A very successful reception was given Friday afternoon by Mesdames Van Ness, Penny and Pierce at the home of Mrs. Van Ness. After the long hot walk the ladies were placed with most refreshing refreshments by Miss Leslie Marshall. The parlors were spacious enough to make the large number of callers comfortable there really were, but space made for comfort upon such a hot day. Mesdames Criswell and Laub invited ladies to the dining room, where a safe and sane fourth and a very pretty one as well awaited the guests, flags and bunting were used in profusion, the table flowers were red, white and blue and the favors were flags. Refreshments were served by the Misses Goodrich and Van Ness, the ice cream was red, white and blue and really the only successful celebration of the glorious Fourth in Denison this year was at this reception. Informal visiting and merry chatter made the afternoon glide by swiftly and the ladies felt well repaid for their acceptance of the trio of hostesses' hospitality.

The W. O. T. U. is planning for the comfort of those attending the Chautauqua to have on the grounds a tent fitted up with cots and easy chairs to be used as a rest tent. I may be they will conduct a checking department. If so, a slight fee will be charged for checking, as an attendant would have to be kept at the tent, but the accommodations for resting will be entirely free of charge.

Tattoo their lower lip and chin after marriage. It is their custom to thus make known their state of wedlock. But you don't catch your American beauty disfiguring her attractive face. Rather she adds to her charm and deftly exhibits a golden band on her dainty finger, reinforced with a fiery, sparkling diamond. You get the girl—we have the rings.
