Will you read this ad and pay our store a visit for One Hundred Dollars? It's yours if you will and want it?

185,673 Kimball Pianos have been manufactured and sold to musical educated people since the starting of this great factory. The high grade and sweet musical qualities of this piano made this feat possible. \$370.00 was the price we sold the Kimball Piano for, that are now going from our stock at \$250. Did the individual who bought one of these pianos in the past two weeks save One Hundred and Twenty Dollars? Is One Hundred and Twenty Dollars saved One Hundred and Twenty Dollars made? The answers to these questions are up to you.

\$500.00 Pianos \$325.00; \$400.00 \$275.00; \$350.00 Pianos \$225.00; and on down as low as \$50.00.

Ten Pianos from Morningside College, that originally sold for \$300.00, now \$177.00.

Be a hundred point buyer. Do not be satisfied with hearsay, but come to our store and investigate. How many times in life have you missed saving One Hundred Dollars by not doing the right thing at the right time? Just take a few minutes and think over this proposition. If we can save you One Hundred Dollars have we not made you One Hundred Dollars, and if you save One Hundred Dollars are you not a one hundred point buyer? Are you looking after your interests.

**DO YOU THINK**  
our piano prices are cut? Look here.

**W**E are closing out our piano business to make room for the wholesale and retail automobile business, and our loss of profit on these pianos is your gain. There can be no other way to figure. Don't be a "has-been"—be an "is-er!" Do it now!

Our pianos are the kind we bought to establish a reputation. Our stock was immense. We had a great many pianos to sell, have sold a great many, but have a large stock yet. Pianos of the most beautiful design and finish.

In closing out our stock of pianos, we have brought in from rent pianos used by musical professors throughout the city. Pianos that you could hardly tell have been used. All these going at great slaughter sale. We must have the room—the pianos must go!

Terms will be made to close out this mammoth stock to suit the purchaser, by paying a small amount down—say whatever you can spare, and the balance steps off in small monthly, quarter or semi-annual payments. No one desiring an instrument should miss this great sale. Everything must be closed out at the earliest possible moment.

**Phonographs** We have mammoth stock that will be closed out. This stock would not require a great deal of capital, and will be an excellent business for someone. Why not buy this in bulk, taking the whole thing? Come in and look over the books, find that our business is successful, see for yourself that this is a good proposition for you, if you desire to get in a nice clean business with a moderate capital. Certainly the phonograph business offers a rare opportunity. Don't put it off, but come at once.
