DENISON, IOWA, WEDNESDAY, MARCH 17, 1909.

No. 11

## SALOONS HAVE HARD SLEDDING

IOWA LEGISLATURE PASSES MANY RESTRICTIVE LAWS.

## WHITING IS FOR PROHIBITION

Democratic Senator From This District Delights Prohibition Leaders Throughout The State.

According to the reports from Des Moines the saloons are to have mighty hard sledding hereafter. Not only is the resolution for a constitutional amendment very apt to pass the Senate, as it has already passed the House, but many other restrictive acts have been or will be passed.

Among the restrictive acts are those forbidding the serving of any lunch, free or otherwise, the running of a saloon within 300 feet of a school house, the running of a saloon or the owning of a saloon by other than a qualified voter of the precinct in which the saloon is run.

The law providing for the ousting of county sheriffs and county attorneys who do not enforce the prohibitory and mulct laws is a stringent one, although not so much so, as when first proposed by Attorney General Byers. The law that will have the greatest effect upon the saloons of this county is that which provides that there shall, hereafter, be but one saloon for each 1000 inhabitants.

This would mean one or two less saloons in Denison, while in the other towns of the county not more than one saloon could operate. This would become effective as the time of existing permits expired. The question which would agitate the saloon men would then be, which saloon should survive. We can imagine that this would create much hard feeling and would virtually amount to each town electing its saloon keeper.

Senator Whiting of this district is one of the ardent temperance reformers and the fact that he is a democrat has made his work for temperance legislation all the more effective. He was the only democrat in the Sen-

ate, we think, who voted to refer the constitutional amendment resolution to a friendly committee. His action will come as a surprise to many who worked hard for him at the polls, but it is no surprise to the democratic leaders as Mr. Whiting's prohibition record has been consistent and was well known to the democratic managers of this county when he was a candidate.

If we are to have prohibition the Review hopes that the law will be of such nature that it can be rigidly enforced, for almost any system of license and regulation is better than the free-for-all boot-legging which this county witnessed in the old prohibition days.

The Misses Merrill, Romans, and Williams returned Monday from a couple day's sightseeing in Council Bluffs and Omaha.

85c to \$1.25 belt buckles and hat pins going at E. C. Chamberlin's, the jeweler, Saturday, March 20, 1909, for 50 cents.

50 cents for your choice hat pins and belt buckles worth 85 cents to \$1.25 at E. C. Chamberlin's, the jeweler. See show windows.

The Domestic Science course at the Carnegie club rooms is proving very successful. The attendance is good and the Federation will easily pay out on the project. The lectures and demonstrations are fine and very practical and those who attend are getting much more than their money's worth.

Deloit furnished what at first promised to be a sensation this week, but fortunately it has simmered down to a family row. A fifteen year old girl left her home, came to Denison, travelled about the county, slept in the Northwestern station over night, walked out into the country in search of work, was brought back to Denison by the police and later returned to her Deloit home. A young man was implicated at first on the charge of having enticed her from her home, but this charge was withdrawn. Deloit has a whole lot of good people, but there are a few who seem bent on giving the town the reputation which it is alleged Mr. Nestlebusch said it deserved. Deloit's good people ought to get busy.

## LIVELY SESSION BOARD OF HEALTH

BOARD OF HEALTH CANNOT AGREE ON WHO SHALL TREAT QUARANTINE CASES.

## MAYOR COULD NOT VOTE

Councilman L. M. Coon Grows Angry Over What He Claims is an Attempt to Favor Certain Physicians.

The council sat as a board of health on Monday evening and such was the war of words that adjournment did not take place until near midnight. Councilman Green was not present and Councilman Mark Wright became tired of the discussion and went home. This left Mayor Rollins and councilmen Coon, Tucker, Eggers and Holst to continue the debate over whether Doctors Carr & Brammer should have pay for treating a certain diphtheria quarantine case.

Doctor's bills in quarantine cases are always a bone of contention. In some cases the charges seem high and the bills very large. About two years ago the local Board of Health was confronted with big bills and to keep matters in control it was decided that Dr. Boyle should be the only doctor authorized to treat patients in quarantine cases where the county must pay the bills. He was to be paid \$1.50 for each visit. The other doctors complained about this bitterly offering to treat their own patients when quarantined and asking the \$1.50 per visit. The Board of Health would not rescind its action. Thus matters stood until recently.

On Monday night the bills of Carr & Brammer was presented and the mayor said he had authorized that these physicians treat the certain patients who had the diphtheria. Councilman Coon who is a physician, and who had championed long before he was on the council the right for every doctor to keep his patients in cases under quarantine, began talk in opposition to allowing the bill. He charged Mayor Rollins with changing his policy and favoring one firm over

another. Then the fun began and the end is not yet. The bill was put on its passage. Holst, Eggers and Tucker voted "Yes" and Coon "No." The mayor wanted to vote in favor and asked the city attorney, Mr. Walker, whether his vote would carry the motion. Mr. Walker gave it as his opinion that the mayor could not vote. Councilman Wright had gone home and the motion did not receive a majority of the council, and there was no tie vote for the mayor to decide. Councilman Coon insisted that the bill should not pass until a rule was made and understood as to what shall be the policy of the Board of Health in the future. The next regular meeting of the council is the first Monday in April and action on the matter may rest until then, but in the meantime discussion will be hot as to the action of the mayor and the reasons for the opposition of Councilman Coon.

## WOMENS' CLUB GETS BUSY

Probes Into Municipal Affairs And Proposes Remedies For Many Evils.

The Current Events Club held a very interesting program on the 11th of March. The subject was "What can the Federation do for Denison?" and the speakers dwelt especially on what the Current Events Club might do. Mrs. J. B. Romans, Mrs. McConnoughey and Mrs. Geo. Richardson were the leaders of the discussion which were lively and spirited.

A 'Dandelion' day was considered. The thought that it is useless to try to keep your yard free from the pest unless your neighbor will do the same was brought out. The best remedy suggested for these bright but bothersome flowers was to cut them off and pour a little gasoline right in the heart of the plant left in the ground. Dandelions cut out and not burned will be as bad a menace as growing plants. The feasibility of a bounty on dandelions was considered.

The proposition of beautifying Vacant Lots was taken up. The Plan was to secure permission of the owners of these lots, especially those which are plainly visible from the principal streets and have then planted with flowers and shrubbery during the coming summer months, so that they may be a source of pleasure to all. The idea of offering prizes to school children for the finest displays of flowers or vegetables raised by themselves was suggested. It seems that in some towns vacant lots are taken care of at public expense, planted to potatoes or other vegetables which are given to the needy during the winter months.

Everyone present seemed to desire that Denison's streets be kept free from rubbish, tin cans and flying paper even if we do have to have mud.

Bill boards came in for their share of talk and the advisability of city ownership was mentioned.

It was suggested that our little city would seem less rural if we could persuade the boys to drive the cows home from pasture through the back rather than the front streets.

A Rest Room was considered. Last but not least there was something brought up that all good citizens ought surely to aid in securing and that is GOOD ORDER IN THE OPERA HOUSE, CITY HALL, etc. Any entertainment that is worth attending deserves a respectful quiet audience and Denison should see that it has it.

## HIS CHURCH PROSPERITY

Warsaw, Illinois, Paper Tells of Successful Pastorale of Rev. A. G. Martyn.

The Warsaw (Ill.) "Bulletin" in a recent issue has the following news item as to the work of Rev. A. G. Martyn, for a number of years pastor at Denison:

"The First Presbyterian church of this city of which Rev. A. G. Martyn is the pastor, held a very impressive service and jubilee day on last Sabbath, when the pastor publicly welcomed into the fellowship of the church, 36 new members, baptizing a number of them. The congregation has been greatly built up under the present ministry, until it is probably the most numerous in the city, having a very large and splendidly organized Sabbath school and Christian Endeavor society and a host of young people in the membership, while every department is flourishing.

As it well known, it is the home church of President Lincoln's private secretary, Col. John Hay, and his sister is one of its main workers.

## SCHLUMBERGER IS A CANDIDATE

DENISON MAN ASKS APPOINTMENT ON PHARMACY BOARD.

## HAS SPLENDID ENDORSEMENTS

Governor's House Cleaning May be Beneficial To Prominent Denison Druggist.

Governor Carroll has started to redeem his promise to insist upon economy in the state government. Goss, the democratic member of the state pharmacy board has resigned under fire for bringing in per diem for every day in the year, whether he worked or not and it is to be hoped that the Governor will next get the scalp of that political scavenger, Bert Keltz, who has devoted nearly all his time to politics and with whom the work of his office has been a mere joke.

The resignation of the democratic member of the board leaves a vacancy and the friends of Mr. Philip A. Schlumberger are urging the Governor to appoint the Denison man. As usual Mr. Schlumberger is being endorsed by the business men of Denison, in the good old Denison way, without regard to politics. Democrats and republicans are vying in their support. Mr. Schlumberger is an expert chemist and a fine business man and an excellent citizen. If appointed he would fill the office acceptably to all the people. He would be honest and fair and would not attempt to turn the office into a political machine. It gives us pleasure to endorse Mr. Schlumberger's candidacy.

## Denison Educational Meeting.

The teachers, patrons, and school officers of the Denison district of the County Teachers' Association will hold a meeting next Saturday afternoon at the central school building. All are invited. The program is as follows:

- Reading Symposium:
- a The Use of Phonics—Miss Ruth Clark.
  - b The Value of Expression Cards—Miss Susie Craft.
  - c Suggestions for Advanced Classes—Miss Porter.
- General Discussion.

## The Greatest Needs of Our Schools:

- a From a Rural Standpoint—Theo. Blume.
- b From a City Standpoint—G. L. Caswell.
- c From the General Standpoint—W. C. VanNess.

We have 10 pounds of Dark Sweet Burley tobacco in one pound tins, per pound while it lasts 40 cents. J. B. Lyon.

## IDEALS OF THE PLAINS

Remarkable Lecture on Abraham Lincoln Delivered on Monday Evening.

With this for his subject Rev. Hughet of Galesburg, Ill., on Monday night delivered a magnificent lecture before a good audience at the Denison opera house. His thoughts centered about the gigantic figure of Abraham Lincoln and in a striking manner he portrayed the great emancipator as a product of the plains where the truly great characters are developed. He took up separately the five most notable speeches of his hero and called attention to the special merits of each, quoting liberally from the poets who have voiced the sentiments of the nation in writing of the most noble Lincoln. Rev. Hughet gave evidence of being a great platform orator and those who failed to hear him missed a great treat. The speaker is a brother of our esteemed townswoman, Mrs. M. A. Penney, and in paying tribute to the brave characters of the plains he spoke touchingly of her bravery and ability in helping his widowed mother bring up the little brothers. We hope that Denison may be favored with another of Rev. Hughet's lectures.

A nice line of toilet soap at The Racket Store.

The Queen Esther Circle will give a novel entertainment next Wednesday evening in the McKim hall. The Kitchen Symphony will be given together with many other novel numbers. Booths will be arranged for a college course and refreshments will be served. Price for entertainment only 15 cents. Remember the time and place, McKim Hall next Wednesday.

Miss Ida E. Servoss, the popular chief operator at the Iowa Telephone Company's exchange in this city, has resigned her position with the company, preparatory to accepting another position, but of an unlike character. We have been told the young man is a druggist at Woodbine, Iowa, and it will happen some time in April.

Miss Anne Hookey represented the schools of Denison at the Declamatory contest held at Sheldon last Friday night. Prof. E. W. Fellows who accompanied her states that she did excellently although she did not win a prize. Miss Hookey was greatly handicapped by being obliged to memorize a new selection in the oratorical class, a style of declamation in which she is not at her best. Had the Denison contest been held in time this year so that Miss Hookey could have entered in the dramatic class the result would, in our opinion, have been much different. Miss Hookey takes it philosophically however, and says the decision of the judges was all right.

## MOST ANY COLOR SO LONG AS IT'S GREEN

Is the style this spring. Our COLLEGIAN SUITS show all the beautiful new colorings and styles, and there is no good reason why a Denisonite should not be as nobly dressed as a New Yorker.

In Style, Quality, Fit and Fashion, we are not five Minutes from Broadway.

## Our First Season for Spring and Summer Suits

This is the best possible guarantee that ALL our suits are just new from the factory—The colorings will please you. In all worsteds and cassimirs. THE NOVELTY SUITS for young men—fancy cuffs, flaps on pockets, 3 inch turn-ups on trousers and welt seam down the side.

## FOR OLDER MEN--

A line rich in style and color, but more conservative in cut.

## THE BOYS--

Will like the way our suits are cut, and the mothers the way they are priced. Styles are new, the best fabrics, latest cuts,

sturdiest sewing, most careful finish. TOP COATS in Red, and Light Tan, are the very latest for the boys.

## HABERDASHERY--

The season's novelties and beauties in recognized standard makes. Stetson hats, Hole-proof Sox, the most elegant line of Gents' Furnishings ever shown in Crawford County.

# Empire Clothing Co.,

TWO DOORS NORTH OF P. O.

*The name is perforated  
in the margin*

You can only see it by taking the shade in your hands—but it means much to you.

## Brenlin means a relief

Pat. 1906. Trade-mark Registered.

from shades that "crack," that wrinkle, that "show shadows" and let in a glare.

Ordinary shades crack because they are made of a loose material, filled and stiffened with chalk. The breaking and dropping of this chalk makes the holes and streaks in the shades you see.

## Brenlin stands for

Pat. 1906. Trade-mark Registered.

a shade made of a closely-woven, supple material without filling of any kind; a shade that gives just the light you want—that really shades.

It comes in not only all colors, but several tones of each color; and in Brenlin Duplex, dark one side light the other.

Come to us if you want an unusually long-wearing, good-looking shade. You'll like Brenlin.

## The Palle-Brodersen Co.

DENISON, IOWA.
