

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILLY YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

Place the Monument order with us now—Procrastination will mean perhaps the placing of the order when the weather conditions will prohibit the erection of the monument.

Now is the time if you wish to have the stone erected this summer—and to have the work perfectly executed.

Reasonable Prices.

Seasonable Goods in Hardware

The J. B. Romans Co. Denison

Largest dealers in the county. Ever headquarters for all goods in its line.

Lawn Mowers

You cannot have a good lawn with a worn out mower. Do not try it, but get a new one.

GOOD MAKES LOW PRICES.

The Herrick Refrigerators

It tops them all. Built to be clean and sanitary. Be sure to examine it. Price very reasonable.

Gas Stoves

It is positively a sin to have a big hot stove in the house in the summer time when a gas stove can be bought so cheap with us.

Garden Tools in full supply

WILL ORGANIZE BASE BALL TEAM

Arrangements Are Being Made to Secure all Home Players. No Salaries Paid.

[Manning Monitor]

Efforts are being made to organize a base ball team here and the indications are that Manning will be represented by a team of home players that will put up a good contest. We have plenty of good material here and we understand that John Frahm is making arrangements with C. E. Lyden for the use of his pasture for a ball grounds and if these grounds can be secured there is no doubt but what the team will be organized.

In the past Manning has not been satisfied with a strictly all home team but has hired outsiders, paying them a salary, and as a consequence a ball team here has been a losing proposition. This year there will be no paid players but each member of the team will be asked to donate his services and there is no doubt but what the boys will gladly consent to play for the good of the town and the love of the game.

Now a word to the knockers. You were knocking all last year because Manning did not have a team; you are knocking now because they are talking of having a team; you will undoubtedly knock when they get a team; but please do not knock any more than you absolutely have to. Of course we shall expect to hear you knock a little, for it is a habit with you, but remember that the home boys are not professionals but are playing the game in order to uphold the interests of the town and give the fans a chance to see a game at home. If the team is organized make up your minds to boost, not knock.

It has been clearly demonstrated that the people of Manning will turn out for the ball games and if everyone will only boost a little we can have a team that will be a winner. We do not know whether the boys are going to circulate a subscription paper or not, but if they should do not be a tightwad, but dig down in your jeans and loosen up with a dollar or two. It will come back to you with interest and you will never miss it.—Manning Monitor.

RILEY IS MAKING GOOD

Former Crawford County Man is Prospering in South Dakota

Sioux Falls, Press: Your correspondent this week visited R. J. Riley on his farm about six miles east of this city, and while there saw as fine a stand of corn and growth of barley to be seen anywhere in this locality. Mr. Riley is an enterprising farmer, and while he has been on this place only about two years, he has already built a fine commodious dwelling house and everything looks prosperous around the premises.

ORIGINAL NOTICE

IN DISTRICT COURT OF IOWA, IN AND FOR CRAWFORD COUNTY
O. W. PAYNE, Plaintiff,
vs.
Margaret Heath Tiernan, known also as Margaret Heath Leach and the unknown claimants of the North West Quarter (N. W. 1/4) of the North East Quarter (N. E. 1/4) of Section Thirty-Three (33) in Township Eighty-four (84) North Range Thirty-Seven (37) West of the Fifth Principal Meridian in Crawford County, Iowa, Defendants.

To the Above Named Defendants, Margaret Heath Tiernan, known also as Margaret Heath Leach and the unknown claimants of the North West Quarter (N. W. 1/4) of the North East Quarter (N. E. 1/4) of Section Thirty-Three (33) in Township Eighty-four (84) North Range Thirty-Seven (37) West of the Fifth Principal Meridian in Crawford County, Iowa, Defendants.
You, and each of you are hereby notified, that there is now on file in the office of the Clerk of the District Court of Crawford County, Iowa, a petition in equity, by the plaintiff O. W. Payne, alleging that he is the owner in fee simple of the following described real estate situated in Crawford County, Iowa, to wit, the North West Quarter (N. W. 1/4) of the North East Quarter (N. E. 1/4) of Section Thirty-Three (33) in Township Eighty-four (84) North Range Thirty-Seven (37) West of the Fifth Principal Meridian, and that his title is derived from one John Heath, who was the fee simple owner of said land at the date of his death which occurred during the year 1896, he dying intestate and leaving a widow but no issue, his only heirs at law being a brother and three sisters. That through partition proceedings, in an action instituted by the widow of the said John Heath against his heirs at law, in the District Court of Crawford County, Iowa, plaintiff became the owner of said land by purchase and he is now the owner thereof by virtue of the Referee's deed, duly made, approved and delivered to him in said partition proceedings. That the names of the defendants, other than Margaret Heath Tiernan, also known as Margaret Heath Leach, are unknown to plaintiff, and the residence of each and all of the defendants is unknown to plaintiff, notwithstanding he has sought diligently to learn their names and residences. That the defendants herein, as relatives of said John Heath, both as his sister and her husband and as nephews and nieces, of the said John Heath, claim to have an interest amounting to one-eighth interest in said property, and that by reason of the premises, the defendant Margaret Heath Tiernan also known as Margaret Heath Leach, and all unknown claimants herein, have or claim to have some claim upon or interest in said real estate, adverse to the title or interest of this plaintiff, which claim or interest constitutes a cloud upon the plaintiff's title, but in truth and in fact none of said defendants have any interests or claims which are prior and superior to the plaintiff's title and ownership. The plaintiff prays a decree of the Court quieting in him the title to said land as against each and all of the defendants. For particulars see petition now on file.
Now, unless you appear thereto and defend, on or before Noon of the second day of the next term of said District Court, to be held at Denison, Iowa, commencing on the 13th day of September, 1909, default will be entered against you and judgment and decree rendered thereon as prayed in said petition.
CONNOR & LALLY,
Attorneys for Plaintiff.

Upon reading the petition in the above entitled action and inspection of the foregoing original notice, the said notice is hereby approved and ordered published for four consecutive weeks in the Denison Review, a newspaper published and circulated in Crawford County, Iowa. Dated this 5th day of June, 1909.
F. M. POWERS,
District Judge, 16th Jud. Dist. of Iowa
23-4t

WHAT LOCKJAW IS.

Did you know that since the introduction of the toy pistol and giant cracker the number of lives sacrificed yearly in the celebration of the Fourth of July has averaged about four hundred, the greatest mortality being from fireworks used on the Fourth in 1908, when the number tabulated by the Journal of the American Medical Association was four hundred and sixty-six, of which three hundred and sixty-three were from tetanus caused by toy pistols?

When lockjaw, or tetanus, is about to develop, the wound from which the infection has come and which has probably been healing gets irritable, red and tender, and pains shoot up the nerves toward the spine. The first evidence of the seizure is nearly always in the nerves which control the muscles in grinding food and the jaws become rigidly closed; hence the name given to the disease. The muscles of the throat become so sensitive that they resist the passing of food, making it painful and difficult to swallow. The muscles of the face take a fixed position, with lips retracted exposing the teeth; the brow is wrinkled and the eyes stare, giving the countenance a mixed expression of anguish and laughter, producing the "sardonic" expression peculiar to tetanus. The rigidity of the muscles next extends to the body and its extremities and the victim becomes helpless, stiffened. Often the muscles of the back are drawn so tense that the body is bent like a bow, resting on the head and heels. Less frequently it is bent forward or to one side. In the beginning of the attack the rigidity is not constant and does not affect all the groups of muscles equally, and may pass from one to another group with intervals of complete relaxation.

But the spasms become more frequent and severe and are presently excited by the slightest muscular effort. So exquisitely excitable are the nerves that a mere touch, a current of air, the reflection of light from any bright object, will bring on a sudden spasm in all the muscles ordinarily controlled by the will; the face is horribly distorted, the spine bent, and the hands violently clenched and drawn up. So severe is the contraction that muscles are sometimes torn in two. During the convulsion there is a severe pain through the stomach and back. Immediately following the maximum of the paroxysm, the breathing becomes easier and a little fluid may be taken through a tube.

Unfortunately the mind of the sufferer is clear and his senses acute during the attacks. Profuse sweats occur, and the voice is dry, guttural and, at times, unintelligible. Owing to the severe activity of the muscles, lockjaw causes the highest fever ever seen, and the body temperature sometimes rises for an hour or two after death. Finally the boy, your boy, sinks from exhaustion or a severe paroxysm arrests the breathing and death terminates a disease which has the worst terrors of meningitis, strychnine poisoning and hydrophobia, causing an agony hardly to be surpassed by the tortures of a martyrdom, and a distress to the helpless bystander which is unmeasurable in words.—From "The Deadly Toy Pistol," in July Technical World Magazine.

THE DANCE VERY MUCH SWELL

Denison Boys Do Themselves Proud with a Grand June Ball and Supper.

On last Friday evening the young men of Denison gave the Ladies a return dance that will be remembered as one of the finest social balls ever held in Denison. The music was furnished by the six piece Hover-Wheeler Orchestra and was well appreciated. The young men had the Hall decorated in fine shape having cozy corners, hammocks and large, easy chairs in abundance. The hall was one mass of gay colored decorations from the ceiling to the basement. Twenty numbers were on the program with four extras and every one was sorry that there could not be more. Between the sixth and seventh dance, there was intermission while Mrs. Silletto and five young ladies served delightful refreshments, after which the dance was resumed in all its gaiety. Several out of town guests were present and all expressed their appreciation of being present at such a delightful little ball.

Farm for Sale

In the matter of the estate of Christoph Gierstorff, late of Crawford County, deceased.
Notice of Appointment of Administrator.
To Whom It May Concern:
You are hereby notified that on the 2nd day of June, 1909, the undersigned was duly appointed Administrator of the above entitled estate, and all creditors of said estate are notified to file their claims in the office of the Clerk of the District Court, in and for Crawford County, Iowa, within one year from the date of this notice, according to law, and have the same allowed and ordered paid by the said court, or stand forever barred therefrom.
Dated June, 7th, 1909.
AUGUST SCHULTZ,
Administrator.
Connor & Lally, Attorneys. 23-3

BUCK GROVE ITEMS.

Christ Gloe and son, Vertus, returned from a trip to South Dakota Monday evening.

Mrs. George Carpenter was called to Linn County, Iowa, last week to attend the funeral of her brother. She returned home Tuesday morning.

Paul Weatherly left last Tuesday for a visit with friends in Des Moines. Miss Sarah Sewing is visiting her sister, Mrs. Byron McMullen, for a few weeks.

Mollie Griffin was a visitor at the county seat from Tuesday until Wednesday.

Miss May Conner of Denison is a guest at the home of John Griffin and family.

Mrs. Jasper Hain went to Ute Monday to visit with her daughter, Mrs. George Bonesteel and become acquainted with another grandchild.

Mr. and Mrs. Luther Burnside are the happy parents of a little daughter born last Wednesday, June 9th. Bernard Fennigan and John Griffin attended the hop at Manilla Saturday evening.

Charles Clinton, Bernard Finnegan, Mrs. Teresa Sullivan and Miss Nellie Sullivan attended Commencement exercises in Denison. They were caught in the heavy rain but declared they had good time anyway.

Mrs. John Green and children visited from Friday until Sunday afternoon in Denison. Sylvia was away a week. John was hatching it, as he didn't invite any of his friends to dine with him, can't say much about his ability as a cook.

Mrs. Cal Carpenter and children with Mrs. Bonney and Pearl drove to Denison Saturday. They had started home when they saw a storm approaching and drove back to the livery barn just in time to escape a heavy rain which lasted about a half an hour after which they drove home in bright sun light.

Mr. and Mrs. W. L. Morton spent Sunday with relatives in Sioux City.

Our passenger train No. 1 does not stop, unless it is flagged, and as our agent is not now allowed to meet that train, there is a great deal of dissatisfaction among all travellers. Our agent is often censured, but he is not to blame. The order to which he belongs would make it cost him a fine if he works over hours while if the railroad has him work over time, without extra pay it will have a fine to pay. The only way out of the difficulty is for the mayor and the council to take the matter up and request that No. 1 be made to stop and the agent be required to meet it, which can be done as this is an incorporated town, and by the railroad people giving the agent an hour off some other part of the day he can meet No. 1 without breaking any rule. Let us hope that our town council will look into the matter and get it fixed better for the convenience of the traveling public.

Bernice Bonney returned home Sunday evening to spend her summer vacation. Her school near Arion closed Friday.

Word has reached here that Dr. Evans is lying critically ill in a hospital in Sioux City. This is sad news to many in this vicinity for Dr. Evans has been "their old family Doctor" for many years. No hopes are held out for his recovery, but "while there is life there is hope."

160 Acres
3 miles from Vail and 3 1/2 miles from West Side, Iowa, all fenced with good wire and with running water. This has been used for pasture but is in tame grass and would make a good farm.
Also a small house and lot in the town of West Side, Iowa. Inquire of the owner, J. A. LANGAN, 708 N. Y. Life Bldg., Omaha, Neb. 19tf

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.
