Evangelistic services have been held every evening during the past week in the Congregational church, conducted by Rev. W. P. Thurston of Owensboro, Ky., assistant to Dr. Haniken of Chicago. Rev. Thurston's sermons have created considerable interest, and awakened both christians and unbelievers to a sense of their responsibility. Dr. Haniken, and Lauris Mallard, soloist and musical director, arrived on Saturday. The former preached two very powerful sermons on Sunday. His subject in the morning was, "The greatest thing in the world." In the evening before a crowded church, he fearlessly exposed and vigorously denounced the sins of modern society. As soloist and musical director Mr. Mallard is just fine. These men are positively equal to any evangelists in the state. Results so far have been good.

The Eye and Ear Doctor will be at HOTEL DENISON Tuesday September 28

Mr. Bert Steiner, the well known and popular druggist cared of serious Optic Nerve disease by Dr. Weber of Des Moines.

Des Moines, Iowa, April 1, 1903.

I hereby wish to publicly express my appreciation and sincere thanks to Dr. Weber for his marvelous cure of my eyes. My eyes began to trouble me about six months ago. I did not pay much attention to them at first, not thinking that anything serious was the matter. My sight gradually became more dim every day and almost before I realized it everything was cloudy and appeared blurred, and then I knew blindness was coming upon me. I could not recognize people only by their walk and voice. I could not see ordinary print at all and could no longer attend to business as pharmacist.

Something must be done—I was personally acquainted with Dr. Weber and had known of his reputation and skill for years. He made a thorough examination of the inside of my eye and found I had the much dreaded optic nerve disease. Under ordinary methods of treatment this disease is usually considered incurable, but I started treatment by Dr. Weber's new method and my sight gradually returned so that in a few months time I was again enabled to resume my duty as pharmacist and I am thankful to say that Dr. Weber restored my sight and I am able to see perfectly well. I can recommend Dr. Weber to all having eye trouble.

Very truly yours,
BERT STEINER.
