H. J. Cummings of Arion was in Denison Monday. He will be a candidate for the office of sheriff in the democratic primaries. That brave Union soldier and the friend of all, John Richardson has been having a serious illness. He is slightly on the gain but it will be some time before he will be well again. There is not a better man in well rounded character than John Richardson. Faithful to trust, considerate of friend and enemies alike, lovable in disposition, with a record as a fighting soldier second to few in the county, he is a citizen of highest worth. We do not mean to wait for a number of years and after he has gone to say this.

The Crawford County State bank presents its statement of condition as made to the auditor of state. This bank is making a gain in deposits from time to time. Since the statement of last December there has been an increase in deposits of over one hundred thousand dollars. This shows that in this county there is no scarcity of money in the hands of the people and that they have confidence in the banks. The statement is signed by Mr. George Naeve the vice-president. Mr. Jones the cashier and Charles Tabor and C. J. Kemming directors. It will be seen that the directors are not borrowers or endorsers, and it is always so.

Rev. Thuresson was at Manilla for a few nights this week in the closing of the revival meetings in the Methodist church. He is rejoiced over the good results shown there. He thinks Rev. Cable, the resident pastor, a most superior man, and that he has a band of splendid members to work with him.

We call attention to the statement of the First National bank in our columns this week. As usual, it can make a strong showing of resources, and the liabilities are such as to show the bank in good condition. This bank has stood for many years as a monument of stability. W. A. was at the helm until he felt that Mr. Sears McHenry was ready and capable to preside. The same conservative management has been continued, and the business increases.

So you see when the largest mail-order houses in the U. S. are indicted by the United States Courts for misrepresenting the line of goods we sell. Well, we cannot help toot our horn a little bit, for you see we up against an unfair competitor, or in plain words a liar. He tells you imitation goods are genuine, and you get left and so do we. Well, all I have to say—BUY OF US—Your money back if goods are not what we say they are.
