

NEW CITY CARRIERS.

Four Highest Denison Applicants Chosen.

SERVICE WILL SOON BEGIN

Heiden, Aebischer and Lafferty for Carriers. McMinnee for Substitute.

Out of the eligible list returned to him by the Civil Service Commission as the result of the recent examination for carriers, the postmaster at Denison has decided to recommend the three highest Denison residents for carriers and the fourth highest man for substitute.

The carriers will be Malcolm Heiden, Alex Aebischer and N. E. Lafferty.

The recommendations must be approved by the department but in all probability this will be done, and the new men are already getting ready to commence work promptly on May 15th. They are planning their routes and asking their patrons to return lists of all occupants of each home so that the mail may be handled speedily and accurately. They are also urging all to secure mail boxes so that the work of delivering may be expedited. The routes are long ones and the carriers will have no snap as they must walk from 20 to 25 miles every day.

The postmaster would like to receive bids for putting up the steel posts for the 15 collection boxes. Specifications of the work required can be had at the postoffice. All our people are requested to co-operate with the postal force next month so that the new system may be in running order as soon as possible.

Among our brand new subscribers this week are H. E. Dean of Dunlap, J. M. Murphy of Dunlap, and Emil Johnson and Anna Forsberg of Kiron.

Mrs. Judge Van Wagenen has returned to her home at Sioux City. She was called here by the death of her nephew, Frederick Louis Meyers.

The dramatic cantata given by the high school on Friday night of next week will be one of the best presented by the high school in recent years. Reserve seat sale at the book store Thursday morning. Admission 25c, arm chairs 35c.

MISS BAKER LEADS.

The See-Saw Between Contest Leaders

MARIE KEANE SECOND PLACE

Miss Jacobsen Furnishes Surprise of the Week Coming Close to 200-000 Mark

The leaders in the Review contest seem to have rested on their oars this week. Miss Keane deposited no votes and Miss Baker but a few thousand. It seems to be the running of the other candidates and they make great showing that it is no-body's race. Miss Jacobsen made a great spurt and is right along side the leaders. Almost as much interest is being taken in who shall win the handsome Kingsbury piano as in who shall win the Auto. The vote of this week shows that nobody has a cinch on either of the big prizes. Remember the contest closes on the 2nd day of the Firemen's Tournament at noon.

The vote this week is as follows.

Atha Stilson, Arion.	111500
Alma Christiansen, Denison.	98856
Marie Heiden, Denison.	167271
Lura Moffitt, Buck Grove.	138800
Lulu Girard, Schleswig.	126800
Mabel Pett, Dunlap.	142300
Lottie Bixler, Dow City.	165670
Marie Keane, Vail.	203760
Florence Baker, Denison.	210930
Mabel Merrill, Denison.	86550
Carrie Jacobsen, Charter Oak.	190400
Jennie Martens West Side.	87860
Emma Frederickson	58510

THE DENISON CONNER CLUB

Gives the Lie to False Statements as to Judge Conner's Standing in His Home Town.

As the best possible answer to the lies being circulated by such papers as the Hamilton County Hornet, to the effect that Hon. J. P. Conner would not receive the support of the republicans of his home town, a number of his friends met last evening and decided to form a Conner Club for Denison. Not until ten o'clock this morning were the lists of the republican voters of the city prepared and many of the lists were not ready until afternoon, nevertheless—in the one day—over 300 signatures were secured. This is a magnificent showing and the number will be increased rapidly within the next two days. It is safe to say that before the end of the week 99 per cent of the republicans of Denison will be members of the Conner Club, pledged to do all they can to secure his nomination. No man ever received a more hearty and unanimous endorsement at the hands of Denison republicans. It makes it safe to estimate that Judge Conner will have more than 1000 majority in the Crawford county primaries.

CANDIDATE FOR AUDITOR

J. H. Hink of Washington Township will Ask Republicans to Support Him

Mr. J. H. Hink of Washington township has filed a well signed petition asking that his name be placed on the republican primary ballot as a candidate for county auditor. He is a man thirty-two years old has attended the common schools and the Denison college and is competent for the office. He is the son of Mr. Otto Hink and so comes from a fine family. As there will be no other candidate for this office on the republican ballot Mr. Hink is now as good as nominated. He means to make an active canvass and believes he can beat his democratic opponent.

A SEVERE HAIL STORM

Denison Visited by a Hail Storm April 24

Announcement is made that A. C. Rankin will begin a series of meetings at Denison on next Sunday. Mr. Rankin is now devoting his powers as a speaker in the interests of the "State Marshall law" of which he is the originator and sponsor. The chief feature of the law is the appointment by the governor of certain officials who will go to localities where the liquor law is not kept and enforce the same. Of course the law is specially designed to effect cities like Dubuque, Davenport, Sioux City, and Clinton where it would be injurious to the business and property of an individual to become prominently interested in enforcing the Iowa law. Mr. Rankin is saying kind things for Mr. Hamilton of Des Moines, who is the candidate for governor on a platform demanding the wiping out of the saloons of Iowa.

Mr. Rankin will have big meetings for he is an entertaining speaker, and once heard will be heard again. The first meeting will be held in the Baptist church on Sunday afternoon.

A BIG DUCK STORY.

A Duck Lives in Well Seven Weeks Without Food.

On March sixth a duck fell in a well forty feet deep at Van Vliet's place in the north part of town. The duck was seen to fall in by some of the family, but disappeared under the water and it was supposed to have been killed in the fall. There was about two feet of water in the well. It was bricked up about five feet in the bottom and caved behind the brick. The duck must have lodged behind the brick and could not get out as it was never seen until the 20th of April. Mr. Van Vliet concluded to fill the well. He dumped seven wheel barrows of dirt in it. Then looking, saw the duck swimming on the water. It was very thin but otherwise seemed to be all right.

JAMES HOWARD WYGANT.

Is Soon to be Married at Washington City.

One of the boys who were born and grew to manhood at Denison and who is making in the world is Howard Wygant. As many know he now resides at Washington City and has a good position in the Post Office department. It would appear that he has further ambition in the world, for he is about to be married as will be seen from the following society item which recently appeared in the Washington Post. "Mr. and Mrs. F. B. Dalrymple have announced the engagement of their daughter, Rosalie Sunderland, to James Howard Wygant of Iowa, the wedding to take place in June."
