**\$5,000 Educational Contest**

**ABSOLUTELY FREE**

**John F. Corl Piano Company's Great Offer**

**THE REASON:** The John F. Corl Piano company is the world's greatest piano manufacturers, and a certain sum of money is allotted to our advertising department each year for the advertising of this great piano, and this year instead of spending it with the different newspapers and magazines throughout the country, we have decided to give it directly to the piano buyers through this great educational contest.

**To the person making the greatest number of words out of the name "The John F. Corl Piano Company"**

and placing them on the back of an ordinary postal card and sending them in not later than AUGUST 30th, will receive a beautiful Art Style CORL PIANO delivered to your home absolutely FREE.

To the two next closest contestants, we will give each a beautiful HIGH GRADE ORGAN.  
 To the two next closest contestants, we will give each a \$50 EDISON PHONOGRAPH and a dozen records.  
 The above together with many other exceptionally valuable prizes.

All words must be written neatly, plainly and on one side of the postal card only; place number of words in plain figures in the lower right hand corner of the card and write your name and address plainly.

This contest is run solely for the benefit of piano buyers. In awarding these prizes this large appropriation is divided directly among the winners, nothing could be fairer than this and will result in a bonifide saving of thousands of dollars to the piano buyers.

The John F. Corl Piano Company believe that by dividing this \$5000.00 directly among the piano buyers, quicker and better results will be obtained than by magazine advertising or expensive catalogs. It will place a large number of Corl Pianos in the homes of musical people where they will make many new friends.

There is no chance or catch in this contest. All lists will be subject to the same judging. The highest lists will receive first prize and others will receive awards in accordance. Our easy payment plan makes it easy for you to own a piano no matter what your income.
