**THE COMPULSORY DRAG BILL**

New Road Law in Interest of Better Roads—Rural Carriers and Autoists Delighted.

Guthrie Center Guthrian: What is known as the compulsory drag bill has passed both houses of the legislature and became a law last Saturday. The bill repeals the present drag law and eliminates all of its objectionable features. Its principal provisions are:

- 1st. It requires rather than permits township trustees to drag all main traveled roads including all rural mail routes.
- 2nd. Trustees shall pay not to exceed fifty cents per mile for each mile actually traveled in dragging—the old limit of five dollars per mile being entirely wiped out—and there is no limit under the law now except as noted above.
- 3rd. Requires the city councils of cities and incorporated towns to cause the main traveled roads within the corporate limits leading into the city or town to be dragged regularly and systematically.
- 4th. It shall be unlawful for any person to drive, ride, or cause to be driven a vehicle of any description on or upon the south half of any east and west highway or the east half of a north and south highway after the same has been dragged and before such portion of the highway shall have dried sufficiently to pack under a horse's feet, or frozen hard enough to carry, provided that nothing in this section shall apply to those instances where it is impossible to drive with safety on the west or north side of the road.
- 5th. Provides penalties for violating any provision of the act, first offense, One to Ten Dollars, After offenses, Five to Twenty-Five Dollars.
- 6th. Requires township trustees to contract for dragging at the April meeting, giving preference to abutting land owners. Published notice of place of April meeting should be given when possible.

I have high score R. I. Red eggs for sale. Fifty cents for setting. Mrs. Jas. Trenter. 13-2pd

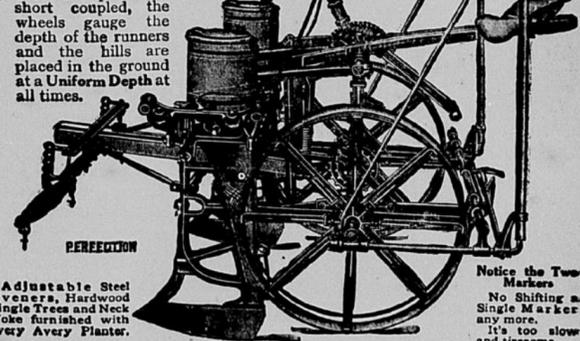

**A Perfect Stand of Corn**

REQUIRES not only a Uniform Drop but a Uniform Depth of Planting as well.

**An Avery "Perfection" Planter**

will insure your having a more perfect stand of corn than any other—because:

1. It has an Improved Drop. Ask about the new side cut-off.
2. Since this planter is short coupled, the wheels gauge the depth of the runners and the hills are placed in the ground at a Uniform Depth at all times.

Adjustable Steel Evers, Hardwood Single Trees and Neck Yoke furnished with every Avery Planter.

Notice the Two Markers. No Shifting a Single Marker any more. It's too slow and tiresome.

This Planter deserves the name "Perfection" because of its many Superior Features not found in any other planter. It's a Genuine Corn Crop Increaser and Labor Saver. Come in and see this New Up-to-Date Planter. Edge Drop or Round Hole Plate Bottoms.
