

CLASS OF SIXTEEN.

Denison College Has Fine Commencement.

EXERCISES WELL ATTENDED

Most Favorable Comment Attracted by Excellence of Program.

The fifteenth commencement of the Denison Normal and Business college was one of the very best in the history of "The school that makes Good."

Rev. J. James De Pree preached the eloquent baccalaureate sermon to a crowded church on the evening of Sunday, June 7th.

The next event of the week was the annual contest between the two societies of the college for the Masters cup.

THE ZAO'S WIN.

The cup remains in the hands of the Zaonians who celebrated their victory gleefully. Owing to the illness of Alton Thew the debate was omitted. In orations, Glenn L. Ainsworth representing the Athenaeum society won over Lu Verne Moffitt. The Zaos carried the day however, as Retta Van Ness was awarded first in the essay class and Pearl Gary in recitation. The opposing Athenaeums were Emilie Hauptman and Bessie Hall. Several excellent musical numbers enlivened the program and the decision of the judges was received with hilarious jubilation by the happy Zaos.

THE RECITAL WAS FINE.

Judges of music pronounced the Recital given by the music department on Tuesday evening as the best the college has ever known. From the opening symphony to the closing piano quartette every selection was of superior merit. The graduates were Miss Loretta Van Ness and Miss Maude Laing and their work reflected great credit on their instructor, Miss Lillie Raine. Vocal numbers were given by Miss Florence Cushman and Miss Jeanette Dedrick and Miss Norman gave one of her delightful whistling solos.

COMMENCEMENT PROPER.

Thursday night witnessed the graduation exercises at which the sixteen graduates received their diplomas. The Methodist church was beautifully decorated and the program was of high order. Even the old time friends of the college were pleasantly surprised with the fine programme every number of which was enjoyed.

Orations were delivered by Lu Verne Moffitt, Andrew Bell, Norris Wilkinson, Nellie Larson, Harry West, Earl Hoffman, Emilie Hauptman, Henry Bell, Glenn Ainsworth and Loretta Van Ness. The diplomas were presented to the class by Hon. J. P. Conner, who has ever been one of the best and most loyal friends of Denison college.

THE ALUMNI BANQUET.

This annual feast and reunion took place at McKim Hall immediately following the commencement. The banquet was delicious and the toasts were of the best, the ever present rain coming to curtail the program much too quickly.

Ralph Cassaday acted as toastmaster and Maurice Schofield lately returned from California, welcomed the new class with a talk which was of excellent interest. George Seemann responded on behalf of the new class making some very clever verse his vehicle.

Rev. Thuresson spoke in appropriate vein and then the rain hurried the program to a close. The new officers of the association are: Glenn Ainsworth, Pres.; Loretta Van Ness, Vice Pres.; Andrew Bell, Sec'y. and Treas.

The college alumni association now has 250 members.

Carl Caswell has been at the hospital where he had an operation. He has made a splendid recovery and will soon be as "good as new" Carl is a bright promising boy and we are glad to hear of his successful treatment.

John Schnoor was much delighted last week by a visit from Mr. Gust Wrage of Gladbrook, Iowa. It seems that when they were boys back at Burg, Holtein, Germany, they were school seat mates for two years and had not seen each other since. You may sure there was lots to talk over and the visit renewed the scenes of their youth. Mr. Wrage was at Schleswig attending the Lutheran conference. He is a bright man and fully appreciated the value of the Carnegie library to our town.

Miss Ethel Gulick leaves Friday for a visit to Omaha and Glenwood. The S. S. C. will hold a picnic Thursday either in Grace park or the club room.

The Timble bee is to be given by W. R. C. has been postponed for one week.

The popular Friday club has a picnic Friday presumably a high and dry, or at the club room.

Owing to the repairs on the M. E. church, Sunday school will be held in the college chapel.

Miss Jena Strahn has returned from Cedar Falls, where she has recently graduated.

Mrs. Angstead of Council Bluffs, is in Denison becoming acquainted with the new grandchild at the Batcher home.

Martin Harms of Goodrich township made the best bid of \$15 on the maple bed room set in the Salomon window and became the owner.

The ladies of the M. E. church will hold a market day sale Saturday afternoon at the Aillard Racket store. Do not forget the time or place.

Mr. and Mrs. M. E. Jones gave a dinner party on Thursday evening to a large number of friends. Their beautiful home made an ideal place for the entertainment of the guests and they enjoyed themselves very much. Mr. and Mrs. Jones are among our best and most beloved residents and it is ever a pleasure to be entertained by those.

Mr. John Pepper, living up near Grace park has a four year old boy, Leslie. The other day Mr. Freihage, the milkman came around and while he stopped the boy climbed on the seat in the wagon. The milkman came back, started off the team, whereupon the boy fell out, bruising his face and the wheel ran over his leg. By-standers rushed up expecting that the boy had been badly hurt, but he was not. He had a narrow escape however from serious injury.

The Odd Fellows of Denison both the English and German lodges joined last Sunday in observation of their Memorial Day. The graves of the ten departed brethren who rest in Oakland cemetery were decorated with a profusion of flowers. Rev. T. E. Thuresson delivered an address in English and Mr. E. O. Theim spoke in German. The solemn ritual of the order was followed. W. E. Terry acted as Noble Grand and S. P. Jac-tsen as Chaplain for the English lodge while Frank Faul and E. O. Theim took the same places for Sidonia lodge. About fifty Odd Fellows participated.

Penelope had a most delightful day Friday with Mrs. Dunbar as hostess. She served a very elegant supper assisted by Mesdames John Woodruff and S. G. Wright and gave her guests many reasons to praise her ability as a culinary artist. Mrs. Jensen gave a group of readings which were most enjoyable. Mesdames Ott, of Sioux City, and Patterson of Onawa, were out of town guests of Mrs. Dunbar. Pink peonies and white roses were used to add farther touches of summer beauty to the afternoon. The next meeting will be held with Mrs. Wygant when the club members hope to have the great pleasure of having their president Mrs. Conner with them.

The party given by Mr. and Mrs. Geo. Nicholson in honor of Mrs. Nicholson's sister, Mrs. Holmes, of New York, was very novel and altogether charming one. Mrs. Nicholson had provided chrysanthemums of various tints and many Japanese fans for her guests head dress and with long crepe paper sashes she transformed the ladies into "as fair maids of Japan as ever flirted with a fan." The house was profusely decorated in things Japanese and the house was also gorgeous with roses and peonies. The gentlemen were invited for five and Mrs. Nicholson served at one long table extending the entire length of the living and dining rooms. A runner of Japanese cloth covered the table and the first course was served in bowls with chopsticks. This resulted in lots of fun and the heroic effort put forth to eat with chopsticks would have been very amusing to the Japanese themselves. The refreshment were delicious and carried out the afternoon in Mikado land even to the tiny mouse surmounting a mound of the national dish of Japan rice.

Mrs. Nicholson was assisted in receiving by Mesdames Holmes of New York, and Miss Price of Council Bluffs. Mrs. Nicholson displayed marked originality as a hostess and is a strong addition to our social forces in entertaining.

WATCHED THE CYCLONE.

Denison Young People Calmly View Charles City Tornado.

Four Denison young people, Emil Hugg, Miss Martha Hugg and Edward and Clarence Kienle were in Charles City Sunday, June 7th, and were eye witnesses of the terrible cyclone which swept the city, killing two people, injuring a number, and destroying many homes. Mr. Hugg and his sister were sitting on the porch. The day, had been one of showers and hot sunshine alternatively. About five o'clock they saw the storm approaching. Emil says it looked like a great cloud of steam with shingler, and later boards and all sorts of things flying in the air. They saw that they would not be in the path of the storm and so they sat and watched it as it plowed through the outskirts of the city. The river seemed to deflect the storm which would otherwise have passed through the most thickly settled part of the town. Mr. Hugg brought back some interesting photographs of the ruins which he has loaned to Mr. Chamberlain for his display window. Miss Hugg and Ed and Clarence Kenele were students at the Charles City college, which fortunately was out of the path of the storm.

Mrs. Hedman, who lives in the northeast part of the city is in receipt of news that her son, Robert D. Walker has been nominated for prosecuting attorney of Douglas county S. D. In the Douglas County News we find the following complimentary notice of the Memorial Day address delivered by Mr. Walker at Armour: "Robert D. Walker, candidate for States Attorney Douglas County delivered an eloquent address in Armour last Saturday, Memorial Day, that was a credit to him and would be a credit to anybody. Mr. Walker is a good speaker backed by ability to write a good oration. He has won several prominent cases in court since he is here and he will ere long be the leading attorney in this section of the country."

The Review regards the provision that a man may be nominated if he receives "a majority of the votes cast for that office" regardless of the number of votes cast, as dangerous and perverse of the popular will. Were we a candidate with any desire to make a winning fight we would not accept such a nomination unless it was willingly ratified by the party convention.

Drop into the Racket Store and hear some of William Jenning Bryan's records made for the Edison phonograph. They are worth hearing.

The Charter Oak-Denison game was postponed to-day on account of rain. The game will be played Friday at Denison.

Card of Thanks.

I wish to thank all who so bravely assisted in saving my house from fire during the burning of my barn.
John D. Newcom.

CARDS OF THANKS.

I wish to express my sincere thanks to the many friends who even from Canada, sent their votes to help me in the Review Contest. The kindness of these many friends will never be forgotten. I wish also to thank the Review management for the fairness with which the contest was conducted and my competitors for their uniform courtesy and kindness. The Oldsmobile I find to be all that was represented.

Very respectfully,
Florence Baker.

To the loyal friends from far and near who aided me in the Review contest, I express my cordial thanks. I am fully satisfied that the contest was fairly and honestly conducted and I have to thank the Kingsbury for its impartiality. The Kingsbury piano is a beauty and is a splendid reminder of the kindness of my friends.

Very sincerely,
Marie Keane.

A Complete Automobile in Six Minutes. Ford Motor Company Establishes A New Record.

"What's a record for if it's not something to be beaten at the first opportunity? One hundred cars a day wasn't even dreamed of three years ago. Last year we made it eighty-three in one day, last week we shipped one hundred cars in one day; next week we may beat it; next year we will have to beat it—every day of the 365."

That comment of Henry Ford is

typical of the spirit of the man—the spirit which compels him to keep on pushing ahead to larger victories. He was commenting on the record breaking day of June 4th when a total of one hundred and one cars were built, tested and shipped in ten hours. This means a car every six minutes, ten cars an hour. The occasion was one of a series of attempts on the part of the Manufacturing Department to ship more cars than were sold in the same day. In this they almost succeeded—would had not several telegrams come in late in the day, bringing the total sale of the day up to one hundred and seventeen cars—another record, by the way.

The stability of the automobile industry is in no way better illustrated than in the condition which necessitates the shipment of so many cars per day.

With an average output of sixty cars per day the factory cannot begin to keep up with the sales, and thirty day shipment orders are all that can be accepted.

Enormously increased manufacturing factories are under way to take care of the demand, for prosperity the like of which never was known before, seems to have found the manufacturer of small cars of known value.

The J. B. Romans Co. are the Ford agent for Crawford county and will be glad to demonstrate the merits of this splendid automobile to anyone interested.

THE CHILDREN TAKE PART

In Baptist Sunday School Exercises on Sabbath Evening.

The pupils of the Baptist Sunday school took part in a Children's Day program on last Sabbath evening. Under the leadership of the superintendent, Mrs. Harry Carpenter and her assistants, most pleasing exercises were planned and carried out. Miss Nettie Kelly acted as musical director and following the movements of her hand the children sang with a will. Of course the part taken by the little ones was doubly attractive. There were songs, recitations marching, scripture reading by Mrs. Carpenter, prayer by the pastor. The committee on flowers had made the platform look handsome with bouquets and potted plants. Rev. LaReau, the pastor made a success of his "Sermonette" for the children, leading them to have the same faith in God's promises as in those of a man. The memory gems committed in childhood will not be forgotten soon by the little ones. The Baptist school generally does well when it comes to public programs.

METHODIST FINANCES.

On Sunday last Mr. Harding presented the members of the Methodist church with rather a discouraging report of the finances of the church. The running expenses of the church are nearly \$1800, of which only \$1100, has been paid, leaving a balance of \$700, to be collected. The money has been subscribed but the members have been slow about paying, so the committee reports. The Methodist church of Denison has always had the reputation throughout the conference as being one of the most liberal and most solid financially of any in Iowa. Those having the matter in charge are confident that the membership will rally promptly to the support of the church and that the deficit will be wiped out within the week.
