The Baptist Sunday School of Denison has decided to leave the International lesson system and take up the Blakely series. Both systems consider at this time lessons in the first chapters of Acts. What is the matter with Denison devoting the balance on hand in the Frisco fund to the relief of the poor homeless ones in Italy made destitute by an earthquake disaster much greater than that which befell the American city? With the money already raised, Denison could have the credit of being one of the very first to respond. The need is great and humanity should extend beyond the borders of one's country at such a time. All those in favor of the motion say "AYE."

We greatly regret that the paragraph we had written concerning the death of the little daughter of Mr. and Mrs. Harold Van Winkle of Council Bluffs was misplaced last week and omitted from the paper. The little six months old daughter died in Council Bluffs after a severe illness of two months during which time the agonized parents did their utmost to save the tiny life. The funeral services were held in Council Bluffs and interment was made at Denison. No one can sympathize more deeply with them in their affliction than can we, and we hope that the Everlasting Arms will support them in the grief.
