This is a commendable thing to do, if he means to rise in his profession as a minister. He has been visiting Denison for some days before going east.

Norman Nash showed us some fine specimens of good hard corn, beyond the reach of frost, which was planted June 12th. It hardly seems possible that such splendid corn could be matured in 100 days. When we consider that there was snow on the ground on May 15th and frost several times later in the season it seems a miracle that Crawford is to have one of its banner corn crops.

Last week Hon. J. L. Stevens of Boone was announced as a candidate for congress in this district. Two days later he denied all knowledge of his candidacy. While we would deny to no man the right to be a candidate for congress, we do deny the right of newspaper correspondents to make candidates ad lib. Garst, Stevens and several others have been "brought out" in this district only to be met by denials. Would it not be best for the busy press correspondent to rest until the candidates themselves made announcement.

Payne of West Side, who is reputed by many to be the wealthiest man in Crawford county showed his generosity by giving \$10,000 to Morning Side College, the Methodist institution near Sioux City. Mr. S. L. Gable is again in Denison to remain for a short time. He has decided to make his permanent home with his daughter, Mrs. Greek at Geneva, Nebr. He may spend next winter in California. Mr. Gable says that he has taken the Review or the paper from which it sprung since the first issue printed before the war. He missed just one year, however. To make sure it comes right along he has now paid to May 1909.

Mr. Gable is much impressed with the country in Nebraska where he is now living. Owing to the offer of land to those who planted a certain number of acres of trees in the early days the country now looks like a wooded region, and men are having plenty of fire wood and lumber from their own farms to do extensive building. He believes that South Dakota will come to the front also, and be the banner state of the northwest, in a few years. It is needless to say that Mr. Gable is welcome among the friends who have known him for over forty years.

Mr. W. J. Robinson of Boone was in the city this week in the interest of the American Sunday School Union. He spoke briefly on Sunday in the M. E. church, and on Monday and Tuesday visited our people asking for support. He represents a most worthy cause. The Union is doing great work in establishing schools and money could hardly be given to a better endeavor. We know Mr. Robinson personally and he is a most self-sacrificing worker for the Sunday schools of the state.

We can personally endorse Dr. Frank E. Hirsch of Charles City who will lecture in the Germania hall on Tuesday evening, Oct. 8th. He is one of the ablest men in the state, president of the college at Charles City. He is truly a brainy man and his lecture will be well worth hearing. The proceeds are for the benefit of the German Methodist church, and we hope the patronage will be liberal.

The enterprising firm of Bartcher Bros. has added a new feature to the manner in which carpets can be shown at the store. There is a large holder of carpets and rugs which gives the customers a chance to obtain a good view of the articles. Other firms in town have these, but it is a new feature for the Bartcher Bros. The boys have now a plan to issue numbers with each \$1 purchase and about Jan. 1st give a kitchen cabinet to the one holding a certain number.

John Ohl and wife left on Monday for Davenport where they intend to make their home. It would appear that Crawford is now making return to Scott county for the many excellent citizens who came from that county to this in the early days. Mr. Ohl is a good workman and will undoubtedly succeed in his new home.

While it is perfectly proper for women to attend court we would urge upon mothers that it is no place for young girls. At any moment matters are apt to come up which attorneys cannot handle with kid gloves, simply because spectators chance to be present. The proceedings of yesterday were proof sufficient of the truth of the Review's comment.

Mrs. M. E. Jones has been spending some days visiting her girlhood friend, Mrs. Laura Purdy Slocumb at Pine City, Minn. While Mrs. Jones was there occurred the marriage of Mrs. Slocumb's daughter, Miss Gladys, to Dr. Knapp of Pine City. The ceremony took place on a delightful lawn and under a natural arbor. The marriage of these young people calls to mind, the bride is the granddaughter of one of the first brides of this county. Her grandmother was the daughter of the respected Judge Bassett and when married Mr. Purdy built for her the first frame house in the county, in the woods just northeast of Denison. It is the house now occupied by Fred Marshall and wife. After Mr. Purdy's death the wife married Mr. Richard and resided at Denison and Dow City and Arion for many years. Mr. and Mrs. Slocumb were married at Dow City and lived there for some time. Both have a host of friends who would be glad to see them in old Crawford again.

In Full Sway of a Splendid Season.

The fall of 1907 promises to be the most magnificent season ever known. The styles for women especially are beautiful, becoming and fascinating in variety. This store is in the van of style showing and value giving, and all the resources of good organization are concentrated in making The Balle-Brodersen Company more than ever the Center of Crawford county retail business. With every tendency in the market toward higher prices, this establishment, through foresight and great resources permitting purchases at rock bottom, stands as a bulwark against unreasonable profits. It originated, maintained, and is today the champion of low prices and high quality. It stands for all wool—no manipulated fabrics in ready to wear apparel; for absolute purity in products; for progress, development and advancement of everything save prices and at all times for plain unvarnished statement of facts.
