THE WOODMAN PICNIC.

Tuesday was the great Woodman Dav. The crowd from abroad was not as large as had been expected, but nevertheless the exercises went off quite well. A band stand was built in the park and there the Manning band played some good music. Seats had been arranged near at hand and here the forenoon exercises took place. Rev. Cable was the president of the day. The address by Mr. Sullivan of Kansas City was a grand effort, it related to Woodcraft, and was much appreciated by all who heard it. After dinner came the races, the contest between the teams of Foresters and the base ball game. The team from Portsmouth made a fine impression and gave an excellent drill. An arch expressing the welcome of the citizens was erected over the street from the bank toward the Robinson restaurant. Our people certainly worked hard to make the affair a success. There was dancing in the Germania Hall in the afternoon and evening.

The Methodist church has voted unanimously that Rev. Cable be returned as the pastor for the coming year. He is certainly a good man for the Manilla appointment. He and his wife are most popular with not only the church members but the people of the community generally. We hope the Bishop will return him to the Manilla field.

A heavy rain storm passed over this locality Wednesday night Aug. 28th, the water-fall being so heavy that the Nishnabotny river rose higher than it was ever known before by the oldest settler. Last Saturday morning occurred the death of Mrs. J. F. Jahn aged mother of Wm. Jahn, Sr. Mrs. Jahn visited at the home of her son and was taken sick some time ago. Until Friday it was thought that she would recover but on Saturday morning she welcomed the release, which we are wont to call death, but which to her, means tullest of life and eternal bliss. All that loving hands and medical aid could do to save that mother's life was done, but in vain. The Recording Angel had come and the cord of life was severed. Mrs. Jahn was a kind and loving mother, and there will ever be a vacant place in the hearts of those who knew her best. Sincerest sympathy is extended to the bereaved ones in this, their sad hour of affliction.

WHEN THE HEART IS AFFECTED, or the muscles surrounding that organ by rheumatism, experimenting with sample treatment is like tampering with a live electric wire, for death may come at any moment. If life is worth it, do not hesitate to get the treatment which has stood the test for twenty years—Dr. Drummond's Write to the Drummond Medicine Co., New York, and they will send you literature free, worth \$5 to a rheumatic. It is not as quick as electricity, but will save your life if you act in time.

Chamberlain's Cough Remedy

Cures Colds, Croup and Whooping Cough.

Dow City.

Our public school began for the new year on Monday. Some pupils thought that it being Labor Day there would be no school, so there was not the full enrollment for the first day.

Dow City was a dry town on Monday. The only saloon closed its doors, it being a legal holiday, and the thirsty ones had to try water or patronize the soda fountain.

Two of our bright capable girls begin to teach school this fall. Nettie Wiley will be at the Chase school house, and Lola Fishel in district No. 3 of Boyer which is near John Brummer's farm. Dow City has sent out some good teachers and these young ladies will keep up the excellent record.

The patrons on route No. 3 will have their mail delivered by a woman for a time, as the regular carrier, Geo. Brauer will take his vacation, and his daughter act as his substitute. Miss Rona is a bright capable girl and will fill the bill.

Dow City and vicinity are up with the times when it comes to giving the rising generation an education. The contingent going to that excellent college at Ames from here is made up of Ross Rudd, Herbert Fishel, Elmer Sharp, Inez Hallowell and Hugh Butterworth.

Rita Odell took her departure on Tuesday for Cedar Falls to fit herself for a teacher.

Ida Davis who taught the first primary at Arion will take up similar work in the West Side schools.

A meeting of the Eastern Star lodge at Dunlap called there on last Saturday night. Mrs. Chamberlain, Mary Howorth and Helen Goddard.

Elder Butterworth returned on Monday from a trip to the eastern part of the state.

Willis Wiggins our popular grocery man and wife and two bright boys have been having a holiday, in the vicinity of Manilla. They went over in time to take in the big Woodmen picnic on Tuesday and then visiting relatives in the vicinity.

Sunday was a good day for the churches the weather being fine. At the Methodist, Rev. Curtis gave an appropriate sermon on Labor Day acquitting himself well. In the evening there was an Epworth League rally with a program and a talk by the pastor. At Sunday school the attendance ran up to 112.

We are glad to note that Mr. Huntington who was so sick is now some better and able to walk down town.

Dr. Van Meter was to be seen in Dow City on business Monday afternoon.

At the election of lay delegate to the conference at Council Bluffs W. V. Whaley was chosen delegate and Geo. Talcott alternate.

On next Sunday Rev. Curtis will close his conference year. He will give his farewell sermon in the morning and speak to the young people in the evening. As the church has asked for his return it is probable that he will be here for another year.

Dr. Carr of the county seat was down our way on Sunday.

David Howorth was down at Harlan one day last week.

O. J. Judd and W. C. Rolls were among those to visit Omaha last Sunday.

Jens Anderson the farmer is up in South Dakota, in the vicinity of Redfield.

A groupe of Epworth Leaguers went out to the Thos. Rae home last Friday night despite the flood that had swept over the country. Of course they had a good time.

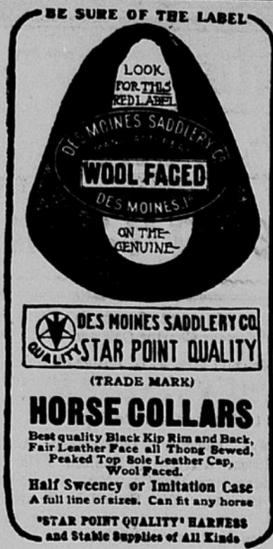

Through some misunderstanding the report became current that the Baptist membership thought of selling the church building. This is an error, for the Baptists are planning for a pastor and have no idea of giving up services.

The marshal and street commissioner R. T. Baber is kept busy superintending the fixing up of the streets, running the pumping station and attending to his other duties.

This part of the state will be above the Iowa average on yield of corn. The crop will be excellent. Already fine samples are coming in well dented. J. C. Bruhn living two miles east was showing on Monday at the Wiggins grocery an ear thirteen inches long and having a well filled cob. Fred Buss would not be out done so he showed up at the bank with a long ear of thirteen and a-half inches.

Potatoes promises a big yield. The price is now 75 cents which is high for this time of year.

Brinton Sharp and wife arrived home on Sunday from their eastern

trip. They were with Mr. Fishel all the way until they reached Harrisburg, Penn. They then began visiting relatives. One of these was an aunt of Mr. Sharp's who is 88 years old. She was complaining that the doctors could not seem to cure her ailments. Mr. Sharp remarked that she was quite old and maybe that had something to do with the failure to cure. She replied that her age was not against her, if the doctors only knew their business. So it seems that even when nearing the one hundred year line this woman did not call herself "old."

John Cramer living east of town has the news that his father is dead and was buried on last Saturday, at Mercersburg, Franklin county, Penn. The father was 81 years old. Mr. Cramer had not seen him for thirty-two years.

E. H. Swasey came home Sunday from a stay of two weeks in Chicago.

We will tell the public something which is no secret to our citizens, and it is this: Never was Dow City in so prosperous a condition: never was her trade greater, her merchants better able to sell goods, her spirit more determined.

On Monday the following were the prices paid: barley, 60-63; oats, 36-40; hogs, \$5.25-\$5.50; old corn, 50; hens 9 1/2 and spring chicks 10; potatoes 75.

Among the stock shipments for the past week were six cars of cattle sent by Eugene Crandall; two cars of hogs by Clay Alexander for Chicago, and a car of hogs to Omaha by McColl.

If barley could be grown a good crop each year and the price be as now, every farmer would go into sowing grain. Some farmers have a yield of forty bushels to the acre, and sell at sixty cents and upward.

Mr. McColl our veteran buyer has sent out so far seven cars of barley and two of oats and has brought ten thousand bushels of grain of this season's crop.

A. F. Jackson and family who lives east of town came back Monday afternoon from a visit at Dunlap. Mr. Jackson is related to the well known Denison family living at Dunlap. Mrs. Jackson and wife moved near Dow City but a few months ago. They are proving the good citizens that we like to see moving to this locality.

The great storm of last week while not doing much damage in our town made its mark in the vicinity. The Paradise valley showed signs of destruction from lightning and water. Over at Bell town there is a bachelor living, Carl Hansen, and he had a narrow escape of being drowned out. His neighbor M. C. Christensen thought him in danger and rode his horse belly deep to the Hansen home and got him out of bed, from a sound sleep. Hansen stepped out of bed into water knee deep. He is now all right, but he lost seventeen hogs.

We hear that few of the Denison mail carriers did not fall down on

making their routes last week after the high water. Dow City however has a carrier in Geo. Rule on No. 3 who is built of heroic stuff and anxious to please his patrons. To keep up his record of never failing, he on Friday drove 83 miles to reach his boxes, and only missed three patrons. He has only missed two trips in four years and the carrier on No. 2 has missed but four times in four years, facing winter's cold and high water, as they came. This is a fine record.
