HIGH SCHOOL MUSIC

High School Pupils Give a Musical Program Last Friday Evening

The musical director of the public school is give one night each year to make a showing of what she can do with the pupils of the High school. This year the event came on Friday evening, May 8th. For weeks before the pupils had been singing the airs of that pretty little dramatic opera, "Trial by Jury." In due time the leading characters were chosen and the chorus boys and girls selected.

The program opened in the opera house at eight with a piano duet by Ann Hooley and Winifred Wright. They gave the always beautiful "Il Travatore." Next, the boys filed across the stage and gave a lullaby song. This was followed by a pleasing soprano solo by Florence Cushman, who was later in the evening to distinguish herself as the plaintiff in the trial. Master Chase Kemming, who is a musical genius favored the audience with a solo on his baritone horn which was much appreciated. He was followed by George Hover who handled his clarinet so well that he was recalled with much applause. The charming girls of the glee club ended this part of the program with a spring song and now expectation was high for the "Trial by Jury."

The curtain rose with a scene in the court room. On the left side of the stage in front of the bench the twelve young jurymen sat, ready to do full justice in the case. But alas, the charms of the fair plaintiff in the breach of promise suit proved too much for their tender hearts and early in the trial all were on their knees expressing sorrow for her tears and professing love unbounded. On the opposite side of the stage the bridesmaids and chorus maidens looked delightful in their costumes of white.

In due time the judge arrived in Charley Helsley, who wore a white wig and black gown. He explained that he became a judge by making love to the homely eldest daughter of a wealthy attorney. The unfortunate defendant was that prince of young men, Rowland Philbrook who sang and took his part well. Chase Kemming in wig and gown appeared as the attorney for the plaintiff and Warner Temple was court crier, demanding silence in the court room. The defendant had no show when the beautiful plaintiff, Florence Cushman, appeared broken hearted. The solos were well given and the chorus work very good. Miss Laura Pearson, of the High school gave the accompaniment in a faultless manner. Charley Helsley as judge, handled his part excellently.

There was special singing by Georgia Ferrill, Warner Temple, Alva Dannels and Hazel Gates, which gained for them much praise. Miss Nachtman, the director made a good showing for her drill of the young people. There were plenty of brilliant hits in the words sang, and the audience was kept alert to catch them. After dismissal a flash light picture was taken. The listeners were well pleased with the make up of the program and the manner in which the young people had taken part.

MISS JACOBSEN SECOND GAIN

Miss Baker's Votes Seemingly Being Held for Final Results.

There was much activity among the contestants for the automobile and the piano during the past week. We know that thousands of votes have been earned, but all have not been voted. Miss Baker's lead of last week has been overcome and the Vail school girl is ahead. She may not have it next week however, for the zeal being displayed by the friends of Miss Baker will easily overcome the lead. Miss Jacobsen of Chater Oak made a gain of 2700 votes and Miss Girard 1200. We hope hope to have the auto out in the country when the roads settle, and then friends at Schleswig, Ricketts, Buck Grove and Manilla can see it. The piano is something fine, can be used all the year round and is most valuable. The final count is made at the firemen's tournament. Here is how the vote stands May 13 at four p. m.

The Des Moines Register and Leader of to-day has some scare heads announcing that the auditor of Crawford has refused to place on the primary ballot the names of the Prohibition candidates for office. Further that the Crawford county prohibition chairman, Charles Larson is taking means to use legal means to make Auditor Collins do his duty. As a matter of fact Auditor Collins has at no time discriminated against the prohibitionists and the copy which he has handed to the printers provides for the prohibition ticket. The prohibitionists are worrying over nothing.

Where is Your Hair?

In your comb? Why so? Is not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Indeed, the one great leading feature of our new Hair Vigor may well be said to be this--it stops falling hair. Then it goes one step further--it aids nature in restoring the hair and scalp to a healthy condition. Ask for "the new kind."

Shippers Candidate for Railroad Commissioners

VISITS THE DENISON FOLKS

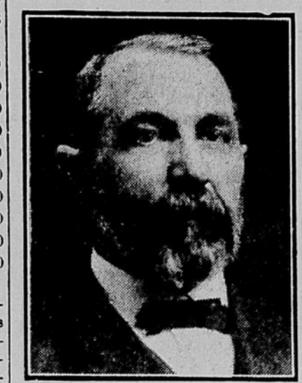

Council Bluffs Man Says His Prospects are First Class

Frank H. Keys, of Council Bluffs, candidate in the republican primaries for the important office of railroad commissioner paid Denison a brief visit today. He is accompanied by a representative of the John Beno Co. of Council Bluffs who vouches for Mr. Keys in every way. Mr. Keys' candidacy is being pushed by the shippers and manufacturers of the state. He is not the candidate of the railroads or of the professional politicians--Perhaps he is all the better for that.

Mr. Keys looks like a keen business man as his portrait, published herewith will show. He asks support for the following reasons:

No office of the state is of more importance than that of Railroad Commissioner.

Important to the manufacturer, the jobber, the merchant, the stock raiser

FRANK H. KEYS.

and farmer, to every industry, and to every citizen of the State.

Important that every part of our state should be, so far as possible, on an equal basis with every other part of the state, and on equal basis with every other state.

First in importance, though last on the ticket. Don't overlook it.

Quotations From Resolutions Passed by the Council Bluffs Commercial Club.

"Our City is under many obligations to Mr. Keys for his close attention to the matter of freight charges, while chairman of the Committee on Railways."

"The men who are entrusted with making of freight rates should be men of high ability and industrious students"

"We, who have been associated with Mr Keys for upward of twenty years, and have learned by this association, of his high capacity, as well as his most positive integrity and unswerving loyalty to duty, feel that it is indeed most consistent that we should commend him to the Republican Party of Iowa, as a man possessed of that high talent required as a candidate for Railroad Commissioner."

Prunes.
There's woe in boarding houses, but joy among the boarders. And mistresses are giving cooks a bunch of funny orders. With all this rise of feeling the reason spirits drop. Is the failure, so reported, of the favorite prune crop.

No table in a boarding house was ever quite complete. Unless the juicy prune was there, with other things to eat. Hereafter they'll be luxuries and not a standing joke. So every budding humorist at them his wit may poke.

Its Finish.

"Isn't your new gown finished yet?"
