Mrs. J. H. Jones visited here a part of last week.

Charley Dempster and wife of Manilla and Mrs. John Vennink of West Side were over Sunday visitors at the Mrs. G. Vennink home here.

**DENISON FIRM SHOWS GROWTH**

**Hill Bros. Monument Works Installs Latest Granite Cutting Machine**

Because the business of the firm warrants it Hill Bros. have recently installed the latest improved machinery for cutting inscriptions in granite and marble. A gasoline engine is used to compress the air by which the cutting machines are run. The air, at a pressure of from sixty to one hundred pounds to the square inch, is conducted through hose and is used to pound upon the chisel with quick powerful strokes. The rapidity and uniformity of the strokes are the salient features of the machine. Hill Bros. have two cutting machines and they can do the work of three men effecting a saving of from fifteen to twenty dollars a week over hand cutting besides doing a better and more even piece of work. The new machine costs the firm about four hundred dollars and its purchase is but another evidence of the good reputation of the firm. The Review editor has found them perfectly reliable both as workmen and as business men. We believe they will not misrepresent their goods, that they will do good work and will charge fair prices only. This is not a paid advertisement but a word of endorsement to which we think Hill Bros. are entitled for their enterprise and fair dealing.

**MR. SCRIVER GOES WEST TO WED**

**Will Marry Friend of Youth in Los Angeles and Return to Denison After a Brief Trip to Seattle.**

The state secret has leaked out that W. J. Scriver, the well known lumber prince of Crawford county, has started for a journey to the Golden West for no less purpose than to wed. The ceremony will take place at Los Angeles. The name of the bride is Miss Nellie O'Connor, and the wedding will be at the home of her niece, Bishop McIntyre, one of the great leaders of the Methodist church will officiate.

The bride to be is a life-long friend of Mr. Scriver and his family. For a number of years she has been a successful teacher in the Chicago public schools. Her coming will be a distinct addition to Denison society and she will receive a cordial welcome from all. Mr. Scriver is one of the big men of Denison and Crawford county. He has successfully managed large business enterprises and he has in every way been a model citizen. There are none in the community who will not join in the congratulations and good wishes which the Review extends.

After the ceremony Mr. and Mrs. Scriver will proceed to Portland and Seattle visiting relatives and taking in the exposition, returning to Denison in July.

**BRAND NEW REAL ESTATE FIRM**

**Cushman and Son is the New Partnership that Promises to Monopolize Denison Real Estate Business**

W. W. Cushman has done the sensible thing and has taken his son, Arthur, into partnership in the real estate business. They will have their office in the Review building and are preparing to make things hum. Mr. Cushman has purchased a new E. M. F. automobile from the Denison Auto Co. This car is similar to those now owned by E. Gulick and A. D. Herrig. Mr. Cushman has sold his horse and buggy and intends to use the new machine in showing lands. Arthur is a bright, attractive young man who will develop into a first-class business man if he puts his mind on it. The new firm has our very best wishes for a successful career.

**MORE TIME CARD CHANGES**

**The Northwestern Puts on a New Local Train No Improvement in Service**

It seems to be a dull day when the Northwestern cannot get out a new time card. The card has been changed for three Sundays in succession. The card at present reads as in another column of the Review with these exceptions:

No. 17 Local from Carroll to Missouri Valley, 7:02 a. m.

No. 18 Local Missouri Valley to Carroll, 7:02 p. m.

No. 6 East Bound, 7:29 p. m.

No. 5 West Bound, 5:00 a. m.

The remainder of the card is as for last week.

The attention of the Review is called to the condition of the grounds on which the West High School building is located. The street on the North side of the grounds, is being put to grade has been excavated, so that the lot is 2 or 3 feet above the street. A row of trees stands near the street and on account of the earth falling away, the trees are liable to be undermined and be injured we think it would be well for the School Board to take notice of the conditions as they exist and to terrace the ground and prevent its caving into the street.
