During the past month a good deal of road work was done throughout the county. The rains have left the roads very soft, especially in these newly worked sections. If the King Drag is used just as soon as the rains let up these roads can be put in good condition for the winter. If this is not done the bottom of our roads will be bad and the roads will be in bad shape for the next six months.

Those who were privileged to hear the concert given by the Gahn company on Tuesday evening were charmed indeed. Joseph Gahn is a pianist of superior rank, and the audience could hardly express its satisfaction with unstinted applause. The wife, seems master of the harp. Her work was so artistic that all wished that she had appeared many times more on the program. It seemed most appropriate with such superior instrumental music that Mrs. B. J. Sibbert should sing. Her beautiful voice appeared to the best of advantage, and her friends were proud of her.

That staunch republican E. Fink, has received a letter signed by Bryan trying to unsettle his belief in the republican party. We presume others have too. Mr. Fink is indignant about the matter. His memory goes back to 1840 and he knows by experience what democratic times are. The circular which we have before us is a deceitful lie from beginning to end, the plea of a demagogue. It tries to stir up dissatisfaction with the republican ticket because Roosevelt favors it. Mr. Fink stands side by side with Roosevelt in principles and has no more idea of voting the democratic ticket than to cut off his right hand.
