SOME SOCIAL NOTES.

Mrs. Dr. Philbrook paid honor to St. Patrick as well as a charming courtesy to the guest of honor, Mrs. Watson, by giving a bridge whist on last Tuesday night. Refreshments were served the guests seated at five tables by Mrs. Philbrook and Miss Gena Hart. Cunning little hats filled with bonbons as green as the Emerald Isle were used as favors. St. Patrick's pet aversion snakes were twined around the sugar bowls while tiny green flags were also reminders of the day and patron saint. Mrs. Jenson captured high score prize, a bon bon box representing a rabbit on a large potato. Mr. Hugo Gebert carried off the prize for the gentlemen. It was a very delightful party and jolly in the extreme.

Mrs. Naeve's accomplishments in entertaining seem to be inherited by her daughter, Miss Marie Naeve, for it would be difficult to think of a prettier table effect than the going away party given by Miss Naeve for Miss Balle last Wednesday. Beautiful cluny lace doilies laid on the polished table were used. Upon an oval mirror was placed a miniature ocean grayhound bearing the name of Miss Balle's steamer. The mirror was wreathed in green with tiny seashells gleaming among the green. The place cards were postals that were given to Miss Balle with instructions to send one to each guest, to be written while she is on the briny deep. Little globes were filled with candy and suspended from a tripod of opera sticks. A chafing dish supper was served that was both elaborate and delicious. Bonbons in the forms of crabs, seashells and lobsters were served with the last course. A game, each word having "green" in it was played, Mrs. J. E. Balle winning an artistic bit of green pottery as the prize. Miss Balle and her friends will remember with great pleasure this beautiful "Bon Voyage" party of Miss Naeve's.

The April Ladies' Home Journal contains a sketch from the clever pen of Mrs. Una Nixon Hopkins, a Denison girl, who has so versatile and artistic nature that she has won renown as a writer, designer of beautiful homes and house decorator. To her friends her wide sympathy and faithful friendship is perhaps most to be prized, but Denison is very proud and interested in this talented daughter of hers.

Carl Frederick Kuehnle entertained the Improvement Club at his home on Friday evening. This is the youngest club in Denison, but despite its youth and the youthfulness of its members one of the liveliest in the city. Supper was served at a long table, seventeen being seated. The table was decorated with silver can-

Scott's Emulsion

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it. Second—Because, if the children are delicate and sickly, it will make them strong and well. Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength. Fourth—Because it is the standard remedy in all throat and lung affections. No household should be without it. Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World." SCOTT & BOWNE, 409 Pearl St., New York.

You needn't be afraid.

One day a lady who had been reared in the careful luxury of the old-fashioned Virginia home was invited to visit the kitchen of a great Chicago hotel. She wanted to go, but was afraid. When asked why, she replied, "I'm afraid I'll see something that will forever destroy my appetite for hotel food." She went, and found everything delightfully clean. Good housewives consider cleanliness and purity first of all; that's why Quaker Oats is their choice among all oatmeals. In making Quaker Oats the grain is sifted and resifted, passing through more than fifty processes of cleaning before it is cooked and rolled. If you took a handful of oats and scrubbed and polished and wiped each separate grain, it wouldn't then be nearly as clean as Quaker Oats. No human hand ever touches a single grain of Quaker Oats from the field to your kitchen. The best advice on foods you could have is: Eat Quaker Oats every morning for breakfast. This wonderful food is sold in three kinds of packages. The regular package at 10c. The large size family package at 25c, and the large size family package containing a fine piece of table china at 30c.
