Dr. Wright visited friends in De-
loit last Friday.
Mr. Frank Conrad transacted busi-
ness in Dow City last Friday.

Among the many farmers of Craw-
ford who are reaching out to buy ad-
joining lands is Mr. D. Glau of
Goodrich. Last week he bought a
forty of E. Plough in section 31 of
Goodrich. This gives him 200 acres.
The real estate transfers show that
our prosperous farmers are buying up
land as fast as they can find an owner
who will sell.

Ex-Mayor Rols of Dow City was
at Denison on Saturday. Since go-
ing out of the furniture business
he has been traveling in Kansas
selling a device for use as a fire es-
cape and with good success. Last
week he was in a railroad wreck on
the Santa Fe road just out of
Kansas City. The train he was on,
ran through a passenger train on an
adjoining track, killing some and
injuring others. Mr. Rols helped to
get the injured ones from the wreck,
most thankful that he was not one
of them.

By patronizing home merchants you
are rewarded by always having good
enterprising merchants at home.
Patronize them and they will benefit
you in more ways than one. You
are rewarded by seeing your patron-
age and the patronage of your in-
fluence in building up and maintaining
your own town; patronize home
merchants, home industry and home
enterprises of all kinds in preference
to those of any place. Spend your
money at home with people who have
interest in your town. By doing this
the town is kept up, property is made
more valuable, conveniences are en-

KIRON ITEMS

Chas. Dolk, who left Kiron on
Wednesday, Oct. 4, for Brownsville,
Texas, where he went to investigate
the Chas. Palm death affair, being
sent by relatives here, who have spar-
ed neither time nor money to get the
exact facts in the matter. Leaving
here on Wednesday noon he reached
his destination on Saturday night and
spent Sunday and Monday securing
information and evidences which
proved to be exactly as was reported
in the Daily Herald published at
Brownsville and which account was
published in Review. The peculiar
wind and cloudburst storm in which
he was killed was only about a mile
and a half long and about one block
wide and the only building that was
demolished was the one in which Chas.
slept, and he was the only person kill-
ed. Chas. had not moved on to his
place at the time and was staying
with a Mr. Antzell, who was the
owner of the box house that was
demolished by the storm. The storm
struck the house a little after mid-
night and completely wrecked it and
Chas. was killed outright while Mr.
Antzell was knocked insensible, and
in coming to, called out to Palm, but
received no answer and upon looking
around saw Charlie in the debris and
water dead. The house was a box
house 16x22 and nothing but splinters,
now mostly under water and mud is
to be seen of it. Dolk worked among
the debris and mud and water to re-
cover as much as possible of Palm's
things and succeeded as far as is
known in finding his belongings with
the exception of his vest and watch
which were buried under the debris
and water and Dolk was unable to
find. He made a careful investiga-
tion and interviewed all those who
had any dealings with Palm before
he died and who were in any way con-
nected in caring for him after his
death, and secured satisfactory evi-
dence that all was in accordance with
the report sent to Kiron. Chas. had
quite a trip traveling over 3,600 miles
and saw considerable country.

Alfred Nordholm writes from Hecla,
S. D., to relatives at Kiron that he
has just finished threshing his flax of
which he had some over fifty acres
getting 858 bushel, which is selling
at \$1.26 per bushel. Alfred has done
well this summer in Dakota and his
numerous Kiron friends are pleased
to learn of it. The Review keeps
him and his family posted on the
Crawford county doings.

work with his new outfit.

on Friday for several points through-
out Nebraska.

Street Commissioner E. Miller
with crew together with the section
crew has been at work the past week
putting in a railroad crossing on Or-
chard street. This crossing Supt.
Brown of this division consented to
have put in provided the town
would pay the expense, which they
will do as it will save hauling giving
a better road to and from the tracks.
The present haul from depot with
loads up the hill makes it very hard
and especially in muddy times.
The mayor of our town took the mat-
ter up with Supt. Brown with success-
ful results.

Mrs. Fred Benson arrived from
Thurston, Neb., last Wednesday to
visit friends and relatives. Fred
came Sunday and they will remain
over Thanksgiving. Fred has a
good barber business in Nebraska
and they are very contented with
their new quarters.

Mrs. Helen Johnston of Denison
is enjoying this week visiting with
her numerous Kiron friends and
relatives.

Mrs. Fred Benson and Mrs. A. C.
Benson visited at their parental home
and with friends at Ricketts between
train hours Wednesday.

Mrs. O. E. and Mrs. E. E. Claus-
on and children spent Saturday fore-
noon in our neighboring town, Schles-
wig.

The quarantine was raised from
the Louis Larson home south of town
last Wednesday. The little girl,
who had the scarlet fever is again
well, after a six weeks' confinement.
It feels good for them to again min-
gle with the world.

C. O. Johnson and John Lind from
Newman's Grove, Neb., are visiting
their Kiron and Arthur relatives this
week.

Enoch Lingren and family from
near Arthur autoed to Kiron Friday
to do some trading. Well it does
beat all how the farmers are prosper-
ing and surely they deserve it.

Kiron's merchants are preparing
for a great holiday trade. They are
stocking up their stores with the
choicest and latest goods of depend-
able qualities and which they intend
to move at as low figures as it is pos-
sible to sell them.

Mr. A. Norelius and Hans Buller,
the two Old Kiron's respected pion-
eers, went to Denison Thursday on
the noon passenger, returning Friday
morning. As it has been some
eleven years ago since Mr. Buller
saw Denison he found many re-
markable changes had taken place.

Alfred Larson went to Wall Lake
Saturday evening for an over Sunday
visit with his sister and her husband,
Mr. and Mrs. R. Morgan.

The meetings held by Evangelist
Chas. Croft have been well attended
and with good interests and has re-
sulted in much good both for edifica-
tion of the christian and the salvation
of sinners. His brother, John, of
Sioux City is expected here this week
to help him, and the meetings con-
tinues all week over Sunday. The
song service will be led by a good
singer from Sioux City.

Kiron is to have what has long been
needed and what will be of great
value and educational uplift to the
entire community—a library. A fine
and suitable room has been arranged
for the same in the new Baptist

church and a splendid stock of clean
and moral books and magazines will
be put in. A number of books and
magazines have already been donated.
The furniture for the library has
been donated by the young men of
Kiron. This new acquisition to our
prosperous and progressing town is
greeted a hearty welcome, and the
influence of this worthy cause will
be for a great deal of good. As the
young people of the church have
started the same it will bear the
name of the Baptist Young People

Winey's china wedding. It was a
complete surprise as the anniversary
had passed by. The bride wore for
the ceremony the bridal dress of 20
years ago and James McKim knew
just how to tie the knot properly for
twenty years more. After the cere-
mony the ladies serenaded them.
At midnight a lovely lap supper was
served and then the company sang at
