 Some people are saying that Evangelist Ostrom is too severe. That is nonsense. What Denison needs, if it needs anything, is some man that will take it by the collar and seat of the trousers and yank it out of its devilry. No man was ever converted either in religion or politics by a speech that "didn't offend anyone." The Saviour did not take off his hat to the devils that were in the man possessed. He didn't pass the time of day with them, nor tell them they were pretty nice devils after all. He simply ordered them out and drove them into the swine where they belonged. It will be necessary for Rev. Ostrom to peel the hide off of a lot of us before we know we are touched.

 Some people are saying that Evangelist Ostrom is too severe. That is nonsense. What Denison needs, if it needs anything, is some man that will take it by the collar and seat of the trousers and yank it out of its devilry. No man was ever converted either in religion or politics by a speech that "didn't offend anyone." The Saviour did not take off his hat to the devils that were in the man possessed.  Major Big-talk Dalton of Manson blew into Denison this week on a breeze of his own creation. Jack claims to be the original dirigible balloon but Geo. Long tells us that he is not always dirigible.  
 You never saw a man hesitate to run out of the way of a moving train because he was afraid someone would laugh at him. But there are a lot of folks who are risking eternal damnation because they are afraid of a laugh.

 Mr. Daniel Cruise returned recently from a look at his land in Douglas county, S. D., near Armour. He was much pleased at the showing made by his reuter, for he sold his share of the wheat crop so to net him \$4 per acre.  
 Denison friends are pleased to see how well Mrs. J. F. Pfarr is looking after her visit in the east. Mrs. Pfarr suffered such a severe illness last spring that it seems almost miraculous that she is so soon about again apparently in the best of health.

 Mr. and Mrs. A. F. Barber of Charter Oak with their adopted son, LeRoy, spent Tuesday with Denison friends. The little fellow is a beauty, sturdy and strong and pretty as a picture. We are confident that Mr. and Mrs. Barber have made no mistake in taking him into their home and hearts.  
 Mrs. M. J. Purcell of the Paradise was enjoying recently a visit from two nephews, Michael and James Deagan, who live at Bethlehem, Penn. This is in the center of the iron and steel industry and the mountainous scenery contrasted strongly with the prairies of Iowa. They have now returned home.  
 Mr. Mike Magner returned last week from a visit with his brother, Martin, in Raymond, South Dakota. He reports that his brother is doing finely. He said he had no idea of buying land when he went out there but that it looked so good to him that he bought a quarter just for luck. He paid a little over \$48 an acre and feels that he made a good bargain at that.

 Mr. A. J. Gary, was home from Boone, over Sunday, where he is engaged in the performances of a contract for paving the streets of the city. This improvement is an important one, costing in the neighborhood of \$60,000.00. It is said that Mr. Gary's work is entirely satisfactory to the city authorities. We mention the successful prosecution of this undertaking with pride, because Mr. Gary is a resident of Denison, and it is always a pleasure to record the success of one of our citizens. Mr. Gary has certainly enjoyed his share in the prosperity of the country, ever since he voted for Bryan and free silver.

Some of the merchants who put up a big talk about farmers buying their goods at home are requested to remember that Denison has three printing establishments all of whom are prepared to furnish calendars at lower prices than they can be bought of some travelling man. The merchant who sends away for his printing need not come to the Review with his whine about people trading out of town.  
 Quite an unusual service was the sunrise meeting held at the Baptist church on Sunday morning. The bell at 6:00 o'clock broke the slumbers of a good many who did not attend, however. It so happened that the day was the 81st birthday of Mr. Potter, one of our most venerable and respected Christian citizens, and the congregation rose to salute him and to wish him many more years of usefulness in the community.
