A Catholic Colony

Benton Ranch in the famous Nueces County, Texas, is to be a CATHOLIC COLONY.

\$1 An Acre for Church and School

C. S. Fowler & Brother write us that the beautiful Benton Ranch, seven miles east of Alice and 12 miles east of "The Old Camad Ranch," is to be built up as a Catholic Colony.

No one will be barred from buying but \$1.00 will be donated for Catholic School and Church purposes for each acre sold.

This will insure Catholic families not only the wonderful advantages of the climate and the soil of the Gulf Coast Region, but the best of opportunity for rearing their families in a religious atmosphere.

This ranch is on the Texas-Mexican railroad at the station of Agna Dulca (Sweet Water).

It is one of the finest bodies of land in the entire Gulf Coast Country. It is practically all open prairie land, level, absolutely free from gravel, rock or shifting sands. The soil is composed of dark sandy loam and black hog wallow, and is of the character of soil that has made the black land belt of Texas famous.

Good water can be obtained any place on this place in inexhaustible quantities.

Benton Ranch Open for Sale

BUCK GROVE ITEMS.

The many friends of Bert Cruise will be sorry to hear that he has met with quite a financial loss upon his claim near Wendt, S. D. One day last week Bert started to town and when about eight miles away he looked back and saw a fire. He recognized the dreaded prairie scourge and that it was in the direction of his claim. He rode back as fast as he could, and by desperate efforts saved his house, but lost his barn, team of horses, harness, wagon, corn and ten tons of hay—in all about four hundred dollars worth. Bert was not the only sufferer as several parties were burned completely out, some who had put up some very fine houses and fine improvements lost them all. Bert intends to brace up and begin over. The land is all there anyway and a piece of Uncle Sam's real estate is a good thing to hold onto.

Dr. Bonney by order of the town council will have to move the bees from off his lots in town. The bees have harmed nobody, but it seems somebody thought they might, and so got up a petition to have them moved. The council very good naturedly found a place for the Doctor to have his apiary on the north edge of town, so last week he erected a honey house and expects to move this week.
