CHILD LOST.

Earnest Meyer, son of Henry Meyer, who resides four miles south-east of Manilla caused quite a sensation Tuesday evening by suddenly disappearing from the premises in the evening when his father asked him to help milk. Earnest, who is only nine years old, told his father that he would not milk and he would run away first. When supper time came, the boy did not return, and when it was bed time the boy had not appeared. Uneasiness prevailed and search was instituted and about 12 o'clock at night the neighbors were called in and employed to help. Search was kept up all night and in the morning some 70 or 80 neighbors offered their assistance and everything that was loose was turned over. It was decided to remove the hay from the barn, and back in the loft of the barn at about 10 o'clock on Wednesday morning the boy was found. It appears that he climbed up to the top and dug a hole in the hay in which he hid.

There were about one hundred acres of potatoes planted near Manilla and as the yield was at least one hundred bushels to the acre, and the price from 40 to 50 cents it will be seen that considerable money is coming from the raising of the alleged staff of life of the resident of the Emerald Isle.

The family reside over their store, so during the few minutes she was gone the little one pulled the cork out of the machine letting the hot water run down its abdomen and limbs, causing severe burns which did not seem fatal at first.
