

You are Going to Buy Some Clothes this Fall and We Are Going to Sell Some.

It is our business to see that the clothes we have to sell are the kind that are best for you to buy, and having done this to let you know they're ready; and that is what we are doing here. We have carefully looked the marks over and we have taken our choice from the best. We aim to find, and have for our customers none but the very best, for the prices we offer. We recognize a certain moral obligation upon us, in the important duty of helping men to dress well, to see that no man shall ever get in this store any merchandise that isn't worthy of us. Our guarantee of satisfaction is a part of this obligation.

We fit anybody; we've made special plans to take care of hard-to-fit men; short, stout, extra large; men who think they must have made-to-measure clothes. TRY US FOR YOUR NEXT SUIT.

TRADE WITH US and we both save money.

Our Fall Hats in All Colors are waiting for you.

The Readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Halls Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Halls Catarrh Cure is taken internally, acting directly upon the mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Human Nature and Woman Nature

The successful advertiser must understand human nature, but his most direct appeal usually is to Woman Nature. The ladies are the bargain hunters. Very likely some of them right now are reading this and will turn to look for bargains advertised in this paper. They get on the trail of a bargain and follow it right into camp—if they once find the trail.

Your store is the camp. This paper is the trail. Why not connect the camp with the trail?
