Congressional party arrived at Kahului harbor about 5 o'clock Wednesday morning on the steamer Claudine and eleven of them with Secretary Atkinson arrived an hour later by the American-Hawaiian steamer Mexican. The Congressmen with their wives and daughters were met at the landing by Committeemen. The majority of the party boarded the train at Kahului and were brought to Wailuku and comfortably housed at the Maui Hotel. After cleaning up they were given a hearty breakfast at the Maui Hotel, after which those who cared to inspect sugar mills were taken to the new Wailuku sugar mill, where they were shown around by Manager C. B. Wells.

At 11 o'clock all were driven to the Wailuku public school, where Principal C. E. Copeland and his assistants received the Congressional party right royally. They were seated on chairs placed in the spacious lawn in front of the school house. The school children, all neatly clad in their best attire, were marched out and stationed on the front steps where they sang patriotic songs and recited lessons brimful of patriotism. The presentation address was given by Miss Daisy Apo, a Hawaiian-Chinese girl of about fourteen summers.

After the exercises all were driven to Iao Valley at the mountain home of

Mr. and Mrs. W. H. Field. Mrs. Field did her utmost in seeing that all her guest were made comfortable and therefore made to feel at home. Senator Coelho entertained them with Hawaiian melodies, while Mrs. T. B. Lyons, one of Maui's most accomplished pianists, enlivened the scene with her excellent rendition of Hawaiian selections.

About noon a number of the Congressional party, under the guidance of Messrs. J. L. Coke and Keola, went to Kaalaholo, the Table Land, to view the unrivalled beauties of Iao Valley and its surroundings. Many went up to the third crossing at the foot of the Needle in carriages, while not a few preferred to walk and take in the scenery at their leisure. Representative Littlefield and Mrs. Littlefield, Miss Acheson and many others walked up to the table-land, which is no easy task, especially for strangers. On land all declared that they never before set eyes on so sublime a scene.

The luau at Mrs. Field's commenced at about half past 2 o'clock and lasted until almost 5. During the repast the congressmen and others at the call of C. B. Wells, enlivened the occasion with such a flow of oratory as is seldom heard in the land of the Kamehamehas.

The party left Wailuku 8:30 a. m. for Kahului and other points of interest in Central Maui. On the way Senator Coelho pointed out to them points of historical moment. From Kahului they went to Puunene and inspected the 10,000,000-gallon pumping plant and Puunene sugar mill, and saw the whole process of making sugar.

After inspecting the mill the party went through the fields showing sugar growing in every stage of its development. The party went through the Kihei plantation and under the guidance of L. A. Thurston descended to the pumping chamber of Kihei Camp No. 3, three hundred feet underground.

Congressman Littlefield remarked that if he were to invest in sugar plantations he'd put his money in the great Maui sugar plantations.

After lunch at the Pauunene Club house the party took the train for Paia, where automobiles and carriages were on hand for the trip to Olinda for the ascent to the Halekala crater. Representative and Mrs. Conner and son are at Mr. C. D. Lufkin's.

Wailuku, Maui, May 1.—The luau is being served at the fishery this noon under an immense lanai splendidly decorated. Some are visiting the breakwater and others are out shark-fishing. The weather is fine and member of the party in excellent spirits. They have enjoyed Maui hospitality immensely and regret to depart.

THE DENISON BAND BOYS

Prof. Gregg and the Band Boys off for Manning Wednesday Morning.

The band will delight those in attendance at the firemen's meet at Manning with their music. It was a proud time when arrayed in new uniforms the members made the start for Manning on Wednesday morning. The large majority of the members are lads ranging from thirteen to twenty and they were full of expectation for a big time. Some of them can do wonders with their instruments however, and Denison is proud of them. With Prof. Gregg the photographer as the leader, the band boys who went to Manning are as follows:

Gail Richardson, Charlie Kemming, Clarence Searl, Jess Ratchford, Geo. Kral, Phillip Baker, Fred Searl, Walter Smith, Willie Rath, Rowland Philbrook, Bernard Bamford, Floyd Brown, John Hoeller, Wilbur Vanderwall, Waldo Kahler, Theodore Kral, George Hover, Burnnie Moeller, Andy Dannels, Chase Kemming, Alva Dannels, Rob't Theobald, Lewie Sewell.

GREAT PROGRAM

Sac City Chautauqua will Have Fine Talent June 29-July 7.

We can but congratulate the management of the Sac City Chautauqua on the high class program it has arranged. It has engaged Senator La Follette for the opening attraction on June 30 and later come Bryan, Debs, and Corporal Tanner. Tanner speaks July 4th and his address will be keeping with the day. Besides there will plenty of entertainment numbers, lecture, concerts and Packard with a chalk talk. It would be well for our people to look up train connections and plan to hear some of the Sac City program.

Your pine floors will look like hardwood, after an application of Japalac—comes in 16 colors. Sold by Bartcher Bros.

MANNING CLUB DEFEATED

The Denison Nine Humble the Professionals From Manning

The Manning team composed of hired professional players, is the big nine in this part of Iowa as shown by its record from day to day. The players do not pretend to do any thing else during the base ball season but play ball and so the victory of the Denison boys over the professionals from Carroll county is something to be proud over. There was a trial of strength on Tuesday on our home grounds and victory for Denison by a score of 4 to 3. The visitors found that our little pitcher Paul was indeed a wonder and did not find him for many safe hits. The visitors made their runs alone in the fifth inning and in the remaining eight were whitewashed. The home boys scored two each in the fourth and fifth innings. The game was won without Denison going to bat in the ninth. Paul struck six out and Bricker the Manning pitcher three. The game was a good one throughout, few errors and many brilliant plays. A few more such victories and Denison will be the leader and not Manning. The game with Vail next Tuesday will be the one to see.

THERE WILL BE MUSIC

Denison Gains The Meeting Place of Western Iowa Band Association

Through the good work of the leader of the Denison band Mr. Gregg our town is to have the September meeting of the bands of Western Iowa. This was decided at Carroll on Monday. This gathering of the bands will be the big fall festival for Denison. It will mean a good clean group of visitors and band concerts night and day for two or more days. Denison business men have bound themselves to make up any shortage of funds needed.

The coming festival will encourage our home boys to work during the summer and give a decided stimulus to the music of the community. Our friends in the country will be glad to know of the festival when the entire family can come to town and find enjoyment.

Mr. Pat Magner who was called from Jersey City on account of the death of his father has returned.

Wizard Flour.

The best Flour sold
Try a Sack

\$1.35 a sack.

Our line of
Fresh Fruits and
Vegetables

is always complete
Send us your order
