

\$1000.00

For the Best Ears of Corn ACTUALLY GIVEN AWAY No Entry Fee—Nothing to Buy or Sell

Kellogg's Toasted Corn Flakes has and is, doing much for the growers of corn. It has made possible the use of corn as a favorite food at the breakfast tables of the Nation. There is no doubt about this. The enormous amount of corn now used as a daily food must have some effect on market prices. Even though this amounts to only one-half cent increase per bushel—think what it means. In 1908 the corn production of the United States was 2,642,687,000 bushels. One-half cent per bushel would mean \$1,321,343 extra in the pockets of the farmers, due to this increased use of corn as a food.

So you see, we have good reason to be interested in the growth of this great American grain. We want to encourage the farmer in its development, for we use only the best grain—the sweetheart of the corn.

To do this we offer \$1,000.00 for the best ears of corn, grown in this year's crop.

The only condition of this contest is that you send your sample to Prof. B. W. Crossley, Iowa State Agricultural College, Ames, Iowa, on or before January 6th, 1910. We ask you to buy or sell nothing. All we want is the best ears of corn that can be procured. The first best will get the 1st prize, the second best the 2nd prize, and so on through the entire list of prizes.

The contest will be entirely under the able direction of Prof. F. G. Holden, of the Iowa State College, and associates. Prof. Holden will judge the corn and award the \$1,000.00 in gold which is now in his possession. Corn should arrive at Ames by January 6th and will be judged at the Corn Show of the Iowa State College Short Course, January 3 to 15.

Kellogg's Toasted Corn Flakes is by far the most delicious form in which corn has ever been prepared. Its delicious flavor and delightful crispness will surprise you. One trial will make you a Corn Flake eater and a Corn Flake lover. If you have never tried it, ask your grocer for a package today. If he doesn't keep it, send us two two-cent stamps to cover mailing expenses, and we will send you a liberal test package.

KELOGG TOASTED CORN FLAKE CO., Battle Creek, Mich.

The Genuine Corn Flakes has this Signature

W. K. Kellogg

Mary Lawler spent a few days with Mrs. Joe Cuddy.

Miss Jennie Foley is visiting her brother, George, this week.

The Review will pay 24 cents a pound for clean cotton rags.

STATE FAIR VISITORS

Have exceptional opportunity to call on

Dr. O. A. YOUNG

the Great Stomach Specialist.

Dr. Young has made special arrangements for the accommodation of his out of town friends and patients so that he can take care of them during the rush of State Fair week.

Last year the Doctor was compelled to turn away many people, some of them traveling hundreds of miles to see him. This year this will be avoided, as the doctor has so arranged his business that he will be enabled to see all who call and give them his best attention.

Hundreds of people are constantly calling on Dr. Young daily, most of them sufferers of stomach, liver, bowel and gallstone complaints. Many have the good fortune of securing cures at his hands, while a large number have neglected themselves so long that they have become incurable. The incurable cases are frankly informed that nothing can be done for them and their cases are refused. On the other hand, those the doctor accepts leave the office with a light heart, as they know that once the doctor takes their case for treatment, they will receive complete and permanent cure.

The reputation that Dr. Young has received as being the greatest stomach specialist, has extended throughout the entire United States, as the Doctor now has cases under treatment in nearly every state in the Union, also Canada and Mexico. He has thousands of grateful letters from cured patients; he makes no charge for consultation or examination; if he can cure you he will tell you so, if not, he will frankly tell you and refuse to treat you.

He has the largest, most beautiful and best equipped office in the United States. Even if you do not need treatment you should call and inspect his beautiful office rooms, 209-5th Avenue, Des Moines, Iowa.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—“I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound.”

—Mrs. EMMA WILKINSON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

—Mrs. EMMA WILKINSON, Vienna, W. Va.
