### Mattings

House-cleaning time and approach of summer suggest new mattings. For real genuine, good values in matting this stock is notable—we've never sold better mattings for the money than you can buy right here and right now. The assortment of patterns is large enough to give you a satisfactory selection, and you'll find these mattings serviceable and wearable. They'll make a dependable floor covering and at the same time add beauty and cheerfulness to the summer decorations of your home. We've marked these mattings with an unusually narrow margin of profit and we bought them right, so it's a very favorable time to buy. Will you look at these mattings to-morrow or the first time you are down town?

### Oxfords for Men

The low shoe is the proper caper for you this summer, sir! Free circulation around the ankles is an antidote for hot feet. To be sure, there is a great difference in Oxfords—difference in the shape of the last, difference in the style, difference in the wear, difference in the fit and difference in the price. We can meet your requirements on all these points. New lasts, new toes, new heels, new style kinds, etc., etc. Black and tan, in the correct and best leathers. Priced at  
\$2.50, 3.00, 3.00, 3.50, 4.00, 5.00  
PER PAIR

### Men's Union Suits

The well known Munsing kind. Always the same, made perfectly of well selected, uniform yarns. The best made, most perfect fitting, popular priced garment of its kind made. Our stock is complete with all grades and sizes.  
Priced at \$1.00, \$1.50 and \$2.25 per garment

### Men's Shirts

The comfort and fit of a shirt depends largely upon the way the neck band is cut. Each neck band in Intercean shirts is cut out separately, not in lots. It's this care in the cutting of the neck band that makes the collar fit equally well whether the shirt be made with a soft or a stiff bosom. The great objection to most negligence shirts is that the collar never fits properly. Many men, for this reason, have become disgusted with soft bosom shirts. No trouble of this kind is ever experienced with the Intercean shirt.  
Priced at  
\$1.00 and \$1.50 each.

### Hammocks

Palmer's American Hammocks. New styles and new prices. In our opinion a comfortable hammock supplies more enjoyment for the amount expended than any other form of summer entertainment. Not necessary to go farther than the confines of your own veranda or lawn to experience the cool comfort of a hammock in the hottest weather. Of the many kinds of hammocks, "Palmer's" easily takes the lead, and our prices show a distinct saving over what you have to pay elsewhere.  
Prices range from \$1.50 to \$7.00
