

# Spring Thinking

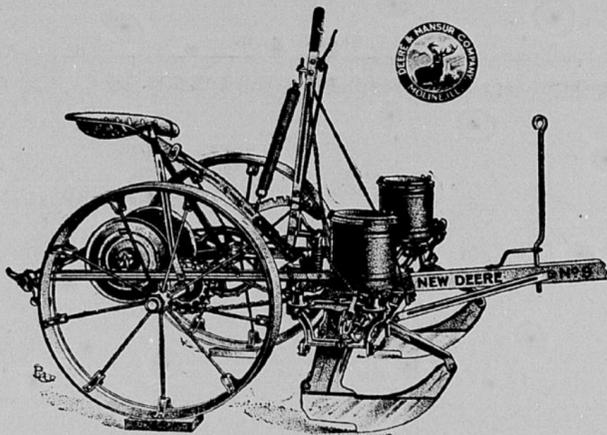

By and by will be the time for spring work but **NOW** is the time for Spring **THINKING.**

Any cheap man can follow the plow--but you must do your own thinking. A large part of it consists in buying your machinery--that where we can help.

## New Machines vs. Old

The up to date farmer buys only up to date machinery. He lets the other fellow bid for the worn-out machinery that has helped make another man a failure.

*The science of farming progresses every year--so does the science of farm machinery. If you would have the best you must keep up with the procession.*

## New Friends Under Old Names

Manufacturers retain the old names but their machines are constantly being improved. The HODGES QUEEN binder of today is little like the QUEEN binder of ten years ago.

The DeLaval Cream Separator of today is so improved that you would scarcely recognize a 10-year-old DeLaval as the same make. This is true of all the leading and up to date implements. We carry nothing but up to date implements and can show you the finest line exhibited in this part of the country.

We have just unloaded several cars of implements and vehicles shipped direct from the manufacturers and our samples are now all set up ready for your inspection. Give us a call and let us show you

- The 1908 Model Deere Edge drop planter
- The 1908 Model Hoosier and Gorham Seeder
- The 1908 Model Deere Disc Harrows
- The 1908 Model Stag Sulky Plow
- The 1908 Model Success Spreaders

and everything else pertaining to a first class implement line. We believe we can suit you. Give us a trial and be convinced. Yours truly,

# J. B. Romans Co.

### WEST SIDE ITEMS.

Charlotte Anderson came home from Denison Friday for a short visit returning Saturday.

Herman Martens jr., Jennie Martens and Clara Evers were Carroll visitors on Sunday.

Frank Marriott visited his wife at the Carroll hospital on Sunday and reports her as gaining strength and improving as well as can be expected, since her recent operation.

Mrs. Henry Schoenjahn underwent an operation at her home south of town last Thursday. We understand that the operation was a successful one and she is doing as well as could be expected.

Mrs. George D. Scheldorf, who has been sick for several weeks, died at her home north of town Wednesday morning, Feb. 19, 1908. This is an unusually sad death, as she is the fourth out of a family of six to die within two months. An infant child died, Jan. 10, and in just one week Jan. 17 the husband and father passed away. At this time the entire family was sick, with no one to care for them except neighbors, as it seemed impossible to secure help at that time. On Jan. 31 a two year old child died, and Feb. 19 the mother was called to pass through the valley of death. As soon as the condition the family was in was found out, nurses were secured and everything was done for the comfort of Mrs. Scheldorf and the two children who are left to mourn the loss of father and mother. They are being cared for at the home of John H. Scheldorf, a relative. The funeral of Mrs. Scheldorf took place Friday afternoon from the German church. The remains were laid to rest in the West Side cemetery.

The Denison College played a game of basket ball with the West Side High school Saturday evening. The score being 53 to 28 in favor of West Side.
