You Buy And I'll Buy

Simply buy of your grocer a trial cake of Galvanic Soap for the laundry, price 5c. Then I'll buy for you a full-sized cake of Palmolive Soap never sold for less than 10c—the daintiest toilet and bath soap made—soap that is really delightful.

I do this to introduce Galvanic Laundry Soap. Yet Galvanic Soap is not new and untried. It is an old and true soap.

300,000 Women Use It

I figure that 300,000 housewives now use it every day—use it for laundering and for dish-washing—use it because it is very much better than a merely good soap.

I want you housewives who use merely good soap to know Galvanic—the best—to judge by results which is the best soap.

Galvanic Soap cannot harm the clothes.

I've 36 years' experience crystallized in this soap.

Galvanic makes the clothes cleaner and whiter and goes twice as far as a yellow soap.

No boiling required. No rubbing—except very soiled spots.

Cocconut oil is one reason.

I go 10,349 miles to Ceylon for this oil.

Others won't use it because it's expensive, yet it's immensely effective.

But nothing's too good for those 300,000 who use Galvanic Soap.

They deserve the best, so I make it.

They deserve a big cake for 5c, so I give it. I can afford to make less profit, for they'll always use my soap.

Don't you want to know what they're getting? Don't you want to try this soap?

It's Honest Soap

I'm asking a favor—in asking you to take my word till you try it. That's why I'm going to make the first cake worth while regardless of its own value. I'm going to give you 3 times what you pay for when you buy that first cake.

Don't pay 5c for a merely good laundry soap—soap not one-half so effective. Learn what you save and gain—using Galvanic Soap.

Clip coupon now—while you think of it.
