

A BUSINESS MAN'S GREETING

Denison Merchant Thanks Friends on Conclusion of Quarter of a Century of Success

A business man always appreciates the patronage he receives from the public but it is hard to find way to express himself to all without overlooking a number. We have thought of many different ways: a personal letter is as a rule the most feasible, yet that is a task, for a busy business man, so we have concluded that the newspaper is the best medium in order to reach all.

We have been in business here in Denison for over 25 years and during that time it has always been our aim under any and all circumstances to be honest with our patrons and to this we largely attribute our success in business which is increasing every year. It has always been our motto, "There is none to good in sickness" and by that we stand.

Our laboratories are stocked with the best chemicals and pharmaceuticals that money can buy. Our whole time and attention is given to the professional drug business, and is under the direct supervision of competent registered pharmacists, under these conditions we are able to give the public the best possible service.

We do not make a specialty in Holiday goods, but we do have the most complete line of Christmas perfumes in the city and from our well selected stock of Druggist Sundries one can buy useful presents. We now take this opportunity to thank all our patrons for the kind support they have given us in the past and ask for a continuance of the same in the future, assuring you that our efforts will be the same in the future as in the past.

Wishing you all a Merry Christmas and Happy New Year.

Yours truly,

Ph. A. Schlumberger, Pharmacist.

DIRECTIONS FOR SANTA CLAUS

Are There Children in Denison who Need a Visit from Santa Claus

In the past two months we have seen numerous people who live in comfortable homes in this city shaking their head with a self-satisfied air and remarking "there are no poor people in Denison." When it is suggested that perhaps it would be well to look about and see if there are not some children who could be remembered with a Christmas gift, these same parties insist that there is not a family in town which is not able to give the children all the presents they need, and if there are any poor people there is the associated charity committee to appeal to. Their spirit seems that of Scrooge in Dicken's wonderful Christmas story who when appealed to for aid for the poor at Christmas replied "Are there no aims house, to care for the poor. There is a plan on foot to have the children bring gifts to the church at the time of the Christmas exercises and then send these out of town on the ground that no child in Denison will need, for the neighbor and friends to give them a gift. We know of children not so situated, little girls who hardly dare hope for a doll at Christmas, and we believe there are others. We ask the people who know of neighbors where there are children who would appreciate a visit from Santa Claus to drop a line or report at the Review Office and we will see that the information gets into hands which will see to it that Santa Claus makes some unexpected visits.

PANSIES IN DECEMBER

Pansies Bloom Out Doors December in Denison

Let us hear no more about cold Iowa winters when one can go out to his front yard Dec. 14 at Denison and pick pansies which are blooming in the genial sun. No more can California claim to be the land of flowers in December, for noble Iowa will not give up to any such pretensions. There is no longer need to seek southern climes for the people of Iowa, for do not flowers bloom in December at their door?
