The First National bank makes a specialty of getting out its report to the government on the day of the receipt of the call. It often has to wait a few days for publication, but there is no delay at the bank. As will be seen the government sets some date previous to when the call is issued, so that the banks cannot arrange their books to make a special showing. When the bank examiner comes around he looks to see if the statement corresponds with the books on the date called for. There is no trouble however with the First National at Denison for its affairs are in good shape. The statement published today is signed by the president of the bank himself, W. A. McHenry, the time tried banker of the county.

Pete Eggers the Well-known Horseman Stricken with Cramps and has a Close Call.
Pete Eggers, the well-known horseman was right at death's door this afternoon with an acute attack of cramps. Mr. Eggers is a full-blooded fleshy man, the unseasonable weather affected him severely and he ate a dish of ice cream while he was still super-heated. Very soon thereafter he was taken sick at Laub's barn and for some time his life was despaired of. At this writing he is still weak and exhausted by the pain but he is out of all danger. Pete is too good a man to lose and we are glad that he pulled through so well and quickly.

Many Denison friends will grieve with Mr. and Mrs. A. F. Barber of Charter Oak over the death of their little son this morning. He has been sick for many months but when Mr. Barber was here last he reported that the little one was doing finely. No one can know better than we do what a profound grief has befallen these parents and none can sympathize with them more deeply. Our two little sick chaps met at Sioux City a year ago in search of health and now they have met again well and strong and happy for all eternity. Funeral services will be held at Charter Oak on Friday.
