The committee, consisting of Ninas Hunt, C. F. Kuehnle, and G. L. Caswell, to visit Little Sioux on Saturday, to extend an invitation to the Later Day Saints church to hold their next annual meeting at Denison, returned late on Saturday night. They did not succeed in having the church promise to come here, next year, but made such a showing, that assurances were given, that next year the decision will be in favor of Denison, for the coming year. It seems that it has been the custom of the church to hold the meetings, three years in the same place, and Little Sioux has had it but two years and claimed it for the third, with the result that the church decided to meet there next year. We congratulate the committee on presenting the claims of Denison in such a way as to gain assurances for the meeting in 1911.

Pull a Hair Out of Your Head

and take a look at it, that hair is one-half the size in diameter of the little journals of pivots which run your watch, and which revolve in jewels made of ruby or sapphire. We clean these pivots with pith, and the jewels with pointed orangewood. The other parts are washed in gasoline first, then in pure alcohol, and then dried in saw dust. After oiling the works are then as good as new. Our specialty is cleaning watches right.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
